CONCERNING THE CREATION OF THE COLORADO NONPROFIT SECURITY GRANT PROGRAM FOR QUALIFIED NONPROFIT ORGANIZATIONS AT HIGH RISK OF A TERRORIST ATTACK WHO APPLIED FOR BUT DID NOT RECEIVE A GRANT FROM THE FEDERAL NONPROFIT SECURITY GRANT PROGRAM, AND, IN CONNECTION THEREWITH, MAKING AN APPROPRIATION.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. Legislative declaration. (1) The general assembly finds that:

(a) The federal nonprofit security grant program (NSGP) administered by the federal emergency management agency provides funding for physical security enhancements and other security-related

activities to qualified nonprofit organizations that are at high risk of a terrorist attack. These nonprofit organizations, including houses of worship, have been able to apply for funding to protect against these attacks through the federal NSGP, but current funding levels are not sufficient for the demand.

(b) In 2021, 3,361 nonprofit organizations applied to the federal NSGP for a total of \$400 million, but only 1,532 applications were approved, receiving a combined total of \$180 million - the amount budgeted for the federal NSGP. In Colorado, 51 nonprofit organizations applied for a total of \$6,579,875, but only 10 nonprofit organizations were approved, receiving a combined total of \$1,113,774.

(c) From 2019 to 2020, hate crimes in Colorado increased by 22.3% from 279 to 340, the highest number since these statistics were recorded. Nationally, hate crimes increased by 13% from 7,287 to 8,263. Of that amount, 2,433 targeted property, including 292 targeting houses of worship, 228 targeting schools, 108 targeting medical facilities, 33 targeting community centers, and 6 targeting day care facilities.

(d) Extremists with the potential to take violent action pose a high risk to minority communities in Colorado. In November 2019, the federal bureau of investigation foiled an attempted bombing of Temple Emanuel in Pueblo, Colorado. That same month, Denver police apprehended an individual menacing congregants with weapons outside of the Downtown Denver Islamic Center.

(2) Therefore, the general assembly declares it is important for Colorado to create a state-funded nonprofit security grant program to ensure that more Colorado-based nonprofit organizations receive grants to complete potentially life-saving projects that thwart off potential terrorist attacks in the future.

SECTION 2. In Colorado Revised Statutes, add 24-33.5-1622 as follows:

SECTION 3. Appropriation. For the 2022-23 state fiscal year, \$500,000 is appropriated to the department of public safety for use by the division of homeland security and emergency management. This appropriation is from the general fund and is based on an assumption that the division will require an additional 0.9 FTE. To implement this act, the division may use this appropriation for program administration related to the office of preparedness.

SECTION 4. Safety clause. The general assembly hereby finds,

determines, and declares that this act is necessary for the immediate preservation of the public peace, health, or safety.
