course work and the course work certified by previous schools in which the student was enrolled, as reflected in the student's records, as if it had been completed at the receiving school. The receiving school or school district must apply all of the student's certified course work toward completion of the student's requirements for graduating from the grade level in which the student is enrolled at the receiving school or school district or for graduation from the receiving school or school district if the student is enrolled in twelfth grade.
