1 Speaker Becker addressed the members of the House of Representatives.

2

3 Good morning everyone. Welcome to your Colorado State Capitol.

4

5 It is my distinct pleasure to welcome each and every one of you to the first day
6 of our 2020 legislative session.

7

8 I'd like to first take a moment to greet and thank all of the family members and
9 loved ones gathered here to watch as we continue our work on behalf of the
10 people of Colorado. I know I speak for everyone in this Chamber when I say
11 we appreciate your support — and your patience — as we take on this
12 important work.

13

14 Thank you also to Majority Leader Alec Garnett and to our wonderful
15 Democratic caucus and leadership team. You all are amazing.

16

17 To Minority Leader Neville and the Republican Leadership team — I look
18 forward to working together to find bipartisan solutions to Colorado's most
19 pressing challenges — and hopefully to be done every day by 4:00 p.m.

20

21 While I'm truly excited to see all of my colleagues here today, I'd like to
22 especially extend a warm welcome to Representative Mary Young, who will
23 be starting her first session representing the people of Greeley in the legislature
24 this year.

25

26 I'd also like to take this opportunity to mention someone who is dearly missed
27 by everyone in this chamber, Representative Kimmi Lewis. As everyone who
28 had the pleasure of meeting her knows, Kimmi was a devoted fighter for rural
29 communities and a caring, responsive leader. Her spirit and tenacity will be
30 dearly missed by all this session. I'd like to welcome our newest member,
31 Richard Holtorf, who is the new Representative for House District 64. You, sir,
32 have some big shoes to fill. We look forward to working with you.

33

34 This year, we also lost a true trailblazer and an incredible presence in this
35 building, Speaker Ruben Valdez. The first Latino Speaker of the House in
36 Colorado, Ruben Valdez was an inspirational figure, and a mentor to many.

37

38 I'd also like to recognize the former Speakers in attendance today: Speaker
39 Frank McNulty and Speaker Terrance Carroll.

40

41 Finally, I'd like to recognize former legislators who are present:
42 Representatives Max Tyler, Dave Young, Paul Rosenthal, and Matt Jones.

43

44 Other local elected officials: University of Colorado Regent Leslie Smith,
45 Boulder City Council member Aaron Brockett, Boulder Valley School District
46 Board Vice-chair Kathy Gebhardt, Boulder Valley School District Teacher Tina
47 Mueh, Clear Creek County Commissioner Randy Wheelock, and Boulder
48 County Commissioner Elise Jones.

49

50 Thank you all for being here.

51

52 A year ago, as I welcomed you to the start of the 72nd General Assembly, I
53 wasn't shy about our bold plans to work on behalf of the people of Colorado.

54

55

1 In my speech, I promised that as Speaker, I would work to keep this body
2 focused on investing in our state's bright future, building an economy that
3 works for all, and protecting the Colorado Way of Life.

4
5 As I stood at this podium and accepted the Speaker's gavel, I talked about the
6 obstacles our state faces. I called on all of you to put your ideas, your passion,
7 and your determination to work towards lowering the cost of health care,
8 investing in education, building a fair economy, tackling climate change,
9 combatting homelessness and the housing crisis, confronting the opioid
10 epidemic, and reforming our criminal justice system.

11
12 Your response? One of the most historic, productive sessions in our state's
13 history.

14
15 120 long days flew by as the legislature wrote, discussed, debated 598 bills and
16 4,500 amendments. We passed laws that are moving our state forward and
17 protect the Colorado way of life for years to come.

18
19 We proved that although inaction and gridlock may have the federal
20 government in a headlock, good government is alive and well in the Centennial
21 State. While Washington D.C. gets itself stuck in the mud it's so busy slinging,
22 our state moves forward.

23
24 While some in D.C. are still looking for ways to repeal the Affordable Care Act
25 and strip health care away from millions of Americans, we joined together,
26 Republicans and Democrats, and found innovative ways to save consumers
27 money on health care — like our bipartisan bill to prevent surprise medical bills
28 from costing families thousands.

29
30 As Congress continues its decade-long failure to address the skyrocketing cost
31 of prescription drugs, here at home we passed a first-in-the-nation bipartisan
32 bill to cap the cost of insulin.

33
34 Although it wasn't always easy, we took on some of the biggest challenges our
35 state faces. While the Trump Administration denies scientific consensus on
36 climate change and actively undermines efforts to address it by rolling back
37 environmental protections left and right, we fought hard to protect the air we
38 breathe, the water we drink, the mountains we hike, and the rivers we fish.

39
40 We took a measure to the voters and successfully secured new revenue for our
41 water plan and passed landmark oil and gas reforms to give our communities
42 a say in what goes on in their own backyards. We set our state down a path
43 towards a clean energy future and set bold targets that we intend to meet while
44 keeping our economy and the future of Colorado workers in mind.

45
46 As lawmakers, it is our responsibility to act on behalf of all Coloradans, to
47 strive to address the very real and dire challenges that are facing too many in
48 our state, and to invest in our future. That's what our constituents sent us here
49 to do. I don't know of a single parent in Colorado who doesn't want their
50 children to have a better life than they did.

51
52 At least I know I do — I want Leo and Ryder to grow up in a more just, more
53 compassionate, and more conscientious world. As a mom, that means trying
54 to lead by example and pass on the values that I'd like to see in the world
55 around me.

56

1 In this House, that means working to build an economy that works for all.
2 That's why I was so proud last year when we delivered on equal pay for equal
3 work and created college savings accounts to help families plan for their
4 childrens' future.

5
6 Our effort to build an economy that works for all didn't end there — we
7 strengthened renters' rights and the rights of mobile home park residents and
8 made one of the largest investments in affordable housing in our state's
9 history.

10
11 Despite our state's unique budget constraints, we managed to make significant
12 investments in our future.

13
14 We paid down the budget stabilization factor by \$100 million, boosting
15 investment in our classrooms. We passed a budget that included \$20 million
16 for rural schools and \$22 million for special education programs. And just in
17 case you've never heard Governor Polis speak, I'll have you know we also
18 expanded full-day kindergarten to every school district in our state.

19
20 We did great things last year and truly made a difference in the lives of people
21 in every corner of our state, from the Western Slope to the Front Range and
22 from Southern Colorado to the Eastern Plains. We worked around the
23 clock—literally—on behalf of our constituents because this House belongs to
24 them. We work for the people, and there is more work to be done.

25
26 This year, we will strive to create a more just economy and to make our state
27 affordable for all.

28
29 So as long as there are families facing the harrowing prospect or the cruel
30 reality of homelessness, this House moves forward.

31
32 As long as there are Coloradans making the impossible choice of paying for
33 prescription drugs or paying for groceries, this House moves forward.

34
35 As long as there are teenagers attempting to take their own lives or fearing a
36 school shooting, this House moves forward.

37
38 As long as our schools are underfunded and our classrooms are overcrowded,
39 this House must move our state forward.

40
41 Nationally, this year may go down as one of the most bitter and divisive our
42 nation has ever been through. Obstructionism, corruption, and partisan logjams
43 have driven Washington from bad to worse. And while I remain hopeful that
44 a change will soon come in DC, I invite you to join me in taking matters into
45 our own hands to prove once again that government can still work for the
46 people.

47
48 The interim has flown by, and as we begin this new session, I am asking you
49 to do it all again. Come to this job with fresh ideas for how we can make our
50 state more affordable. Work together with diverse stakeholders on all ends of
51 the political spectrum to find solutions.

52
53 Coloradans need and are demanding a more affordable state and a more just
54 economy. Too many people are not feeling the benefits of our state's growth.
55 That's where our focus should be. Every Coloradan should have the
56 opportunity to share in our state's prosperity.

1 To get there, we'll have to have hard conversations and make difficult
2 decisions, together. We'll need Republicans and Democrats alike to work hard,
3 listen to stakeholders on all sides, and come to the table ready to work. My
4 door is always open, and all ideas that will improve the lives of Coloradans are
5 ready to be considered.
6
7 We will need everyone at the table working to make housing, health care, and
8 higher education more affordable.
9
10 We need everyone at the table working to create a more fair and more rational
11 criminal justice system.
12
13 We need everyone at the table to enhance the rights of state employees to
14 collectively bargain for better pay, better working conditions and benefits.
15
16 We need everyone at the table to promote responsible gun ownership and move
17 forward on gun safety initiatives that have already been adopted on a bipartisan
18 basis in states across the country.
19
20 We need everyone at the table working to heed the call on climate change *and*
21 protect workers and communities impacted by a changing climate and energy
22 economy.
23
24 We need everyone at the table to deliver on our school safety initiatives and
25 increase access to mental health support, especially in our schools.
26
27 I have no doubt in this body's ability to work together and find bipartisan ways
28 to get things done.
29 House members have already reached across the aisle to make sure that we
30 tackle the epidemic of teen nicotine use in our state.
31
32 Last year we promised to deliver on paid family leave. We brought our state
33 closer than it's ever been to guaranteeing that every working Coloradan can
34 take the time off they need to care for a loved one or a newborn without fear of
35 financial ruin.
36
37 The time is now. We need stakeholders on every side of the issue to return to
38 the discussion and work out a paid family leave program that is fiscally
39 sustainable, workable for business, and makes a real difference for working
40 families.
41
42 We'll also need everyone to come back to the table to tackle one of the most
43 pressing issues facing this state — our retirement crisis. Our population is
44 aging and our economy is changing. Forecasts show that 1 in 5 residents will
45 be over 65 by 2050. Meanwhile, more and more people in Colorado are
46 participating in the gig economy and taking nontraditional jobs.
47
48 A modern and flexible economy requires a modern and flexible retirement
49 savings system — and that's what we aim to achieve.
50
51 As we move forward this session, we must keep in mind the unique challenges
52 that our state's fiscal policies present. Colorado is handcuffed by a restrictive
53 and antiquated law that doesn't allow the state to benefit from our booming
54 economy and doesn't let us make the investments we need.
55
56

1 Transparency in our budget is critical so that Coloradans can easily learn about
2 where their dollars go. That's why I'm excited to announce that here in the
3 next few months, a visual, interactive display of the state's budget will be
4 available for the public on the General Assembly website.

5
6 This is a critical step in providing Coloradans with an accurate and accessible
7 picture of our state's finances to increase their trust in how we prioritize these
8 dollars because every single dollar counts.

9
10 Given our state's restrictions, we have to keep in mind that our state's revenue
11 is precious. Every single dollar must be spent wisely. This means being
12 thoughtful about any permanent decisions we make that could have an impact
13 on our state's bottom line.

14
15 Permanent tax cuts that only further inequalities, exacerbate the achievement
16 gap, make our higher ed institutions less competitive, and hinder our ability to
17 meet our already dire transportation needs will not put us on the path to
18 becoming a more prosperous and equitable state.

19
20 How we prioritize within our budget is of vital importance. We need to ensure
21 that all of our dollars are being used in service to key goals.

22
23 While we've made substantial investments in K-12 education funding by
24 paying down the budget stabilization factor, we'll remain focused on ways to
25 bring it down even further and will continue working on longer term school
26 funding solutions.

27
28 This session, we will once again face the challenge of finding new money to
29 invest in our state's transportation system. Over the past few years we've made
30 great strides to make multi-year commitments and find creative ways to set
31 aside a significant amount of funding for transportation.

32 But there is no secret pot of money hiding in the couch cushions; continuing
33 these investments remains a challenging issue.

34
35 If we are going to find actual solutions to invest more in transportation,
36 members on both sides of the aisle will have to bring forward specific solutions
37 that voters haven't already rejected and that are serious attempts at bipartisan
38 solutions.

39
40 Past proposals like unspecified, across the board budget cuts to every
41 department impacting programs from services for the disabled to food
42 inspections to school funding, is not a realistic approach and is not the answer.
43 Cutting Coloradans off Medicaid isn't the answer.

44
45 Members need to show us where they believe this money should come from
46 and make good faith efforts to find common ground. I know this is an issue
47 that every single one of us cares about, and if we're going to make progress, we
48 need to do it together.

49
50 I know we can do this. From criminal justice reform to the great work coming
51 out of the School Safety Interim Committee, we've seen incredible bipartisan
52 progress on important issues.

