EXECUTIVE ORDER

Call for the First Extraordinary Session
of the Seventy-Second General Assembly

Pursuant to the authority vested in the Governor of the State of Colorado, and in particular, pursuant to article IV, section 9 of the Colorado Constitution, and as recognized in article V, section 7, I, Jared Polis, Governor of the State of Colorado, hereby find that the following extraordinary occasions exist to convene the 72nd General Assembly to meet in special session.

I. Background

The Colorado Department of Public Health and Environment's (CDPHE) public health laboratory confirmed the first presumptive positive coronavirus disease 2019 (COVID-19) test result in Colorado on March 5, 2020. I declared a disaster emergency due to the presence of COVID-19 in the State of Colorado on March 11, 2020. Since then, the COVID-19 Pandemic Emergency has cost the lives of over 2,300 of our fellow Coloradans, has strained our public health care system and health care capacity, damaged our economy, and taken a significant toll on our schools and institutions of higher education.

Recent developments in vaccine research are encouraging. We can envision a near future when the COVID-19 Pandemic Emergency is behind us. But while the finish line is in sight, we must continue to protect ourselves and our loved ones from COVID-19. Case counts have steadily climbed through the fall, and it has become clear that we must take extraordinary measures to support Colorado's people and economy. Businesses and families need assistance to get through the challenging winter ahead. To meet this moment, we must make critical investments as soon as possible. Colorado small businesses and families struggling to pay rent and their electric bills cannot afford to wait until the 73rd General Assembly convenes on January 13th, 2021, which is why I am calling this extraordinary session of the General Assembly.

This past fiscal year, the General Assembly passed a responsible budget in a very challenging fiscal environment. Their actions, combined with better than anticipated revenues during the summer months, resulted in surplus funds in the current fiscal year that we can direct to one-time support for businesses and families impacted by the COVID-19 Pandemic Emergency, while also helping to sustain our economy. I am calling this extraordinary session to ask the General Assembly to consider taking action in seven areas:

Small Business

Small businesses, including gyms, restaurants, bars, arts and culture venues, and event-related businesses, such as entertainment venues, have struggled to stay open at lower capacities, making it difficult to pay their staff and rent. While these small businesses saw some recovery over the summer when many were able to provide walk-up and outdoor service, many still struggle due to lack of consumer confidence and COVID-19 restrictions. These challenges will likely increase through the fall and winter months.

1 Child Care

2 The COVID-19 Pandemic Emergency has burdened child care
3 providers, which we know are crucial to building and sustaining a
4 thriving economy by enabling families to work and preparing children for
5 school. Colorado's fragile child care system is strained and vulnerable to
6 a collapse due to the pandemic. Lower enrollment, required changes to
7 ensure student and worker safety consistent with health requirements,
8 staffing issues including quarantine measures consistent with protecting
9 the public health, sporadic closure of the schools, and other impacts of the
10 pandemic are also impacting the child care system. Based on a recent
11 survey, at least 26% of child care facilities in Colorado may close
12 permanently without financial support, due to the pandemic.

13
14 Housing and Direct Assistance

15 Because of the federal Paycheck Protection Program, loans for small
16 businesses, enhanced unemployment benefits, and direct payments to
17 Americans, we have avoided a significant wave of housing evictions and
18 foreclosures. Now, though, the expiration of these programs leaves
19 vulnerable Coloradans at risk of eviction or foreclosure in the coming
20 months. We must mobilize additional resources to allow Coloradans to
21 stay in their homes in the near term and rebuild their lives in the long
22 term.

23
24 Broadband

25 A Colorado Department of Education and Colorado Education
26 Initiative survey demonstrated that 65,860 children lacked stable internet
27 access at home. While many school districts across Colorado are learning
28 in person, the most recent increase in COVID-19 cases has led other
29 school districts, including many Denver metro area school districts, to
30 switch to remote learning. Without broadband or wi-fi hotspots, these
31 students will face significant learning loss that will have implications for
32 their future academic careers and lifetime earnings.

33
34 Food Insecurity

35 Demand for food assistance via food pantries and food banks has
36 increased as a result of the COVID-19 Pandemic Emergency. The
37 demand appears to be correlated with unemployment and furloughs in the
38 service sector, as well as school and camp closures, and is not anticipated
39 to abate in the short-term. Meanwhile, food pantries' food resources were
40 often stretched prior to the pandemic and resulting economic fallout. As
41 dollars available for hunger relief through the Coronavirus Aid, Relief,
42 and Economic Security Act (CARES Act) and Families First Coronavirus
43 Relief Act (FFRCA) end in December 2020, no new federal funding is
44 currently available to replace these funds.

45
46 Utilities Assistance

47 Heading into the winter, many Coloradans are unemployed,
48 underemployed, or unable to find new work. At the same time, these
49 Coloradans may have little to no savings and growing expenses due to the
50 COVID-19 Pandemic Emergency. This segment of the population now
51 qualifies as low-income, and is at risk of being unable to afford their
52 utility bills over the coming months. Energy Outreach Colorado
53 applications are up 25% compared to the same time last year, and funding
54 allocated by the General Assembly during the prior legislative session
55 will be distributed by December 4, 2020.

