circumstances that is relevant to the protection of a child that is the subject of a child maltreatment case.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Short title.** The short title of this act is the
3 "Colorado Child Advocacy Center Act".

4 **SECTION 2. Legislative declaration.** (1) The general assembly
5 finds that:

6 (a) Children who are victims of child maltreatment and children
7 who witness violent crimes deserve a coordinated, trauma-informed
8 response that prioritizes their safety, well-being, and healing;

9 (b) Child advocacy centers provide a proven, child-focused model
10 for the investigation, treatment, and prosecution of child maltreatment
11 through multidisciplinary collaboration with law enforcement, child
12 protective services, prosecutors, medical and mental health professionals,
13 and victim advocates;

14 (c) Colorado's statutes currently reference child advocacy centers
15 minimally and do not define what constitutes a child advocacy center or
16 its standards of practice;

17 (d) Establishing a clear statutory definition of a child advocacy
18 center and promoting consistent statewide practices will strengthen
19 Colorado's child protection network; and

20 (e) Clarifying confidentiality, information-sharing, and limited
21 immunity provisions for child advocacy center staff will encourage
22 collaboration while protecting children and families.

23 (2) Therefore, the general assembly declares that it is necessary to
24 enact the "Colorado Child Advocacy Center Act" to modernize the
25 statutory framework for children's advocacy centers, ensure statewide

1 consistency, and enhance a coordinated response to child maltreatment.