53
54 We must continue this progress for the people of this state.
55
56

1 Investing in our future will also mean continuing to grapple with a host of
2 difficult health care challenges as we attempt to lower costs and improve access
3 and affordability across our state.
4
5 While we work to keep Colorado healthy and strong, we won't be dissuaded by
6 a small chorus of loud voices who let their fear drive them to ignore the science
7 of vaccines and endanger the lives of others.
8
9 We'll stay strong and move forward on issues that may be difficult but that
10 require our action and attention, like abolishing the death penalty once and for
11 all in our state.
12
13 This session, we will continue our work to lower the cost of prescription drugs
14 — an issue that affects Coloradans from the newborn nursery room to the
15 hospice wing and at every point in between. We can and will increase
16 transparency in drug pricing and address the root causes that have made the
17 costs of prescription drugs soar.
18
19 Our work is cut out for us. As long as we keep in mind who we are working
20 on behalf of, our path forward will remain clear. So join me, bring your best
21 ideas to the table and let's get things done.
22
23 On behalf of every veteran and every family struggling to afford the cost of
24 housing, come to the table.
25
26 On behalf of future generations of Coloradans and their right to enjoy our
27 state's natural treasures just like we have, come to the table.
28
29 On behalf of every young person caught in an unjust criminal justice system,
30 come to the table.
31
32 On behalf of every child in an underfunded classroom in Colorado and on
33 behalf of the teacher working to give those kids the best education possible,
34 come to the table.
35
36 On behalf of every person living with a chronic illness who's rationed their
37 prescription drugs because they couldn't afford the cost, come to the table.
38
39 Come to the table and let's move Colorado forward together — towards
40 prosperity, towards justice, towards progress!
41
42 This will be my last session serving as your colleague and your Speaker. It will
43 be my last session representing the wonderful people of the 13th district under
44 the golden dome.
45
46 And while there's a great deal left to do and a great deal of new memories to
47 make before I close this chapter, I can already tell you that working here with
48 you all has been the honor of a lifetime.
49
50 It is with immense pride that I declare the House open for business for the
51 second regular session of the seventy-second General Assembly of the great
52 State of Colorado.
53
54
55

1 Minority Neville addressed the members of the House of Representatives.
2
3 Let's observe a Moment of silence for Representative Kimmi Lewis of Kim,
4 Colorado and House District 64. Her family is grateful and our caucus is
5 grateful for the kind and classy way all of you, on both sides of this aisle,
6 honored her life.
7
8 Thank you Madam Speaker and Mr. Majority Leader. I'm grateful as well to
9 be able to welcome our new Chief Clerk of the House, Robin Jones. Robin, I
10 know you've worked hard these past months, and we'll do everything we can
11 to ... keep you on your toes and to totally befuddle you. Just kiddin'.
12
13 We make a lot of decisions down here, sometimes we get it right sometimes we
14 get it wrong. One thing I am absolutely certain about, is I made the right
15 decision when I asked my stunningly beautiful wife to marry me. Honey, I
16 couldn't do this job without your gentle loving spirit by my side.
17
18 Madam Speaker, this is the fourth Opening Day speech I've given. It's been
19 an honor to serve as Minority Leader, and I'd like to take a moment to thank
20 my colleagues.
21
22 You and your predecessors are a remarkable group of people. From
23 entrepreneurs to engineers, from ranchers and civil servants to lawyers and
24 pilots, from servicemen and women to businessmen and women, I'm proud to
25 have served alongside you. You are accomplished people, and your
26 constituents are fortunate to have had you, as you are they. You represent
27 Colorado from Grand Junction to Burlington, from Fort Collins to Trinidad.
28 You are the voice of so many people, and I appreciate you.
29
30 Like it or not, here in this room we are all professionals – professional
31 politicians, at least for now. And sometimes I hear the explanation, “it's not
32 personal, it's politics.” Let me confide in you: it's all personal to me. It's
33 personal because I'm blessed to be a husband, and a father of three daughters.
34 I wouldn't be here but for them. Colorado is our home. Many of you have a
35 similar story. And so what we do in this room over the next 120 days matters
36 a lot. It's personal.
37
38 In this room we'll forge political fortunes, but more importantly, the future of
39 our children. In this room, politics matter – but so does principle.
40
41 Government exists to protect life, preserve freedom, and promote justice.
42 People must be free to pursue not just happiness and prosperity, but also
43 wholeness and dignity. In many respects, our laws are the ground rules for this.
44
45 This role of “protecting life” and “preserving freedom” was laid down by our
46 founders. They understood the time would come when life, liberty and other
47 rights would be threatened because our founders understood human nature.
48
49 That also means they recognized the inherent dignity of all persons: the wise,
50 the wellborn and the rich alongside the ones regarded as ‘nobodies’ by the
51 world. Republicans understand this dignity extends to the “most-able” among
52 us; it also extends to those who need our care and protection – including unborn
53 children.
54
55 These are the people we've been sent to represent, and defend, in this
56 remarkable era.

1 We live in a time of unrivaled prosperity. Life is good for a good many people.
2
3 A recent editorial in the Wall Street Journal was entitled, "The 99% get a
4 bigger raise." It explained that employee compensation rose 4.5% in 2017, and
5 5% in 2018. Not just for the rich. The 99%.
6
7 The numbers were even higher in Colorado, with wages and salaries increasing
8 6.1% in 2019.
9
10 Inflation is low, just like unemployment. Minorities are finding work in record
11 numbers.
12
13 Businesses and individuals are optimistic about the future.
14
15 This didn't happen by accident. It was planned. It was predictable, because the
16 same burst of economic energy came when presidents Kennedy and Reagan cut
17 taxes and regulation. Republicans understand that government can't create
18 prosperity; it can only create conditions that enable the imagination and hard
19 work of Americans to be rewarded. Thanks to President Trump, those
20 conditions exist.
21
22 The reverse is also true. A large and money-hungry state government takes the
23 shine off national prosperity. When a government demands more in taxes
24 (whether they're called taxes or fees), workers have less to share with their
25 children, their families, and their communities. Their incentive to work
26 shrinks.
27
28 So in a state like California, a state held hostage to public sector unions and the
29 progressive ideology, there are big problems:
30
31 the highest rate of poverty in the nation;
32
33 the highest rate of homelessness in the nation;
34
35 a large exodus of the middle class;
36
37 a huge wealth gap between the rich and the poor.
38
39 That's not the future we want for Colorado, and judging from recent issue-
40 driven referenda, that's not what most Coloradans want, either. What we want
41 to be is Colorado, proud and free; we do not want to be eastern California.
42
43 In the past five years Colorado taxpayers have handed the government a pay
44 increase (in the form of higher General Fund revenues) that's five times larger
45 than population growth (27%/5.8%). In the recent election voters told the
46 politicians to do their job with the money taxpayers have already provided.
47 Republicans listened.
48
49 I don't know about you, but I come to each legislative session with a certain
50 frame-of-reference. Students in bioethics are taught, "First, do no harm"
51 (echoes of the Hippocratic Oath). That's also a pretty good place for legislators
52 to start. If I can put it another way for us, "First, do no harm to life, or liberty,
53 or the promotion of justice, mercy and prosperity."
54

1 One area where we're not prospering is education. There are many great
2 teachers and schools in Colorado. And every year we're spending more on
3 them.

4
5 Almost 37% of the state's General Fund went to public education in 2018-19.

6
7 According to recent audited figures from the Department of Education
8 (2017-18) Colorado school districts collect nearly \$14,000 per student on
9 average from all sources.

10
11 That works out to \$322,000 a year for a class of 23 students (and \$3.86 million
12 for their 1st-to-12th grade experience). That's a lot of money by anyone's
13 reckoning.

14
15 But many parents know something's not right.

16
17 For example, when it comes to high school science, fewer than 11% of black
18 and Hispanic students "met or exceeded expectations" on the 2018 standardized
19 test (CMAS), while a paltry 35% of white students did. That's not right.

20
21 8.4% and 9.1% of fourth grade black and Hispanic students (respectively) "met
22 or exceeded expectations" on the 2018 CMAS Social Studies exam, yet on the
23 7th grade test, the scores of these groups were 4.5% and 5.3%. In other words,
24 scores got about 50% worse between fourth and seventh grade. That's not
25 right.

26
27 You might have noticed I provided results from 2018. The results from 2019
28 are worse. That's not right.

29
30 Our problem isn't a lack of money. We're spending more than ever.

31
32 It's a lack of imagination when it comes to offering parents and students more
33 choice in education; when it comes to setting the right priorities, when it comes
34 to putting our students first. We need to make it right.

35
36 Some of that is the legislature's fault – we pass laws that require more
37 administrators, when what we really need are more and better teachers. By law
38 we can't set their salaries, but we can provide school districts more discretion
39 to put more money into classrooms.

40
41 It's amazing to me that in a society where we can choose whether to shop
42 online or in stores, can choose from several versions of iPhones, or Galaxies,
43 or whatever, where we have choices about how to receive news, where to watch
44 movies, and a host of other things. We still have people that want to limit our
45 choices in education.

46
47 That's not the way forward.

48
49 It's no secret that children in urban environments face particular challenges
50 when it comes to education. It's also no secret that a great teacher, an effective
51 teacher, can make a huge difference in the lives of those children. Whether it's
52 a gift or a calling, the work they do is important. Far too often these teachers
53 are undervalued, and leave. And their students are the ones to suffer. For that
54 reason, I'll be supporting an education bill to provide a hefty financial
55 supplement to insure that great teachers, doing great work among the under
56 served, are appreciated and rewarded. We need their service.

1 For years teachers have paid for things like notebooks and pens for students out
2 of their own pockets; this year we'll support a bill to cover those costs.
3
4 We'll give rural and underperforming districts more options to create a better
5 future for themselves, one that puts students first.
6
7 And we'll support parents by making the school rating system more transparent
8 for them.
9
10 The vast majority of our caucus has signed up for education bills this year with
11 a twist: to give parents and their students more choice, to prioritize spending
12 and make better choices for our children. To put students and their families
13 first. These are the values Coloradans support because they know our children
14 will benefit.
15
16 Providing more education choice for students and their parents and guardians,
17 and having better spending priorities will not only benefit students, but also our
18 freedom and our democratic process. The ignorant are easily misled. We rely
19 on an educated people, a genuinely educated people.
20
21 When it comes to business, people should know that we don't regard business
22 as the enemy of the people. Businesses are the employers of the people.
23 Businesses are the people. And so we don't believe it's the role of government
24 to pick winners and losers, to take from one group, punish its success, and give
25 to others while calling it 'compassion' and claiming the middleman is
26 "compassionate."
27
28 That approach divides people. It hurts everyone. It divides people into
29 oppressors and victims, when really, we're all in this together.
30
31 Last year, we saw a particularly bad example of one-sided legislation along
32 these lines.
33
34 The Colorado Oil and Gas Conservation Commission has slashed well
35 approvals by 57%, and permits by 58%. Haliburton has announced layoffs, and
36 Petroshare filed for bankruptcy citing changes in our laws. Many other
37 companies are struggling. Meanwhile, outlook for the state economy dropped
38 from 63.4 in third quarter 2018 to 49.6 for third quarter 2019 according to the
39 Denver Business Journal, with business leaders citing the new environmental
40 legislation.
41
42 So what happens when a man or woman loses a good-paying job as a result?
43 Is a child supposed to be consoled that they've helped save the world when
44 mom or dad can't pay the mortgage? When they're forced to leave friends and
45 relocate to another city or state?
46
47 Bad policies have real-world consequences. People get hurt. Families get hurt.
48 It's all so avoidable
49 if we'd just remember, "do no harm."
50
51 When opportunities arise for us to work with Democrats to pass legislation that
52 is good for Colorado and all its people, we'll do it. We're not afraid of working
53 with the other side and giving credit where credit's due.
54
55 But when bad laws are proposed, when life and liberty and justice are
56 threatened – we'll stand up and fight. When we see a legislative car accident

1 coming, when we see policy that's been tried and failed in Colorado or
2 somewhere else, we'll try to stop it.

3
4 Of course it won't be easy. The average citizen doesn't realize that for the past
5 20 years the left has assembled an enormous collection of special interest
6 groups that owe their very existence to the money that Democrats send their
7 way in the form of government grants and the like. The groups have their
8 websites and committee witnesses, and most of the public doesn't understand
9 where these people come from or how they get paid.

10
11 But I ask myself, what about the average man and the average woman? We are
12 committed to be their voice and to fight for their values. And that's what we'll
13 do this session.

14
15 If the rights of parents to safeguard and make decisions about their young
16 child's healthcare are threatened, as they were last year over vaccines, we'll
17 fight it.

18
19 The parents of these children recognize the helpful role played by the Governor
20 in these debates, we hope it will continue.

21
22 If the rights of parents to supervise the sex education of their children are
23 threatened, as they were last year, we'll fight it.

24
25 If the rights of Coloradans to protect their children against criminals with force
26 are threatened by irresponsible or unworkable new gun laws, we'll fight them.

27
28 If a new payroll tax is imposed under the guise of a "fee" to establish a state
29 'family leave' bureaucracy, we'll fight it.

30
31 If free market reforms to healthcare are traded-in for a new, expensive state
32 version of Obamacare, we'll fight it.

33
34 And if families and the poor are forced to pay higher utility costs, more for the
35 vehicles they need and use, and suffer under new environmental regulations
36 based on the flawed vision of Climate Alarmists, we will fight it.

37
38 A lot of what's done here is done under the label of "compassion." I use the
39 word myself. But the fact is, the people of our state are compassionate. They
40 give millions to charities to feed the poor, house the homeless, educate
41 children, help those with addictions and build up faith communities. In
42 addition to the millions they give to charities, Coloradans also enable the state
43 government to care for the least among us, those who cannot care for
44 themselves. For example, every year taxpayers support families with disabled
45 children. It costs tens of thousands of dollars per family, but it's the right thing
46 to do. It's the compassionate thing to do.

47
48 But calling something "compassionate" doesn't make it so.

49
50 It's no compassion to underwrite the slow-motion suicide of our fellow citizens
51 with safe injection sites. Are you kidding me?

52
53 And it's no compassion to endanger Americans by shielding violent alien
54 criminals from federal law. Are you kidding me?