56

1 Public Health Response

2 As the pandemic has entered its third wave in Colorado, additional
3 funds are needed immediately to continue the State's robust public health
4 response. My budget request set aside funds to ensure the State can
5 continue to protect public health while we await additional federal
6 stimulus and reimbursement from the Federal Emergency Management
7 Agency.

8
9 In the face of federal inaction, Colorado must act now to support small
10 businesses, protect renters and homeowners, support child care providers,
11 and enable students to access remote education. We can make one-time,
12 urgently needed investments now to help these crucial sectors of our
13 economy survive the winter and sustain our economy.

14
15 I urge the General Assembly to act and am defining the appropriate
16 subject matter for legislative consideration herein. The following section
17 describes the purpose and need for the special session.

18
19 II. Purpose and Need

20
21 In the coming months, we will need to focus on suppressing the
22 spread of COVID-19 in our communities to conserve our strained
23 healthcare resources. We recognize that the lack of consumer confidence,
24 the reality of the risky health situation, and compliance with justified
25 public health measures comes at a cost to our business owners, workers,
26 educators, and families. We therefore believe it is right and proper to take
27 all necessary measures to enable our residents to weather the economic
28 and logistical challenges that accompany our mitigation strategies. We are
29 calling on the General Assembly to consider taking action to fund the
30 following support programs to help minimize the disruptions caused by
31 our COVID-19 emergency response:

32
33 A. The General Assembly should consider taking legislative action
34 to provide direct support and emergency tax relief to small businesses
35 impacted by the COVID-19 Pandemic Emergency. This includes but is
36 not limited to an expeditious, direct assistance funding mechanism for
37 small businesses that are operating at a significantly reduced capacity or
38 closed under public health orders. Small businesses, including gyms,
39 restaurants, bars, arts and culture venues, and event-related businesses,
40 such as entertainment venues, have struggled to stay open at lower
41 capacities, making it difficult to pay their staff and rent. The General
42 Assembly should also consider providing tax and administrative relief,
43 including sales tax retention, for certain small businesses, including
44 restaurants and bars. The General Assembly should consider allowing
45 these certain small businesses to retain up to \$2,000 per month of the
46 2.9% gross state sales tax collections they already collect and should
47 allow for the waiver of certain fees associated with the sale of liquor and
48 enforcement and the operation of a restaurant, including retail food
49 establishment licensing fees administered by CDPHE and Colorado
50 Department of Revenue.

51
52 B. The General Assembly should consider taking legislative action
53 to provide housing and rental assistance and direct cash assistance for
54 individuals and families who have been impacted both directly and
55 indirectly by the COVID-19 Pandemic Emergency through existing
56 funding mechanisms such as the Property Owner Preservation program

1 (POP), the Emergency Housing Assistance program (EHAP), the
2 Workers Left Behind Fund (WLBFF), the Housing Counseling Assistance
3 Program (HCAP), homeless youth programs, and direct cash assistance.
4

5 C. The General Assembly should consider taking legislative action
6 to provide monetary assistance to new and existing child care providers
7 through existing funding mechanisms such as sustainability grants for
8 existing child care providers, and support for child care start-up or
9 expansion costs for providers located in child care deserts, demonstrated
10 need, or areas of the State hardest hit by COVID-19.
11

12 D. The General Assembly should consider taking legislative action
13 to expand broadband and wi-fi access for educational purposes, especially
14 for P-12 students and educators.
15

16 E. The General Assembly should consider taking legislative action
17 to provide support for food pantries and food banks so that they can
18 provide assistance for those experiencing food insecurity due to the
19 COVID-19 Pandemic Emergency.
20

21 F. The General Assembly should consider taking legislative action
22 to provide utility assistance to Coloradans experiencing financial hardship
23 due to the COVID-19 Pandemic Emergency.
24

25 G. The General Assembly should consider taking legislative action
26 to appropriate funds to the Disaster Emergency Fund for public health
27 expenses associated with the COVID-19 Pandemic Emergency.
28

29 III. Proclamation 30

31 I, Jared Polis, Governor of the State of Colorado, with this
32 proclamation find extraordinary occasions exist to convene the 72nd
33 General Assembly of this State and summon the members of the 72nd
34 General Assembly to meet in Special Session at 10:00 AM on November
35 30, 2020, at the State Capitol, in the City and County of Denver, and

42 mechanism for small businesses that are at reduced capacity under public
43 health orders including gyms, restaurants, bars, arts and culture venues,
44 and event-related businesses, such as entertainment venues; emergency
45 sales tax relief for public health order-impacted eating and drinking
46 establishments by allowing them to retain up to \$2,000 per month of the
47 2.9% gross state sales tax that they already collect, in order to pay for
48 expenses including employee pay, rent, and overhead; and allowing for
49 the waiver of certain licensing fees associated with sale of liquor and fees
50 associated with the establishment or operation of a retail food
51 establishment.

6 Counseling Assistance Program (HCAP), homeless youth organizations,
7 non-profits, and cash assistance.
8

9 C. Concerning support for existing and new child care providers
10 impacted by the COVID-19 Pandemic Emergency through existing
11 funding mechanisms such as, but not limited to, sustainability grants for
12 existing child care providers and support for child care start-up or
13 expansion costs for providers located in child care deserts or areas of the
14 State hardest hit by COVID-19.
15

24 Pandemic Emergency.
25
