foster care subject to available appropriations and specifies that counties are not required to provide financial assistance and supports for non-certified kinship care homes.

Existing law requires the state department of human services to annually report to the joint budget committee on the implementation of non-certified kinship care homes. The bill changes the report's focus to certified kinship care homes. The bill removes consideration of maintaining financial support for a non-certified kinship care home from the reasons that may not be used to delay youth placement permanency planning.