55

1 It would be “compassionate,” or a least very nice, to improve our roads and
2 bridges. To shorten commutes. To give people access to attainable housing
3 outside expensive and sometimes dangerous metro areas. Governor Polis says
4 he’ll spend \$550 million from the General Fund on Transportation.
5 Republicans will gladly work with him on this because it will help everybody.
6 But if Governor Polis can’t get Democrat legislators to support his agenda, or
7 if they propose some bait-and-switch scheme or the sort of new taxes that
8 voters have repeatedly rejected, all Coloradans will suffer.

9
10 Let me conclude with this. In this House, we are committed not merely to
11 political outcomes, but to a process. A process designed to encourage debate
12 and discovery. A process that involves personal relationships – the very
13 opposite of the name-calling we see elsewhere. It’s a place where a man or
14 woman’s word is their bond.

15
16 I appreciate that while Madam Speaker and I don’t often see eye-to-eye, we can
17 look each other in the eye. The Majority Leader and I, though we don’t always
18 see eye-to-eye (mainly because he’s about 2 feet taller than me) ... can look
19 each other in the eye. It is good for this House, and the people, when leaders
20 are true to their word.

21
22 And so I have a suggestion for this session. Above all, “do no harm.” In all we
23 do, let’s protect life, let’s preserve freedom, and let’s promote its benefits for
24 all the people of Colorado. May God bless this House, and this Great State.
25 Thank you.

26
27 Representative Garnett moved that the remarks of Speaker Becker and Minority
28 Leader Neville be printed in the House Journal. There being no objection, the
29 remarks are printed.

23

24 Good morning everyone.

25
26 And a good morning to everyone.

27
28 Speaker Becker,
29 Leader Holbert,
30 Leader Neville,
31 Members of the General Assembly from across our great state,
32 Lieutenant Governor Primavera,
33 Southern Ute Indian Tribal Chairman Christine Sage,
34 Ute Mountain Ute Tribe Chairman Manuel Heart,
35 Councilman Archie House Jr.,
36 Attorney General Phil Weiser,
37 Secretary of State Griswold,
38 Treasurer Young,
39 Members of the State Board of Education,
40 Justices of the Colorado Supreme Court,
41 Aurora Mayor Coffman
42 Members of the Cabinet,
43 Our dedicated First Gentleman Marlon Reis
44 Thank you all for gathering here this morning.

45
46 Before we begin, I want to offer my gratitude to the so many people whose
47 tireless dedication to our safety allows us to gather here today and keeps
48 Coloradans safe: the members of our military serving across Colorado and
49 abroad, and our law enforcement officers, and first responders.

50
51 They deserve our deepest thanks.

52
53 I would also like to honor the memory of those brave Colorado service
54 members and first responders who made the ultimate sacrifice to keep us safe.
55 Some of their families are in the audience today. I would like to ask them to
56 stand, so we can acknowledge the sacrifice that those families have made.

1 We also had a recent loss in this chamber. I want to offer my condolences to
2 the family of the late Representative Kimmi Lewis, who we know represented
3 farmers, and ranchers and her Eastern Plains and Southern Colorado
4 constituents with passionate resolve, and we want to express our dear
5 condolences to the family of Kimmi Lewis.
6
7 And finally, we wish a speedy recovery to another of our own, Senator Lois
8 Court. Her determination, her experience, her quick wit will be sorely missed
9 at the Capitol.
10
11 And finally, as she begins her last year as Speaker, I want to give a special
12 thank you to Speaker KC Becker for her leadership of this chamber. Her
13 passionate dedication to our people and our planet is truly unmatched.
14
15 We know that we are blessed to live in a place as special and amazing as
16 Colorado.
17
18 Our state's breathtaking natural beauty, our strong economy, our optimistic and
19 forward-thinking people, truly make Colorado the envy of the nation, and attract
20 people from all over the world who want to visit us, and sometimes move here,
21 to join us in enjoying that amazing Colorado Way of Life.
22
23 That doesn't happen by accident.
24
25 This success happens because for decades, Coloradans from across the
26 continental divide, across the political divide, have worked together in good
27 faith to find common ground, to protect what keeps Colorado special, and to
28 build an even better state.
29
30 I am grateful that the men and women in this building are continuing in that
31 tradition.
32
33 Working together last year, we lowered health care costs, we lowered taxes for
34 small businesses, we provided more affordable housing, we made the largest
35 ever state investment in transportation, and delivered free Full Day
36 Kindergarten for all!
37
38 That's a pretty darn good start for this General Assembly. On issue after issue,
39 the good-faith and thoughtful and bipartisan work of the members of this
40 chamber really helped move our state forward.
41
42 We should be proud that 95% of the bills that I signed into law last year were
43 passed with Republican and Democratic votes.
44
45 We shouldn't take for granted this cooperative spirit. Instead, we should work
46 to strengthen it.
47
48 Because the notion that we're all in this together is a much better approach to
49 solving problems than ever trying to go it alone.
50
51 When we realize that our fates are interconnected, and that we are better
52 together, we can solve any problem, however large, that we encounter.
53
54 And so we stand here today on the cusp of a new decade: it's the 2020s — The
55 future! — with a renewed spirit to build on the progress that we have made.
56

1 Colorado does a lot of things well — and we need to keep doing those things
2 well.

3
4 After all, Mikaela Shiffrin didn't just hang up her skis after becoming the best
5 women's skier of her generation!

6
7 And I don't think Mallory Pugh or Lindsay Horan stopped showing up to
8 practice after the U.S. Women's National Team won the World Cup!

9
10 No — they continued to strive for greatness, which is really what we all must
11 do.

12
13 Our state has seen tremendous gains in jobs and economic growth, in
14 population and tourism, in national and international prestige.

15
16 And yet when I travel around our state and listen to constituents, and I'm sure
17 it's the same with you and your constituents, it's clear folks still feel that they're
18 on an economic treadmill where paychecks just don't keep up with the
19 increasing cost of living.

20
21 From student loans to health care costs to renter mortgage, Coloradans feel like
22 they are running faster and faster, but often not getting ahead.

23
24 Too many of our fellow Coloradans are anxious that just one hardship — a job
25 loss, a medical emergency, a recession, a natural disaster, or an unforeseen
26 challenge — could send them into a financial tailspin.

27
28 There is a generation of older Coloradans who wonder when or even if they will
29 be able to retire with dignity.

30
31 And there is a generation of younger people, saddled with student debt and
32 threatened by the climate crisis, who fear for their future and the world that
33 they'll inherit.

34
35 And Coloradans wondering, in this ever-changing modern economy, how to get
36 ahead financially while also finding the time to enjoy the things that make life
37 worth living: whether it's a day out exploring our beautiful public lands, or
38 taking a family vacation, or just making it home in time to go to your kids'
39 soccer game. Just a chance to get off that treadmill for a little while.

40
41 Well, with all due respect to the exercise equipment industry, we don't prefer
42 treadmills in Colorado.

43
44 We prefer trails.

45
46 We love and enjoy the climb; striving to reach the peak, identifying the next
47 peak, and doing it all over again, always reaching to achieve more.

48
49 Stagnation just isn't in our DNA. When a challenge arises, we get moving.

50
51 I mean why do you think I wear my blue sneakers everywhere, right?

52
53 This is who we are. It's why we are so successful.

54
55 And so it is our job as public officials to build a state that allows Coloradans to
56 reach the mountaintop and the next mountaintop — by saving families money,

1 by protecting our natural wonders that grace every corner of our state, by
2 widening the pathway to prosperity, instead of leaving too many folks feeling
3 like they're just running in place.

4
5 And that pathway to prosperity often begins with a great education.

6
7 Last year at this podium, I asked you to join me in taking the bold step of
8 providing free full-day kindergarten for every kid in Colorado.

9
10 And you delivered!

11
12 The Lieutenant Governor's granddaughter will be appreciating that soon, she
13 is with us today.

14
15 Thanks to parents, and advocates, and teachers, and dedicated legislators like
16 Representatives Jim Wilson and Barbara McLachlan, and Senators Rhonda
17 Fields and Senator Jeff Bridges, members of the JBC, a unanimous vote in the
18 Senate, a supermajority in the House, we took a really important step to
19 improve our kids' education, to save families money, and to boost our economy.

20
21 And I want to show you what that means. I want to introduce you to someone
22 in the audience today.

23
24 Samantha Hosmer, who is seated in the gallery — if you could rise, Samantha
25 — is a mother of two from Erie, she had to leave her job in 2014 to care for a
26 newborn daughter Fiona and her son Logan, who needs extra support for social
27 and emotional challenges.

28
29 And this past Fall, when it came time to enroll Fiona in Kindergarten, Samantha
30 and her husband knew that a full day at school was important, but it wasn't
31 something that they could afford.

32
33 Thanks to your work on free full-day kindergarten, Fiona is getting that full day
34 of instruction, Samantha's family is not only saving over \$300 a month, but she
35 was also able to return to full-time work as a special ed paraprofessional, able
36 to support her family and two children with more earnings. Thank you,
37 Samantha.

38
39 And now it's time to continue that work.

40
41 Studies show that preschool is every bit as important and critical for a child's
42 development as kindergarten.

43
44 It's not that parents don't want their kids in preschool — It's that too many
45 parents can't afford it.

46
47 Last year we were thrilled to work with you to fund 5,100 additional slots for
48 at-risk children in the Colorado Preschool Program.

49
50 And in my budget this year, we're proposing to help an additional 6,000
51 children attend preschool, which for the first time will bring coverage to half of
52 all eligible Colorado families.

53
54 We should feel good about reaching this milestone. But it has taken more than
55 three decades to get half the job done. We know we must do better, which is
56 why over my first term I'm committed to achieving universal access to quality

1 preschool for 4-year-olds by the end of my first term.

2
3 And early childhood education isn't just about giving our kids a great start in
4 life, although, truly, that is where we start. Every dollar invested in high-quality
5 preschool produces a seven dollar return on investment to taxpayers with higher
6 earnings, lowers special education needs, less dependency on public assistance,
7 and lower crime rates.

8
9 This isn't just the right thing to do, it's really the smart thing to do. And it's
10 time to get it done.

11
12 In addition to making those essential investments in early childhood education,
13 we also worked with you to address other areas of our K-12 education last year.

14
15 We expanded loan forgiveness for rural educators to help address our rural
16 teacher shortage, expanded dropout prevention programs to end the school-to-
17 prison pipeline.

18
19 Last year, we reduced the Budget Stabilization Factor — the debt owed to our
20 schools — by \$100 million, and this year we're calling for an additional \$52
21 million.

22
23 And while we're at it, our teachers, of course one of the most important
24 professions in our society, shouldn't have to work a 2nd or 3rd job just to make
25 ends meet.

26
27 We know that under Colorado's system of local control, individual districts set
28 teacher salaries. But when I speak with school leaders, they want to pay
29 teachers better.

30
31 But because of our fiscal rules, the state spends too much money backfilling
32 some of the wealthiest districts not only in the state, but in the country.

33
34 And that is truly at the root of our school funding issues. Together, we can fix
35 this systemic problem and finally raise pay for our hardworking educators.

36
37 Our work on education is incredibly important. But we can't fulfill our promise
38 of a better future for our kids if we don't do a better job of keeping them safe
39 when they walk through the schoolhouse door.

40
41 One of the most difficult days of my administration personally, for our state of
42 Colorado, was responding to the STEM school shooting in Highlands Ranch.
43 Where eight students were injured, and Kendrick Castillo lost his life heroically
44 preventing more bloodshed.

45
46 Kendrick's parents, John and Maria, are with us today and I want to show our
47 acknowledgment for the heroism of their son. I will never forget visiting with
48 them shortly after the STEM tragedy. John told me how he would spend every
49 weekend together hunting, building robotics, creating memories. He told me
50 Kendrick was more than just his only son — but was his best friend.

51
52 And like millions of parents across our state, and many of us here our parents,
53 I imagined myself in their shoes. And I know that we all did. The disbelief.
54 The devastation. The anger. And the pain.

55
56

1 The despair of losing a child to senseless violence is a weight that too many
2 parents have been forced to bear for too long.
3
4 And I want to commend the school safety interim committee for their bipartisan
5 work on this important issue.
6
7 And I look forward to working with all of you to do more to keep our kids safer,
8 because no parent should ever have to go through what John and Maria have
9 gone through.
10
11 Every child deserves a safe opportunity to learn, to make friends, to create
12 memories, and to grow up and graduate, and move on to a successful life.
13 Thank you for joining us in recognition of your tragic sacrifice John and Maria
14 Castillo.
15
16 Most of the time, but not all of the time, that path to success involves some
17 higher education degree — whether that’s a work certificate, a credential, a two-
18 year degree, a four-year degree, an industry-recognized certificate, an
19 apprenticeship.
20
21 But rising costs are putting higher education out of reach for too many
22 Coloradans. And the burden of student debt isn’t only holding back an entire
23 generation of young people from buying a home or starting families — but it’s
24 holding back our economy as a whole.
25
26 So last year we took action working with you to increase the General Fund
27 investment in higher education by a historic 13%, an increase that we are
28 building on in our new budget.
29
30 Together we expanded concurrent enrollment and dual programs so students
31 can spend less time and less money getting the degree they need to succeed.
32
33 And thanks to new legislation last year, we are putting \$100 into a college
34 savings account for every single Colorado child born or adopted beginning
35 January 1st of this year.
36
37 I want to take a moment to congratulate Jorge Esteban Herrera-Delgado, born
38 at 12:07 a.m. on New Year’s Day in Montrose, and Cecily DiCerbo, born at
39 12:13 a.m. in Summit County. The first two beneficiaries of this new program!
40
41 I also want to congratulate the authors of that proposal — Senate Majority
42 Leader Steve Fenberg, a new dad himself who narrowly missed the deadline for
43 college saving account, and Leslie Herod — and I want to highlight the next
44 affordability effort they are spearheading called “Get On Your Feet” loan
45 forgiveness plan. A program would provide debt relief to Coloradans who
46 graduate from 2- or 4-year degree and our on an income-based repayment
47 program, helping them transition into the workforce often when the need is the
48 greatest.
49
50 This work isn’t just about helping student borrowers get out of the hole — it’s
51 about growing the economy for everyone.
52
53 After graduation day, when the caps and gowns are hanging in the closet, and
54 the diplomas are hanging on the wall, graduates deserve an economy that’s
55 brimming with opportunity to earn a good living.
56

1 We need to keep our economy strong, but also — we need to make sure our
2 economy works for everyone.

3
4 And when I say everyone, that means everyone.

