Published for: House Finance
Drafting number: LLS 26-0237

Version: First Revised Note
Date: February 27, 2026

Fiscal note status: This revised fiscal note reflects the introduced bill, as amended by the House Health & Human Services committee.

Summary Information

Overview. The bill requires dementia care facilities to update information disclosure requirements.

Types of impacts. The bill is projected to affect the following areas on an ongoing basis:

- Minimal State Revenue
- Minimal State Expenditures

Appropriations. No appropriation is required.

Table 1
State Fiscal Impacts

Type of Impact	Budget Year FY 2026-27	Out Year FY 2027-28
State Revenue	\$0	\$0
State Expenditures	\$0	\$0
Transferred Funds	\$0	\$0
Change in TABOR Refunds	\$0	\$0
Change in State FTE	0.0 FTE	0.0 FTE

Summary of Legislation

The bill requires dementia care facilities to update information disclosure requirements and authorizes the Department of Public Health and Environment (CDPHE) to accept gifts, grants, and donations to implement the provisions.

By July 1, 2027, the CDPHE must create a dementia care services information form for dementia care facilities to complete and distribute to individuals seeking the facility's services. The form must include, at minimum, the facility's:

- dementia training requirements for staff;
- guidelines for physical and chemical restraint;
- security features and procedures; and
- placement, transfer, and discharge protocols, among others.

By October 1, 2027, facilities must provide the completed form to inquiring parties, update and publish the form at least once every five years with up-to-date information, and maintain the completed form onsite for inspection.

During an inspection of a dementia care facility, the CDPHE must require the facility to produce the current and completed form. Facilities that violate these provisions are subject to an administrative citation.

State Revenue

The bill may increase state revenue to the Assisted Living Residence Cash Fund from gifts, grants, and donations; however, no sources have been identified at this time. Gifts, grants, and donations are exempt from TABOR revenue limits.

State Expenditures

The bill minimally increases state expenditures in the CDPHE to create a dementia care services information form and update facility licensure standards through rulemaking. Given the limited scope of these changes, it is assumed that this workload and any costs associated can be absorbed within existing resources and no change in appropriations is required.

Effective Date

The bill takes effect 90 days following adjournment of the General Assembly sine die, assuming no referendum petition is filed.
