**TABOR/ Excess State Revenues Impact**

The Joint Budget Committee (JBC) has proposed a budget package for FY 2026-27 based on the March 2026 Office of State Planning and Budgeting (OSP) revenue forecast. The forecast does not anticipate a TABOR surplus liability for FY 2025-26, but does anticipate a surplus liability of \$711.1 million for FY 2026-27 to be refunded to taxpayers out of the General Fund. Legislation that reduces non-exempt revenue (such as cash

funds) will reduce the TABOR refund from the General Fund. This bill is estimated to reduce General Fund revenues by \$355,000 in FY 2026-27 and by \$1.5 million in FY 2027- 28, which will result in a reduction in the TABOR surplus liability of equal amounts.