5
6 Because in Colorado, we believe your future shouldn't be pre-determined by the
7 color of your skin, or your parents' income, or your religion, or your age, or
8 your disability status, or where you live in our great state, or where you were
9 born, or who you love, or your gender identity. We mean in a Colorado For All
10 and that means everybody.

11
12 And that's why I was proud to work with you and sign a bill guaranteeing that
13 men and women get paid the same wage for the same work.

14
15 It's why we are proud to support our minority-, women-, and veteran-owned
16 businesses.

17
18 It's why we were excited to open the doors of our brand-new veterans One
19 Source center in Grand Junction several months ago, to increase pay for some
20 of our brave National Guard service members.

21
22 We just deploy 150 to the Balkans last week. I was able to join them in saying
23 farewell to their families for about ten months as they represent Colorado
24 proudly on their peacekeeping work on the Balkans.

25
26 That's also why our administration has expanded apprenticeships to support the
27 next generation of workers.

28
29 It's why we passed bipartisan criminal justice reform measures that help expand
30 opportunities, saving taxpayers money, and I know that I look forward to
31 continue working with you on vital pre-trial reforms to build on that progress.

32
33 And we're proud in Colorado to continue supporting our aerospace industry that
34 bolsters our national defense and creates good, high-paying jobs.

35
36 We're honored to work with tribal leadership, including those represented here
37 today, to expand opportunities in our Native communities.

38
39 It's also why we're investing in every corner of our state: enhancing rural
40 economic development, helping our rural hospitals thrive, investing in rural
41 broadband, supporting the next generation of farmers and ranchers, and keeping
42 Colorado the number one state in the nation for industrial hemp.

43
44 We also look forward to working with you to help folks retire with dignity, and
45 I'm proud to join you in supporting the Colorado Secure Savings Plan Board
46 recommendations, which Treasurer Dave Young has been leading, to help more
47 Coloradans save for a secure retirement.

48
49 And finally, in the face of unprecedented hostility from this White House
50 toward our immigrant and refugee communities, we say loudly and proudly that
51 in Colorado we stand with DREAMers and refugees.

52
53 I was proud to appoint Marissa Molina, the first DREAMer in Colorado history
54 to serve on a state board or commission, to the board of Metropolitan State
55 University, and I'd like to take a moment to recognize Marissa, who is here
56 today. Marissa.

1 In Colorado, we still need the federal government to pass comprehensive,
2 bipartisan immigration reform, and I urge the Supreme Court to do the right
3 thing by the DREAMers.

4
5 But in the meantime, we should acknowledge how aspiring Americans like
6 Marissa are working today to make Colorado even better.

7
8 In Colorado, we don't build walls of exclusion — we build ladders of
9 opportunity for everybody.

10
11 But of course, opportunity is only one side of the coin.

12
13 The other side is affordability. And as our state has grown, so has the cost of
14 living.

15
16 The common thread in our work is to save Coloradans money — whether that's
17 on education, on health care, on utility bills, on housing — and we should do
18 more to save Coloradans money on their taxes too.

19
20 This year, due to a strong economy and a bipartisan deal from 2005, every
21 Coloradan will receive real tax relief as our state income taxes goes down to a
22 historic low of 4.5%. And that's for all taxpayers, that's for individuals, for
23 corporations, and for every small business in our state.

24
25
26 In addition last session, we delivered a tax cut for 144,000 small businesses, our
27 retailers, or mom and pop shops, by cutting wasteful subsidies to big box
28 retailers, and we still had money left over to invest in affordable housing and
29 improving health care.

30
31 I am very enthusiastic about working with you to deliver permanent income tax
32 relief, and we should continue down this path of eliminating tax breaks for
33 special interests so that we can lower the rates for everyone without reducing
34 state revenue.

35
36 A broader base taxed at a lower rate will boost economic growth with the
37 ancillary benefit of preventing the corrosive influence of crony capitalism.

38
39 In the 1960s, President Kennedy delivered a historic tax cut, saying the tax
40 system, "exerts too heavy a drag on growth... siphons out... too large a share
41 of...purchasing power...[and] reduces the financial incentives for personal
42 effort, investment, and risk-taking."

43
44 And in 2010, President Obama directed his economic team towards, "closing
45 loopholes and simplifying income taxes for corporations and individuals... to
46 rid the code of its complex buildup of deductions, credits and exemptions,
47 thereby broadening the base of taxes collected and allowing for lower rates."

48
49 Now first to our credit, our state tax system is much better than the federal one,
50 so let's start with some credit where it's due.

51
52 But we also know that it's not just Democrats like JFK and Obama who want
53 to save you money on taxes. I think I might have heard a thing or two from my
54 Republican friends and our colleagues about it as well.

55
56

1 So in the spirit of collaboration, I am proud to announce today that we will be
2 creating a bipartisan study group to work on making our tax code more fair by
3 looking at ways to broaden the base and lower the rate by the end of my first
4 term, and we look forward to working with you to make that happen.
5 Broadening the base and lowering the rate will lead to higher wages, and make
6 balancing the family budget that much easier.

7
8 In the meantime, I certainly look forward to working with you on other creative
9 ways that we can provide tax relief and invest in roads and schools.

10
11 And as we work to broaden our base and lower the rates, we also need to focus
12 fiscally for saving more for a rainy day.

13
14 Last year I asked the legislature to put away an additional \$180 million into
15 savings to replenish what was spent in the Great Recession, but only an
16 additional \$40 million was placed in reserve. So this year I urge you to
17 replenish our reserves and recessionary tools with an additional \$118 million
18 to bring us in line with the national average and better prepare us for a future
19 downturn, whenever it happens.

20
21 And I want to commend my cabinet and Budget Director for taking the lead on
22 this by finding \$73 million in savings, in General Fund savings, \$238 million
23 in savings overall, to make sure taxpayers are getting the biggest bang for their
24 buck.

25
26 We're also working with Treasurer Young on a legislative package that will
27 provide future Legislatures and Governors with the tools to rebuild and
28 replenish our coffers as a recovery is happening.

29
30 With so many pressing needs today, putting money in reserves is always a hard
31 ask, I get that, but we truly have an obligation to save during good times like
32 these so that we can weather the next storm whenever it comes.

33
34 At the end of the day, there is one issue, that from family budgets, and worries,
35 and costs, continues to reign over so many others when it comes to
36 affordability: and that's the high cost of health care.

37
38 I'm sure you've heard a thing or two about from your constituents, many of you
39 have lived that experience yourself.

40
41 Americans still pay twice as much for health care than those living in other
42 developed nations, and for most of us it's our biggest expense after rent or
43 mortgage.

44
45 Nearly one in five Coloradans forego health care because of the cost.

46
47 One in three can't afford their prescription drugs they need, often leading to
48 higher costs over time.

49
50 And 13% of Americans — 1 out of 8 who live in this country — said they knew
51 someone who died because they could not afford treatment.

52
53 This must change.

54
55

1 And it is starting to change for the better, thanks to your bipartisan work — and
2 the tremendous work of our Lieutenant Governor Dianne Primavera who heads
3 up our Office of Saving People Money on Health Care.
4
5 Last session, we passed historic bipartisan legislation to tackle surprise out-of-
6 network billing, enact new transparency requirements for hospitals, allow for
7 the importation of cheaper prescription drugs from Canada.
8
9 And perhaps the biggest accomplishment in health care last year was our
10 reinsurance program — a bipartisan effort led by Representatives Julie
11 McCluskie and Janice Rich and Senators Kerry Donovan and Bob Rankin.
12
13 Thanks to reinsurance, health care rates on the individual market have gone
14 down this year by an average of 20%!
15
16 And the savings are even higher where Coloradans were getting ripped off the
17 worst in the Eastern Plains, and Southern Colorado, and the Western Slope!
18
19 And we should be proud of this work. But a lot of the time, the best ideas don't
20 come from inside this building — they come directly from our communities.
21
22 And I want to give you another example of what's happening in health care and
23 how our working is helping deliver savings, working with you. In Summit
24 County, the Peak Health Alliance pools individuals and employers together, and
25 uses their combined purchasing power to negotiate down the prices with
26 hospitals to directly save consumers money. Our Division of Insurance is
27 already working with the Colorado Business Group on Health to help replicate
28 and expand this successful consumer purchasing model in Grand, Eagle,
29 Archuleta, Dolores, La Plata, Montezuma and San Juan counties, and I know
30 there is more to come.
31
32 I want to introduce you to someone that our policies directly helped who saw
33 first hand how broken our system is and the decisions we make in this building
34 can fix it.
35
36 Glenn Brady is a small business owner in Summit County. Glenn is a single
37 father because his wife Kelly tragically passed away from cancer in 2018,
38 leaving a hole in their family, with his three young daughters who I met just
39 before this speech. But as if the loss of a loved one wasn't enough, the Bradys
40 were hit with hundreds of thousands of dollars in medical debt.
41
42 Glenn was also frustrated by the high cost of insurance for himself and his three
43 daughters, Luci, Ava, and Adelaide. But thanks to the bipartisan reinsurance
44 program that we passed last year, and the Peak Health Alliance, Glenn is saving
45 \$7,000 a year on the very same health insurance plan he had last year. Glenn.
46
47 Before this he was telling me he might've even saved a little bit more than
48 \$7,000 as he was tallying it up. And what that means, because healthcare is
49 something, you have three daughters, you're a single parent, you simply can't
50 go without. And to be able to afford that and also make sure that he's able to
51 honor the promises that he made to his late wife Kelly, that his kids would have
52 the best education and tutoring, and braces, and her death wouldn't interrupt
53 their kids activities or lives.
54
55

1 The savings Glenn has realized are helping to pay for those things that Kelly
2 wanted for her kids and fulfill the promises he made to Kelly, and her final
3 wishes, and ensure that their wonderful three daughters grow up with all of the
4 opportunities we would want for our own sons and daughters. Thank you
5 Glenn.
6
7 The Reinsurance is delivering real savings, but the peace of mind of having
8 health coverage is truly priceless. We are asking in our budget for a modest \$18
9 million investment in reinsurance to continue to protect these savings for Glenn
10 and hundreds of thousands of Coloradans for another year.
11
12 We know that health care costs won't magically go down on their own. We all
13 need to work on it. We need good ideas from the left, the right, the center, from
14 everywhere.
15
16 This year I'm proud to support legislation to require prescription drug price
17 transparency, and a proposal to provide Coloradans a public option to increase
18 freedom and choice in the healthcare marketplace.
19
20 I want to thank Senator Donovan, Representative Dylan Roberts,
21 Representatives Marc Catlin for their leadership on launching this important
22 concept.
23
24 It's really simple market economics. When you have more choices as a
25 consumer, companies have to compete for your business, which means lower
26 prices.
27
28 We estimate that a public option will save Coloradans an additional 9-18% on
29 their individual premiums.
30
31 Furthermore, the public option will empower folks in the 22 Colorado counties
32 where there is currently only one insurer, and no choice.
33
34 We know, you might have heard, that there are powerful special interests with
35 a stake in preserving the status quo.
36
37 Colorado happens to have the 2nd highest hospital profit margin in the country.
38
39 And Front Range hospitals with over \$2 billion dollars in profits in 2018, let me
40 say that again \$2 billion dollars in profits in a single year, are already using
41 some of those profits from overcharging patients to run ads against legislation
42 that would save families money.
43
44 We won't let that work.
45
46 Just this year, we're also seeing pharmaceutical drugs coming to market with
47 a price tag of over \$2 million for a single dose.
48
49 And of course those folks are going to fight legislation that will bring some
50 sanity to the pricing. I get that.
51
52 But we don't represent the special interests — we represent the people. And the
53 people are crying out for relief on high health care costs. We can and we will
54 do better.
55
56

1 Another way we can reduce health costs and ensure a healthier population is by
2 standing up to Big Tobacco to reduce underage smoking and teenage vaping
3 and address our highest-in-the-nation teenage vaping rate. And we look
4 forward to working with you to make progress on that issue.
5
6 Reducing costs on our health care will also help us tackle one of our most
7 pressing problems — our state’s behavioral, mental health, and addiction crisis.
8
9 Last year, thanks to your help, I appointed a Behavioral Health Task Force to
10 conduct a top-to-bottom review of Colorado’s behavioral health system and
11 author a strategic plan for reform by June of this year.
12
13 Our state already spends \$1.4 billion on mental and behavioral health, we need
14 to make our system patient-centric and more efficient so we can help more
15 people when they need it.
16
17 I want to thank CDHS Director Michele Barnes, Representatives Lois Landgraf,
18 and Tracy Kraft-Tharp, and Dafna Michaelson Jenet for their dedication and
19 work on behavioral health, as well as Senator Brittany Pettersen and Rep. Chris
20 Kennedy and the members of the Opioid Study Committee for all of their strong
21 work. I look forward to collaborating with all of you on desperately-needed
22 reforms for behavioral health.
23
24 And, by the way, often those reforms can save money. It’s a frustration of many
25 hospitals and providers that they don’t have adequate step-down facilities that
26 may not only incur a lower billing rate, but are more appropriate to deliver a
27 better patient outcome for folks who should not necessarily be hospitalized, but
28 need a kind of step down facility treatment.
29
30 And finally, we want to work with you to find a way to enact paid family and
31 medical leave for more Coloradans. The Federal Family and Medical Leave
32 Act allows for unpaid leave, but that often forces families to choose between
33 getting a paycheck and caring for a newborn child, an aging parent, or
34 themselves. And for many who don’t have months of rent or mortgage saved
35 up that’s not a real choice.
36
37 I’m hopeful that together we can construct a unique Colorado solution that
38 provides paid time off to many more Coloradans as soon as possible, without
39 straining state resources or forcing taxpayers to bear the financial risk.
40
41 I know that it is no easy task. You know one of my favorite sayings is “if it was
42 easy, it would’ve been done already.” We’re not left with the easy things to do,
43 we’re left with the hard ones. It’s going to take negotiations and compromise
44 to get it done.
45
46 But I am committed to putting in the hard work, and in fact, let’s lead by
47 example in the next fiscal year by extending this benefit to our exceptional state
48 employees who make Colorado run.
49
50 We need to plan not only for our own health and well-being, but for our state’s.
51
52 And true leadership is planting trees knowing that we may not live long enough
53 to enjoy the shade of.
54
55 Previous generations were wise enough to understand that there are some things
56 that you cannot replace. That once they are gone, they are gone.

1 Of course, I'm talking about protecting our iconic public lands and wild areas
2 and what keeps Colorado special — whether it's the ground under our feet, the
3 water we drink, the air we breathe — really the most essential parts of what it
4 means to be a Coloradan.
5
6 Our majestic lands define our state and also power our economy by making us
7 an international destination for tourism and for outdoor recreation.
8
9 But like so many things in our state, growth threatens our enjoyment, and our
10 benefit, from some of our natural treasures.
11
12 In a very real sense, we are loving some of our public lands to death.
13
14 Admissions to state parks have skyrocketed, which is great, but that means there
15 is more need for upgraded trails, bathrooms, parking and facilities, and it's
16 urgent.
17
18 So we are asking the Legislature for a one-time infusion from the General Fund
19 to make important capacity improvements across our State parks system.
20
21 This money will also go towards opening our newest state park at Fishers Peak!
22
23 I was delighted to stand with Senate President Garcia, Senator Crowder, JBC
24 Chair Esgar as we announced this new, spectacular state park that will run from
25 near Trinidad all the way to the New Mexico border, and will reap enormous
26 benefits for our economy and Southern Colorado residents.
27
28 We know our state's growth also affects our ever-scarce water supply.
29
30 I was glad to see Prop DD — led by House Majority Leader Alec Garnett and
31 House Minority Leader Patrick Neville and Senators Kerry Donovan and John
32 Cooke — pass at the ballot box. Congratulations.
33
34 In addition to the future revenues that we'll derive from DD, I've also called for
35 another \$10 million investment in the Colorado Water Plan and look forward
36 to meeting those commitments.
37
38 As we've all noticed, our growth isn't just impacting our public lands and our
39 water — it's also making our roads and bridges more congested, less safe. All
40 of us are spending more time sitting in traffic, which means less and less time
41 with our loved ones and less economic productivity.
42
43 Thanks to good-faith bipartisan work, the state was able to make a historic
44 multi-year investment in transportation infrastructure.
45
46 My administration held listening sessions in every county in the state to hear
47 directly from folks about their priorities, and we've worked to develop a plan
48 to use our precious resources in the most effective ways that we can: relieving
49 congestion on key choke points on Highway 25 and Highway 70, making busy
50 streets in our cities move quicker, and making the biggest investment in rural
51 roads in modern Colorado history.
52
53 But the General Fund alone cannot meet our state's needs, and voters have
54 rejected three straight ballot measures in the last two years to fund roads, even
55 while our existing revenue source — the fuel tax — is bringing in less and less
56 at a time when our needs are growing. Thus Coloradans look to us in this

1 building to think big and do more to fund our roads.

2

3 As we look towards a future where new users and changing technology that
4 needs to pay its fair share, we should also give local jurisdictions and CDOT
5 more flexibility around working together on funding regional projects.

6

7 But we cannot create a system that excludes rural Colorado. We need to deliver
8 for everyone in our state, and it's going to take all of us in this room working
9 together, not playing politics, to get it done and solve it.

10

11 By investing in our infrastructure and providing more affordable and convenient
12 transportation options, we can relieve traffic congestion, reduce harmful
13 emissions that blacken our skies, and also boost our entire economy.

14

15 Reducing traffic and getting people places quicker also helps us address our air
16 quality and carbon emissions. When it comes to the climate, it is an issue that
17 impacts all of us in this chamber, everyone of our constituents, and indeed every
18 person on the face of the Earth.

19

20 In the western United States, we of course are seeing firsthand how a changing
21 climate is already impacting our water supply, our outdoor recreation industry,
22 our farming and ranching communities, and our taxpayers.

23

24 It is causing more frequent, more devastating, and more expensive natural
25 disasters.

26

27 Thirteen of the largest fires in Colorado's recorded history have occurred since
28 2010.

29

30 All 20 have occurred since 2000.

31

32 I want to commend the brave Colorado firefighters who are heading to Australia
33 right now to do their part in helping contain one of the worst wildfires in the
34 history of civilization.

35

36 This is a truly global crisis. And we are never going to solve air quality or
37 climate issues if everyone looks at the person next to them and says, "you do
38 something about the climate."

39

40 If we want to preserve our way of life for future generations, then we all need
41 to lead on clean air and climate.

42

43 And in fact, the states and counties that embrace the renewable energy future
44 will reap the economic benefits.

45

46 That's why we have taken bold action to put us on the path to achieving 100%
47 renewable energy by 2040.

48

49 But the truth is that due to the price reductions and technological advances, the
50 shift towards renewable energy is happening, and is being driven by the private
51 sector that sees a profitable future in renewable energy.

52

53 Just this morning, Tri-State and its members announced that they will be
54 replacing their remaining coal power in the state of Colorado with thousands of
55 megawatts of cheaper and cleaner renewable energy sources by 2030. This
56 announcement will result in a 90% reduction in the utilities' in-state greenhouse

1 gas emissions.

2
3 This transition includes expanded energy efficiency programs and a significant
4 investment in electric vehicle charging stations across rural Colorado.

5
6 We're also excited to work with Tri-State to allow its 17 member co-ops across
7 the state to help make sure they are empowered to help generate more
8 renewable energy locally. We want communities to have the option of reaping
9 the benefits of clean, low-cost local energy generation, and with talks underway,
10 we're hopeful that significantly more local flexibility in Tri-State members will
11 be finalized by April of this year.

12
13 This transition will mean lower energy costs, more renewable energy jobs, it
14 means reduced air pollution. It is a bold step to protect the future of the planet
15 and prepare Colorado to succeed in the future.

16
17 But we need to recognize the disruption caused to workers, families, and
18 communities that are impacted by the private sector's turn away from coal.
19 That's why I intend to work with utilities including Tri-State and our new
20 Office of Just Transition to expand opportunities in renewable energy and help
21 ensure that no worker and no community is left behind.

22
23 We're confident that this transition works because it's happening right now.

24
25 Here is an example in Pueblo. The EVRAZ steel plant uses a lot of energy, and
26 EVRAZ had to find a cheaper power source to stay competitive and to stay in
27 Pueblo.

28
29 So, working with Xcel Energy, they are building the largest behind-the-meter
30 solar project in American history to power the steel plant, creating hundreds of
31 solar jobs, keeping thousands of steel manufacturing jobs in Pueblo, reducing
32 costs, and helping to save our way of life — all at the same time.

33
34 This is what our renewable energy future looks like. It is about innovation,
35 about growing jobs, growing opportunity, saving people money, and doing our
36 part to reduce air pollution in the process.

37
38 And we don't have any time to waste.

39
40 Those of you who know me well know that I'm a big science fiction fan.

41
42 Last year we had a Spiderman quote. This year, it's not Star Wars — it's Lord
43 of the Rings.

44
45 In the first part of the trilogy, Frodo, the protagonist, laments that he must carry
46 this awesome burden of saving the world from a growing darkness.

47
48 Gandalf, his guide, responds with a charge that I think really applies to all of us
49 here in this chamber today:

50
51 "All we have to decide is what to do with the time that is given to us."

52
53 Every lawmaker here — myself included — is term-limited.

54
55 What do we want our legacy to be?

56

1 When our great-grandchildren open their history books, what do we want them
2 to read about us in our time?
3
4 Will it say that we were too scared to tackle the big issues?
5
6 That we were too timid to act on evidence right under our noses?
7
8 That we were perhaps too cynical to even try?
9
10 Or will we be remembered as the generation that rose to the challenge of our
11 time?
12
13 That looked beyond the daily news cycle or the next election and found a way
14 to work together to forge a brighter future, and that lived up to the expectations
15 of our children and our grandchildren, whose future we hold in our hands.
16
17 We have the power to do the right thing. All we need is the courage to use it.
18
19 Colorado has always been a state of trailblazers, of frontiersmen and women.
20 Ours is a state of can-do people and can-do attitude.
21
22 We don't back down from a challenge, and we don't quit when the going gets
23 tough.
24
25 The state of our state is strong. It is forward-thinking. It is dynamic. It is bold.
26 It is courageous.
27
28 Now let's get to work and show the world what we can accomplish together.
29
30 God bless you all, God bless the great state of Colorado, and God bless the
31 United States of America.
32
33
34
35 The Joint Committee escorted the Governor from the Chamber.
36
37
38 On motion of Representative Garnett, the Governor's message was ordered

29 "SECTION 1. **Legislative declaration.** (1) The general
30 assembly hereby finds and declares that:

31 (a) State holidays are intended to honor prominent figures in
32 United States history and acknowledge other civic events and celebrations
33 in Colorado.

34 (b) Although Christopher Columbus is recognized as a voyager
35 who arrived in what is now known as the Caribbean Sea, he never
36 traveled to or entered the territory that became the United States. He had
37 no knowledge of or contact with the area now known as the state of
38 Colorado, providing no rationale for a Colorado state holiday in his name.
39 In 1492, he was welcomed by the indigenous Taino people to their
40 homeland on the island of Quiqueya, which Columbus renamed
41 Hispaniola. Fifty years later, the Taino people had been nearly
42 exterminated by Columbus and his successors.

43 (c) Frances Xavier Cabrini was a humanitarian champion of
44 immigrants and children in the United States. Cabrini first came to
45 Colorado in 1902. In 1905, she opened the Queen of Heaven Orphanage
46 for girls in a residence in north Denver.

47 (d) In her lifetime, Cabrini was responsible for founding
48 sixty-seven institutions, including schools, hospitals, and orphanages
49 throughout the United States and in South and Central America.

50 (e) In 1909, Cabrini negotiated the purchase of a rural property to
51 serve as a summer camp for the girls living in the orphanage. The land
52 was on the eastern slope of Lookout Mountain in Golden and had no
53 reliable source of water.

54 (f) During Cabrini's last visit to Colorado in 1912, while staying
55 at the mountain camp, she directed the girls to dig under a specific rock

1 where they found a spring of fresh water. That spring continues to
2 provide water to the property today.

3 (g) The land upon which Cabrini established her orphanage and
4 camp is the traditional territory and homeland of the Cheyenne, Arapaho,
5 and Ute indigenous nations. Those indigenous peoples, and all indigenous
6 peoples, have a special, sacred relationship with water, similar to that of
7 Cabrini.

8 (h) Cabrini was naturalized as a United States citizen in October
9 1909. Recognizing the first Monday in October as Frances Xavier
10 Cabrini Day in recognition of Cabrini's contributions to the state of
11 Colorado creates an opportunity to promote an appreciation, tolerance,
12 and understanding of the different cultures that make up our state.

13 (2) Therefore, in order to preserve the number of state holidays
14 while commemorating the contributions of Cabrini to Colorado and the
15 United States, the general assembly hereby replaces Columbus day with
16 Frances Xavier Cabrini day as a legal state holiday.

17 **SECTION 2.** In Colorado Revised Statutes, 24-11-101, **amend**
18 (1) as follows:

19 **24-11-101. Legal holidays - effect.** (1) The following days, viz:
20 The first day of January, commonly called New Year's day; the third
21 Monday in January, which shall be observed as the birthday of Dr. Martin
22 Luther King, Jr.; the third Monday in February, commonly called
23 Washington-Lincoln day; the last Monday in May, commonly called
24 Memorial day; the fourth day of July, commonly called Independence
25 day; the first Monday in September, commonly called Labor day; the
26 ~~second~~ FIRST Monday in October, commonly called ~~Columbus~~ FRANCES
27 XAVIER CABRINI day; the eleventh day of November, commonly called
28 Veterans' day; the fourth Thursday in November, commonly called
29 Thanksgiving day; the twenty-fifth day of December, commonly called
30 Christmas day; and any day appointed or recommended by the governor
31 of this state or the president of the United States as a day of fasting or
32 prayer or thanksgiving, are hereby declared to be legal holidays and shall,
33 for all purposes whatsoever, as regards the presenting for payment or
34 acceptance and the protesting and giving notice of the dishonor of bills
35 of exchange, drafts, bank checks, promissory notes, or other negotiable
36 instruments and also for the holding of courts, be treated and considered
37 as is the first day of the week commonly called Sunday.

38 **SECTION 3.** In Colorado Revised Statutes, 5-1-301, **amend** (6)
39 as follows:

40 **5-1-301. General definitions.** In addition to definitions appearing
41 in subsequent articles, as used in this code, unless the context otherwise
42 requires:

43 (6) "Business day" means any calendar day except Sunday, New
44 Year's day, the third Monday in January observed as the birthday of Dr.
45 Martin Luther King, Jr., Washington-Lincoln day, Memorial day,
46 Independence day, Labor day, ~~Columbus~~ FRANCES XAVIER CABRINI day,
47 Veterans' day, Thanksgiving day, and Christmas day.

48 **SECTION 4.** In Colorado Revised Statutes, 6-1-102, **amend** (2.5)
49 as follows:

50 **6-1-102. Definitions.** As used in this article 1, unless the context
51 otherwise requires:

52 (2.5) "Business day" means any calendar day except Sunday, New
53 Year's day, the third Monday in January observed as the birthday of Dr.
54 Martin Luther King, Jr., Washington-Lincoln day, Memorial day,
55 Independence day, Labor day, ~~Columbus~~ FRANCES XAVIER CABRINI day,

1 Veterans' day, Thanksgiving, and Christmas.
2 **SECTION 5. Act subject to petition - effective date.** This act
3 takes effect at 12:01 a.m. on the day following the expiration of the
4 ninety-day period after final adjournment of the general assembly (August
5 5, 2020, if adjournment sine die is on May 6, 2020); except that, if a
6 referendum petition is filed pursuant to section 1 (3) of article V of the
7 state constitution against this act or an item, section, or part of this act
8 within such period, then the act, item, section, or part will not take effect
9 unless approved by the people at the general election to be held in
10 November 2020 and, in such case, will take effect on the date of the

16 REQUEST DUE TO THE CERTIFYING AGENCY NOT HAVING BEEN INVOLVED
17 IN THE DETECTION, INVESTIGATION, OR PROSECUTION OF THE QUALIFYING
18 CRIMINAL ACTIVITY.

19 (8) UPON RECEIVING NOTICE THAT A REQUEST FOR A
20 CERTIFICATION FORM PURSUANT TO THIS SECTION IS DENIED, A REQUESTOR
21 MAY PROVIDE SUPPLEMENTAL INFORMATION TO THE CERTIFYING AGENCY
22 AND REQUEST THAT THE CERTIFICATION FORM DENIAL BE REVIEWED BY

19 Amend printed bill, page 2, after line 1 insert:
20

21 "SECTION 1. **Short title.** The short title of this act is the
22 "Creating a Respectful and Open World for Natural Hair Act of 2020" or
23 the "CROWN Act of 2020".
24

25 **SECTION 2. Legislative declaration.** (1) The general assembly
26 finds and declares that:

27 (a) Throughout the history of the United States, society has used
28 hair texture, hair type, and protective hairstyles, in conjunction with skin
29 color, to classify people on the basis of race;

30 (b) Like skin color, a person's hair has served as a basis of race
31 discrimination;

32 (c) Racial discrimination can and does occur because of
33 longstanding racial biases and stereotypes associated with hair texture,
34 hair type, and protective hairstyles;

35 (d) For example, routinely, people of African descent are deprived
36 of educational and employment opportunities because they are adorned
37 with natural or protective hairstyles in which hair is tightly coiled or
38 tightly curled or worn in locs, cornrows, twists, braids, Bantu knots, or
39 Afros;

40 (e) Racial discrimination is reflected in school and workplace
41 policies and practices that bar natural or protective hairstyles commonly
42 worn by people of African descent, as well as people of Jewish, Latinx,
43 or Native American descent;

44 (f) The state should acknowledge that people who have hair
45 texture or wear a hairstyle that is historically and contemporarily
46 associated with persons of African, Jewish, Latinx, or Native American
47 descent systematically suffer harmful discrimination in schools,
48 workplaces, and other contexts based upon longstanding race stereotypes
49 and biases;

50 (g) A clear and comprehensive law should address the systematic
51 deprivation of educational, employment, and other opportunities on the
52 basis of hair texture, hair type, and protective hairstyles that are
53 commonly associated with race;

54 (h) Clear, consistent, and enforceable legal standards must be
55 provided to redress the widespread incidences of race discrimination
56 based upon hair texture, hair type, and protective hairstyles in schools,
workplaces, housing, places of public accommodations, and other

1 contexts;

2 (i) It is necessary to prevent educational, employment, and other
3 decisions, practices, and policies generated by or reflecting negative
4 biases and stereotypes related to race;

5 (j) The state must play a key role in enforcing state
6 antidiscrimination laws, including the standards established under the
7 "CROWN Act of 2020", in a way that secures equal educational,
8 employment, and other opportunities for all people regardless of their race
9 and protects against race discrimination based on hair texture, hair type,
10 and protective hairstyles; and

11 (k) It is necessary to prohibit and provide remedies for the harms
12 suffered as a result of race discrimination on the basis of hair texture, hair
13 type, and protective hairstyles.

14 **SECTION 3.** In Colorado Revised Statutes, 22-2-117, **amend**
15 (1)(b)(VIII) and (1)(b)(IX); and **add** (1)(b)(X) as follows:

APPOINTMENT

27

28 The Speaker announced the following temporary committee appointment
29 for February 11, 2020 only:

30 **Judiciary**

31 Representative Saine to replace Representative Carver.

32

36

37 **ENERGY & ENVIRONMENT**

38 After consideration on the merits, the Committee recommends the
39 following:

40

41 **HB20-1064** be amended as follows, and as so amended, be referred to
42 the Committee on Appropriations with favorable
43 recommendation:

1 Amend printed bill, strike everything below the enacting clause and
2 substitute:

3 "SECTION 1. In Colorado Revised Statutes, **add** 40-4-120 as
4 follows:

5 **40-4-120. Community choice in wholesale electric supply -**
6 **investigation and analysis - duties of commission - reports - legislative**
7 **declaration - definition - repeal.** (1) **Legislative declaration.** (a) THE
8 GENERAL ASSEMBLY FINDS AND DETERMINES THAT:

9 (I) AT LEAST A DOZEN COMMUNITIES IN COLORADO, KNOWN AS
10 THE "READY FOR 100" CITIES, HAVE COMMITTED TO OBTAINING ONE
11 HUNDRED PERCENT RENEWABLE ENERGY BY 2025 TO 2035. IN ADDITION,
12 AT LEAST TWO DOZEN COMMUNITIES, KNOWN AS "COLORADO
13 COMMUNITIES FOR CLIMATE ACTION", HAVE ORGANIZED TO ADVOCATE
14 FOR CLIMATE CHANGE SOLUTIONS. THESE COMMUNITIES, WHICH
15 REPRESENT MORE THAN ONE MILLION COLORADANS, ARE EXPLORING
16 WAYS TO REACH THEIR ENERGY AND CLIMATE GOALS WITHIN THEIR
17 DESIRED TIME PERIODS.

18 (II) A KEY ELEMENT OF THE GOVERNOR'S POLICY INITIATIVE,
19 ENTITLED "ROADMAP TO 100% RENEWABLE ENERGY BY 2040 AND BOLD
20 CLIMATE ACTION", PRIORITIZES SUPPORTING LOCAL COMMITMENTS TO
21 ONE HUNDRED PERCENT RENEWABLE ENERGY.

22 (III) THE ABILITY OF A COMMUNITY TO ACHIEVE ITS ENERGY
23 GOALS IS CURRENTLY LIMITED BY THE ENERGY SUPPLY AND
24 DECARBONIZATION TIMELINE OF THE ELECTRIC UTILITY THAT SERVES THAT
25 COMMUNITY'S GEOGRAPHIC AREA. THE ABILITY TO PROCURE ELECTRICITY
26 FROM ALTERNATIVE WHOLESALE SUPPLIERS MAY ENABLE COMMUNITIES
27 TO ACHIEVE THEIR ENERGY GOALS SUBSTANTIALLY FASTER AND MORE
28 COST-EFFECTIVELY.

29 (IV) COMMUNITY CHOICE ENERGY (CCE, ALSO COMMONLY
30 KNOWN AS COMMUNITY CHOICE AGGREGATION OR CCA), IS A LOCAL
31 ENERGY MODEL THAT HAS BEEN ADOPTED IN A NUMBER OF STATES AND
32 HAS PROVEN TO BE EFFECTIVE IN HELPING COMMUNITIES ACHIEVE THEIR
33 RENEWABLE ENERGY OR COST-CONTAINMENT GOALS, OR BOTH. THE
34 STUDY OF CCE WOULD ANSWER KEY QUESTIONS AND ILLUMINATE THE
35 POSSIBLE BENEFITS AND CHALLENGES OF ADAPTING THE CCE MODEL AS
36 AN OPTION FOR COLORADO COMMUNITIES.

37 (V) IN THE CCE MODEL, COMMUNITIES THAT ARE SERVED BY AN
38 INVESTOR-OWNED ELECTRIC UTILITY MAY CHOOSE THEIR WHOLESALE
39 ELECTRICITY SUPPLIERS, WHILE THE ELECTRICITY CONTINUES TO BE
40 DELIVERED BY THE INCUMBENT UTILITY. IN STATES THAT HAVE ENABLED
41 CCE TO DATE, CCE IS NOT PERMITTED IN COMMUNITIES THAT ARE SERVED
42 BY A COOPERATIVE ELECTRIC ASSOCIATION OR A MUNICIPALLY OWNED
43 ELECTRIC UTILITY.

44 (VI) IN THE CCE MODEL, AN INVESTOR-OWNED ELECTRIC UTILITY
45 CONTINUES TO OWN AND OPERATE ITS TRANSMISSION AND DISTRIBUTION
46 SYSTEM TO SERVE BOTH CCE CUSTOMERS AND ITS OWN CUSTOMERS, WITH
47 APPROPRIATE COMPENSATION, AND THE UTILITY CONTINUES TO
48 IMPLEMENT DEMAND-SIDE MANAGEMENT PROGRAMS, MANAGE CUSTOMER
49 SERVICE, AND PROVIDE METERING AND BILLING SERVICES. THE UTILITY
50 CONTINUES TO OWN ITS POWER GENERATION TO SERVE ITS OWN
51 CUSTOMERS. IF A COMMUNITY CHOOSES TO ADOPT CCE, THE UTILITY
52 WOULD DELIVER THE ELECTRICITY FROM ONE OR MORE ALTERNATIVE
53 SUPPLIERS TO CCE CUSTOMERS.

54 (VII) THIS SECTION CONCERNS THE "WHOLESALE, OPT-OUT"
55 MODEL OF CCE, PURSUANT TO WHICH INDIVIDUAL CUSTOMERS ARE
56 AUTOMATICALLY ENROLLED AND RETAIN THE RIGHT TO OPT OUT OF THEIR

1 COMMUNITY'S CCE OFFERINGS AND PURCHASE THEIR ELECTRICITY FROM
2 THE UTILITY UNDER ITS TRADITIONAL "BUNDLED SERVICE". THE RETAIL
3 MODEL OF CCE, IN WHICH INDIVIDUALS IN DEREGULATED "RETAIL
4 CHOICE" STATES CAN SHOP FOR THEIR ELECTRICITY FROM AMONG MANY
5 COMPETING SUPPLIERS, DOES NOT PROMOTE THE STABLE REVENUE
6 CONDITIONS NEEDED FOR DEVELOPMENT OF HIGH LEVELS OF RENEWABLE
7 ENERGY. THE RETAIL CCE MODEL IS EXPLICITLY NOT THE SUBJECT OF THIS
8 SECTION.

9 (VIII) A WELL-DESIGNED WHOLESALE, OPT-OUT CCE PROGRAM
10 WOULD INTRODUCE AN ELEMENT OF WHOLESALE COMPETITION AND
11 COMMUNITY-LEVEL CHOICE INTO THE SUPPLY OF ELECTRICITY AND COULD
12 PROVIDE COMMUNITIES THAT HAVE AMBITIOUS RENEWABLE ENERGY
13 GOALS WITH A MEANS TO REACH THOSE GOALS MORE QUICKLY AND
14 COST-EFFECTIVELY.

15 (IX) THIS SECTION PERTAINS ONLY TO THE STUDY OF CCE, NOT TO
16 ITS IMPLEMENTATION. WHILE CCE IN OTHER STATES SHOWS THE
17 POTENTIAL FOR COMMUNITIES TO MAKE LOCAL ENERGY DECISIONS, REACH
18 THEIR ENERGY GOALS, REDUCE ENERGY COSTS, AND FOSTER LOCAL
19 ECONOMIC DEVELOPMENT AND LOCAL EMPLOYMENT, IT IS PRUDENT TO
20 FIRST STUDY THE FINANCIAL FEASIBILITY AND THE REGULATORY, LEGAL,
21 AND ENVIRONMENTAL IMPLICATIONS OF CCE IN COLORADO BEFORE ANY
22 CONSIDERATION OF ENABLING CCE AS AN OPTION FOR COMMUNITIES IN
23 COLORADO.

24 (X) THE TWO INDEPENDENT STUDIES DESCRIBED IN THIS SECTION
25 WILL ANSWER KEY QUESTIONS ABOUT THE POTENTIAL VIABILITY OF CCE
26 IN COLORADO AND WILL IDENTIFY BEST PRACTICES AND LESSONS LEARNED
27 FROM THE EXPERIENCES OF STATES THAT HAVE ALREADY IMPLEMENTED
28 CCE. THE STUDIES WILL PROVIDE THE INFORMATION NEEDED TO
29 DETERMINE WHETHER CCE WOULD PROVIDE NET BENEFITS TO COLORADO
30 COMMUNITIES.

31 (b) THEREFORE, THE GENERAL ASSEMBLY DECLARES THAT IT IS IN
32 THE PUBLIC INTEREST TO DIRECT THE COMMISSION TO EVALUATE THE
33 VIABILITY OF THE WHOLESALE, OPT-OUT MODEL OF CCE IN COLORADO
34 AND TO ANSWER KEY QUESTIONS ABOUT CCE IN COLORADO THROUGH
35 TWO INVESTIGATIONS:

36 (I) BY OVERSEEING A THIRD-PARTY FINANCIAL FEASIBILITY STUDY;
37 AND

38 (II) BY CONDUCTING ITS OWN INVESTIGATORY PROCEEDING USING
39 THE MECHANISM OF AN INVESTIGATORY DOCKET TO STUDY REGULATORY
40 AND LEGAL ISSUES.

41 (2) **Definition.** AS USED IN THIS SECTION, "COMMUNITY CHOICE
42 ENERGY" OR "CCE" MEANS A MECHANISM THAT ALLOWS CITIES OR
43 COUNTIES, OR GROUPS OF CITIES AND COUNTIES, TO COMBINE THEIR
44 PURCHASING POWER AND CHOOSE ONE OR MORE ALTERNATIVE
45 WHOLESALE ELECTRICITY SUPPLIERS ON BEHALF OF THE RESIDENTS,
46 BUSINESSES, AND MUNICIPAL FACILITIES IN THE JURISDICTION WHILE THE
47 INCUMBENT UTILITY MAINTAINS ITS EXISTING GENERATION AND
48 CONTINUES TO OWN AND OPERATE ITS TRANSMISSION AND DISTRIBUTION
49 SYSTEM AND DELIVER THE ELECTRICITY TO BOTH ITS OWN CUSTOMERS
50 AND CCE CUSTOMERS.

51 (3) **Feasibility study.** (a) IN ACCORDANCE WITH THIS SUBSECTION
52 (3), THE COMMISSION SHALL OVERSEE, AND REPORT TO THE GENERAL
53 ASSEMBLY THE CONCLUSIONS OF, A STUDY ON THE FINANCIAL FEASIBILITY
54 OF ALLOWING CCE IN COLORADO.

55 (b) THE COMMISSION SHALL:

56 (I) SELECT, THROUGH A TRANSPARENT AND COMPETITIVE

1 SOLICITATION OVERSEEN DIRECTLY BY THE COMMISSIONERS AND ISSUED
2 ON OR BEFORE SEPTEMBER 1, 2020, AN INDEPENDENT AND QUALIFIED
3 AGENT TO PERFORM THE STUDY, USING SELECTION CRITERIA THAT ENSURE
4 THE AGENT DOES NOT CARRY BIASES THAT ARE ESPECIALLY FAVORABLE
5 OR UNFAVORABLE TO CCE OR TO INVESTOR-OWNED UTILITIES;

6 (II) DETERMINE THE SCOPE OF, AND SPECIFIC QUESTIONS TO BE
7 ADDRESSED BY, THE STUDY, SUBJECT TO THE GUIDELINES SET FORTH IN
8 THIS SUBSECTION (3);

9 (III) ACQUIRE THE DATA NECESSARY TO EFFECTIVELY CONDUCT
10 THE STUDY FROM THE INVESTOR-OWNED ELECTRIC UTILITIES IN A TIMELY
11 FASHION, UTILIZING CONFIDENTIALITY AND NONDISCLOSURE AGREEMENTS
12 AS NEEDED; AND

13 (IV) REPORT THE PROCESS AND CONCLUSIONS OF THE FEASIBILITY
14 STUDY, AS WELL AS THE CONCLUSIONS OF THE CONCURRENT
15 INVESTIGATORY DOCKET SET FORTH IN SUBSECTION (4) OF THIS SECTION,
16 IN A FINAL REPORT TO THE TRANSPORTATION AND ENERGY COMMITTEE OF
17 THE SENATE AND THE ENERGY AND ENVIRONMENT COMMITTEE OF THE
18 HOUSE OF REPRESENTATIVES, OR THEIR SUCCESSOR COMMITTEES, ON OR
19 BEFORE JUNE 1, 2021.

20 (c) THE PURPOSE OF THE STUDY IS TO ASSESS FINANCIAL
21 FEASIBILITY AND RISK, INCLUDING THE POTENTIAL FOR RATE
22 COMPETITIVENESS, PRINCIPLES FOR CALCULATING THE AMOUNT AND
23 DURATION OF ANY TRANSITION FEES, AND AN ESTIMATE OF SUCH FEES,
24 ALSO KNOWN AS EXIT FEES, THAT COMMUNITIES FORMING A CCE
25 AUTHORITY WOULD PAY TO OFFSET THEIR FAIR SHARE OF THE COSTS OF
26 UTILITY ASSETS AND CONTRACTS THAT WERE PROCURED ON THEIR BEHALF
27 AND PREVIOUSLY APPROVED. THE AGENT SHALL MAKE THESE
28 ASSESSMENTS AND DEVELOP THESE PRINCIPLES USING INDUSTRY BEST
29 PRACTICES AND ASSUMING A RANGE OF SCENARIOS THAT INCLUDE:

30 (I) THE LEVEL OF CCE PARTICIPATION IN COLORADO, INCLUDING
31 THE NUMBER OF ELIGIBLE COMMUNITIES THAT CHOOSE TO FORM OR JOIN
32 A CCE AUTHORITY AND THE ASSUMED OPT-OUT RATE OF THEIR
33 CUSTOMERS, TO EVALUATE THE MARKET SCALE AND REVENUE
34 GENERATION NEEDED FOR CCE TO SUCCEED IN COLORADO;

35 (II) FACTORS TO BE INCLUDED IN THE EXIT FEE CONSIDERATION,
36 INCLUDING THE AGE AND TIME OF SERVICE COMMENCEMENT OF
37 GENERATION ASSETS AND EXISTING CONTRACTS; AND

38 (III) RATE ANALYSIS TO DETERMINE THE POTENTIAL FOR CCE TO
39 BE COST-COMPETITIVE IN COLORADO, ASSUMING DIFFERENT LEVELS OF
40 RENEWABLE ENERGY CONTENT THAT CORRESPOND TO THE RENEWABLE
41 ENERGY STANDARD SPECIFIED IN SECTION 40-2-124 AS WELL AS
42 SCENARIOS EXCEEDING STATE REQUIREMENTS, INCLUDING ONE HUNDRED
43 PERCENT RENEWABLE ENERGY, AND CONSIDERATION OF REASONABLY
44 ANTICIPATED TRENDS AND CONTINGENCIES AFFECTING THE PRICES OF
45 FOSSIL FUELS AND RENEWABLE ENERGY RESOURCES AND THE MIX OF NEW
46 RENEWABLE ENERGY RESOURCES VERSUS RENEWABLE ENERGY
47 CERTIFICATES.

48 (d) THE SCOPE OF THE STUDY IS LIMITED TO CONSIDERATION OF
49 THE FEASIBILITY OF ALLOWING CCE IN AREAS NOT CURRENTLY SERVED BY
50 MUNICIPALLY OWNED ELECTRIC UTILITIES OR COOPERATIVE ELECTRIC
51 ASSOCIATIONS.

50 the Committee on Appropriations with favorable
51 recommendation:

52

53 Amend printed bill, page 2, after line 1 insert:

54 "SECTION 1. **Legislative declaration.** (1) The general
55 assembly finds and declares that:

56 (a) There has been a philosophical shift and accompanying

1 statutory changes at the state and federal level regarding response to
2 sexual assault victims. That shift acknowledges that providing
3 victim-centered reporting options can:

4 (I) Begin to restore the power and control victims lose during an
5 assault;

6 (II) Promotes improved long-term outcomes for victims; and

7 (III) Improves investigations and stronger prosecutions.

8 (b) In 2005, the federal "Violence Against Women Act", 42
9 U.S.C. sec. 3796gg-4 (b)(3), made clear victims of sexual assault cannot
10 be charged, directly or indirectly, for a medical forensic exam and the
11 associated testing of any evidence. The "Violence Against Women Act"
12 also stated victims do not have to work with law enforcement to receive
13 a medical forensic exam. Collectively, these provisions are known as
14 forensic compliance.

15 (c) Through bills in 2008, 2013, and 2015, the state of Colorado
16 came into compliance with the federal "Violence Against Women Act"
17 forensic compliance provisions and created Colorado's current statutory
18 structure that enables victims to determine a course of action with
19 multidisciplinary responders acting from the victims' decisions. This
20 included establishing the sexual assault victim emergency payment
21 program, section 18-3-407.5 (3)(b), to pay for the evidence collection
22 portion of the medical forensic exam collected pursuant to section
23 12-240-139 (1)(b).

24 (d) Victims of sexual assault who decide to undergo a medical
25 forensic exam often experience frustration while waiting for the results
26 of the DNA analysis. A lengthy and sometimes opaque process, there are
27 currently no safeguards for victims to ensure they know the status or
28 outcome of evidence testing. Communication about their evidence's
29 progress is disparate and can leave victims feeling unsupported and
30 forgotten.

31 (e) Establishing a confidential tracking system for survivors to
32 know the status of their forensic medical evidence is one part of the
33 solution. However, a nexus of issues affecting sexual assault victims'
34 access to medical forensic exams and payment options prior to their
35 evidence even being sent for testing exists. At this time, Colorado has no
36 consistent and consolidated evaluation data on the efficacy of its sexual
37 assault forensic compliance laws and the associated interplay of medical
38 forensic evidence knowledge, access, cost, and payment that collectively
39 create the conditions for such evidence to be tested in the first place.
40 These issues must be evaluated prior to the implementation of a tracking
41 system to ensure the best possible infrastructure, medical, and criminal
42 justice response exists for survivors of sexual assault in Colorado.

43 (f) While such an evaluation project is underway, there are several
44 survivor rights the state of Colorado should enshrine to ensure survivors
45 are receiving the best possible care and response from the criminal justice
46 system."

36 "**SECTION 1. Legislative declaration.** (1) The general
37 assembly hereby finds and declares that:

38 (a) The opioid epidemic continues to be a tragic and preventable
39 cause of death and harm in Colorado and nationwide;

40 (b) Vulnerable populations prone to opioid and substance use
41 disorders are in particular need of help during and after the COVID-19
42 pandemic;

43 (c) Atypical opioids, such as buprenorphine, tramadol, and
44 tapentadol, exist on the market as safer alternatives to conventional
45 opioids;

46 (d) According to *Medicine Today*, a peer reviewed journal of
47 clinical practice, buprenorphine, tramadol, and tapentadol exhibit superior
48 efficacy in treating chronic pain when compared to conventional opioids
49 by demonstrating in users:

50 (I) Improved function and quality of life;

51 (II) Less serious adverse effects on immune function and the
52 endocrine system;

53 (III) Lower rates of some other adverse effects, such as
54 gastrointestinal effects;

55 (IV) A reduced risk of opioid-induced ventilatory impairment, and
56 thereby death, in high doses; and

(V) Lower abuse potential than conventional opioids and, therefore, a lower risk of misuse, abuse, and diversion into black markets;

(e) Insurance coverage for alternatives to opioids, including safer drugs and physical therapy, often includes barriers to safer treatment, like prior authorization and step therapy;

(f) Chances of overdose increase when opioids are taken with benzodiazepines, sedatives commonly prescribed for anxiety and as sleep aids;

(g) More than 30% of overdoses involving opioids also involved benzodiazepines, according to the National Institute on Drug Abuse;

(h) Since 2016, the federal Centers for Disease Control and Prevention has recommended that clinicians avoid prescribing benzodiazepines concurrently with opioids whenever possible;

(i) Both prescription opioids and benzodiazepines carry warnings on their labels highlighting the dangers of using these drugs together; and

(j) Medical education standards are in need of continuous development.

(2) Therefore, in order to enhance collaboration with health care providers, promote alternatives to opioids, and prevent more tragic deaths as a result of opioids, it is the intent of the general assembly to:

(a) Mandate that health benefit plans provide coverage for a minimum amount of physical therapy, occupational therapy, and acupuncture treatments;

(b) Expand health plan coverage to include atypical opioids, such as buprenorphine, tramadol, and tapentadol, at a low cost;

(c) Extend the seven-day limit on opioid prescriptions indefinitely;

(d) Establish competency-based continuing medical education requirements that concern opioid prescription practices for physicians, physician assistants, and other health care professionals;

(e) Incorporate the risk of benzodiazepines usage into provider education programs;

(f) Mandate the designation of additional controlled substances and other prescription drugs to be tracked by the prescription drug monitoring program;

(g) Extend the requirement that providers must check the prescription drug monitoring program before prescribing a second fill for an opioid and before prescribing benzodiazepines, with certain exceptions; and

(h) Allow medical examiners and coroners to query the prescription drug monitoring program during death investigations."

Renumber succeeding sections accordingly.

51 The Senate has adopted the first report of the first conference committee
 52 on HB20-1424. The bill has been repassed as amended. The bill is
 53 returned herewith.

CONSIDERATION OF CONFERENCE COMMITTEE REPORT(S)

HB20-1424 by Representative(s) Coleman and Soper; also Senator(s) Gonzales and Marble--Concerning social equity licensees in regulated marijuana.

(Conference Committee Report printed in House Journal, June 15, 2020, page 1306).

Representative Coleman moved the adoption of the Conference Committee Report on **HB20-1424**.

Representative Carver requested a ruling from the Speaker on two issues:

1) whether the provision in the Conference Committee Report is outside of the scope of the differences between the House and the Senate given the conferees did not request permission to consider issues beyond the scope of the differences; and

2) whether the provision in the Conference Committee Report is a violation of Section 21 of Article V of the Colorado Constitution requiring a bill to contain one subject expressed in the bill title.

Speaker Becker ruled:

1) permission to consider issues outside of the scope of the differences between the House and the Senate was not needed; and

2) (a) it is appropriate to raise a question of whether a provision of a conference committee report violates the provisions of Section 21 of Article V of the Colorado Constitution, and (b) the provision in the Conference Committee Report does fit under the title of the bill.

Representative Soper moved to appeal the ruling of the Speaker of the House.

The question being "Shall the decision of the Speaker be overruled?". A roll call vote was taken. As shown by the following recorded vote, the ruling of the Speaker of the House stands:

24 The Honorable Colorado State House of Representatives

26 Second Regular Session

28 Denver, CO 80202

29
30 Dear Honorable Members of the Colorado State House of
31 Representatives:

32
33 Today I vetoed House Bill 20-1085, "Concerning the prevention of
34 substance use disorders." HB20-1085 is an opioid addiction prevention
35 bill, one of several addiction related bills passed during the 2020
36 Legislative Session that have come before me for action.

37
38 The sponsors of House Bill 20-1085 ("HB20-1085") and the members of
39 the Opioid and Other Substance Use Disorders Interim Committee have
40 done a great service to Colorado by working diligently to study and
41 develop strategies to address one of our most profound, persistent, and
42 pressing problems facing Colorado. Addressing opioid addiction and
43 substance use disorders is critically important to protecting the health of
44 Coloradans, and I applaud their and the General Assembly's leadership
45 on this issue.

46
47 HB20-1085 does a number of things, all with the laudable objectives of
48 avoiding opioid addictions and increasing access to care for those who are
49 addicted. Importantly, HB20-1085 would extend indefinitely current
50 opioid prescribing limits, including a seven-day prescription limit, which
51 is set to repeal on September 1, 2021. It also would extend indefinitely
52 the requirement that health care providers query the Prescription Drug
53 Management Program (PDMP) before prescribing a second fill for an
54 opioid. That requirement is also due to repeal on September 1, 2021. I
55 would encourage the General Assembly, at a bare minimum, to extend
56 those provisions in next year's session.

1 The reason why I vetoed this bill is because it adds to the mandatory
2 coverage provision section in Title 10, C.R.S., which regulates private
3 health insurance in the State, without language that protects the general
4 fund or a mutually agreed-upon process around transparency on costs and
5 benefits. Those new sections of statute would, if adopted, include a
6 requirement that carriers cover nonpharmacological treatment as an
7 alternative to opioids. The treatment mandate in the bill includes a
8 minimum of six annual physical therapy visits, six annual acupuncture
9 visits, six annual occupational therapy visits, and six annual chiropractic
10 visits with cost sharing that is no greater than that charged for a primary
11 care visit for non-preventive services. Health insurance carriers estimate
12 this will add between \$22M to \$38M to the cost of premiums.

13
14 In the statement I issued when I signed HB20-1158 (“Concerning
15 insurance coverage for infertility, and, in connection therewith, making
16 an appropriation”) on April 1, 2020, I encouraged the General Assembly
17 to establish a process to conduct actuarial reviews of all new mandates in
18 future years to determine the cost implications of those bills for Colorado
19 consumers. At the time, I suggested the General Assembly could pass
20 SB20-127 or similar legislation to ensure that lawmakers and our
21 administration would have adequate data on which to base policy
22 decisions. Unfortunately, no such proposal was advanced during the most
23 recent, shortened legislative session. So today, I am directing my
24 Commissioner of Insurance to work with the General Assembly to design
25 legislation for the 2021 session that would establish just such a process.
26 That legislation should at the very least direct a third party actuarial
27 analysis for any new coverage mandate that weighs the cost of any new
28 mandatory coverages against the potential long-term cost-savings
29 resulting from additional benefits or services, and should also be paired
30 with an analysis of the potential health benefits that would result if the
31 proposed new mandate were to take effect. Cost reduction and increasing
32 access are both important goals of health care, and they should be
33 balanced. A thoughtful process will provide meaningful information to
34 the legislative and executive branches to help us all make good decisions
35 that save people money on and increase access to healthcare.

36
37 In my letter dated April 1, I also indicated that a precondition for my
38 signature on this or any other mandate bill would be the inclusion of
39 language to protect the state’s general fund from unanticipated costs if the
40 mandate is deemed new under the Affordable Care Act. According to the
41 Commissioner of Insurance’s understanding of new regulatory guidance
42 issued by the Trump administration, any new mandate could put the state
43 at risk for the increased cost of premiums in the individual and small
44 group markets. Given our current fiscal situation, Colorado is sadly not
45 in a position to absorb increased costs of private health insurance. HB20-
46 1085 does not contain such a provision to safeguard the general fund, and
47 I would ask that if the sponsors revisit this or similar legislation next year,
48 they include that language to ensure our state budget and general fund are
49 protected.

50
51 I recognize this bill is the result of a great deal of work, and indeed, I
52 agree with the underlying premise of the legislation: we must do more to
53 elevate alternative pain management treatments to reduce the use of
54 opioids. Those treatment mandates included in the bill are demonstrated
55 to reduce pain. I also recognize that it is important to extend prescribing
56 limits as well as use of the Prescription Drug Management Program

1 before September 2021, when the program would otherwise sunset.
2 Fortunately, there is time to do that in the 2021 legislative session. There
3 is also time to review the mandate included in this bill according to the
4 process that will be designed to evaluate the cost impact of all future
5 mandate proposals, and still have it potentially take effect for the 2022
6 plan year -- the same year this bill's coverage provisions would have
7 taken effect. Thus, a veto in this case does not necessarily mean a delay.

8
9 I made it clear, beginning with my Signing Statement of April 1, and
10 through numerous discussions with legislators, that I would not sign any
11 additional bills that included insurance benefits mandates until all such
12 bills are evaluated through a uniform process that examines associated
13 premium increases or decreases as well as the total impact of the
14 proposed legislation. I look forward to working with the bill sponsors and
15 the General Assembly to design that process.

16
17 One of my highest priorities is saving people money on health care, a goal
18 I know we share with the General Assembly. Together, we've taken
19 tremendous steps to further that agenda for all Coloradans. I look forward
20 to our continued efforts to improve access to affordable health care for the
21 people of Colorado.

22
23 Accordingly, HB 20-1085 is disapproved and vetoed.

24
25 Sincerely,
26 (signed)

4 Dear Honorable Members of the Colorado State House of
5 Representatives:
6

7 Today I vetoed House Bill 20-1207, "Concerning the continuation of the
8 regulation of private investigators" at 2:50 p.m.
9

10 House Bill 20-1207 (HB 20-1207) continues the regulation of private
11 investigators in the Colorado Department of Regulatory Agencies
12 (Department or DORA), which is scheduled to repeal on September 1,
13 2020. A private investigator (PI) is a private sector professional who, for
14 some consideration, accepts employment to conduct a non-law
15 enforcement-related investigation. PIs gather information for many types
16 of inquiries including legal, financial, personal information, background
17 checks, missing person searches, and computer crimes, among others.
18

19 First, a brief history of the regulation of private investigators in Colorado.
20 Beginning in 1887, the State required anyone operating a detective
21 business that carries out investigations on behalf of a private client to
22 obtain a license from the Secretary of State (punishable by a
23 misdemeanor criminal offense). This requirement was repealed by the
24 General Assembly in 1984. The Colorado Office of Policy, Research,
25 and Regulatory Reform (COPRRR) in DORA then completed sunrise
26 reviews for regulation in 1985, 1987, 2000, and 2006; each time they
27 concluded that regulation was not necessary. Finally, in 2011, the
28 Department reported through yet another sunrise review that PIs should
29 be minimally regulated to ensure they have "either a surety bond or errors
30 and omissions insurance, and passage of a jurisprudence examination."¹
31 Based on this recommendation, the General Assembly instead passed a
32 bill with voluntary licensure of PIs. The General Assembly then again
33 took the extraordinary step in 2014 to expand regulation for private
34 investigators to mandatory licensure, citing concerns that the voluntary
35 licensure they had created was not sufficient to support the program's
36 operations.
37

38 Which brings us to today; COPRRR performed a scheduled sunset review
39 of private investigators in October 2019 and determined that regulation
40 should not continue. They noted that while before regulation it may have
41 been believed there existed a slight chance that the public could be
42 financially harmed by not regulating PIs, data can now "verify that this
43 harm does not occur."² In fact, since licensing became mandatory on June
44 1, 2015, there have been 77 complaints resulting in only eight disciplinary
45 actions taken against licensees. "Disciplinary actions against licensed
46 individuals are virtually nonexistent," COPRRR stated. Furthermore,
47 "when discipline has been taken, the infractions have not been directly
48 associated with the harming of a consumer."³ In this kind of situation, it's
49 important to ask ourselves whether the medicine of additional paperwork,

²2019 Sunset Review Private Investigators Licensure Act. (2019, October 15).

³Ibid.

1 fees, and red tape is worse than the disease.

2
3 Last year, I noted that occupational licensing is often not superior to other
4 forms of consumer protection. Too often it is used to protect existing
5 professionals within an occupation against competition from newcomers
6 entering that occupation. Licensing in the United States has at times
7 prevented traditionally economically disadvantaged people from having
8 the ability to access occupations. When the supply of professionals is
9 restricted, the cost of services increases, and the poorest among us lose
10 the ability to access these services. Likewise, license and registration
11 fees, paired with coursework and other materials associated with
12 credentialing can lock people out of professions they would otherwise be
13 qualified for. Eliminating unnecessary credentialing broadens diversity
14 and allows more to offer and access various services. HB 20-1207 would
15 have continued licensing that rarely serves to protect the public from
16 harm, and instead usually served incumbent license-holders as a barrier
17 to entry for new competition including many retired officers of the peace.
18 This is especially true for PIs, as licensure does not require any
19 continuing education or real test of competency, instead requiring passage
20 of an "open-book" jurisprudence exam. This regulation does place an
21 undue burden on new entrants into the occupation and causes needless
22 bureaucracy as well as the cost to the State and Coloradans. By allowing
23 the regulation of PIs to sunset, we hope that this will allow more people
24 to enter the occupation and to access these services.

25
26 We do believe that in any activity, PIs included, there is some potential
27 for consumer harm resulting from rare instances of deceptive trade
28 practices, much if not all of which can be addressed through other areas
29 of law. We are open to working with the General Assembly to take
30 reasonable steps to address these concerns while stopping short of full
31 licensure. Together, we could work next session on legislation more
32 consistent with the Sunrise Review requiring any individual or business
33 that uses the title "Private Investigator" or "Private Detective" to pass a
34 criminal background check and potentially retain some level of insurance
35 or bond. These statutory requirements would not require full licensure to
36 implement.

37
38 We appreciate the sponsors and General Assembly's efforts to protect
39 Coloradans. However, we oppose continuing to regulate an occupation
40 through licensure when the Department's sunset report recommended
41 otherwise. Colorado is best served at this time by ending the regulation
42 of private investigators because the public interest is not protected from
43 clear, understandable harm by the licensing of PIs.

44
45 What is more, at a time when people are facing tremendous economic
46 insecurity, I encourage the legislature to strongly consider how to reduce
47 barriers to entry into various professions, and to open doors of
48 opportunity for all Coloradans.

49
50 Therefore, HB 20-1207 is disapproved and vetoed.

51
52 Sincerely,
53 (signed)
54 Jared Polis
55 Governor
