AN ACT

CONCERNING ADJUSTMENTS IN THE AMOUNT OF TOTAL PROGRAM FUNDING FOR PUBLIC SCHOOLS FOR THE 2015-16 BUDGET YEAR, AND, IN CONNECTION THEREWITH, MAKING AND REDUCING AN APPROPRIATION.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) The actual funded pupil count and the actual at-risk pupil counts for the 2015-16 budget year are lower than anticipated when the general assembly appropriated money for total program funding for the 2015-16 budget year during the 2015 regular legislative session, allowing the general assembly to reduce the difference between the actual statewide total program funding and calculated statewide total program funding for the 2015-16 budget year by twenty-four million four hundred seventy-three thousand seven hundred fifty-three dollars;

(b) Based on the actual amount of local property tax revenues and specific ownership tax revenues available to school districts for the 2015-16 budget year, the local share of total program funding is one hundred thirty-three million five hundred forty-two thousand one hundred seventy-three dollars higher than anticipated when the general assembly appropriated moneys for total program funding for the 2015-16 budget year during the 2015 legislative session; and

(c) Therefore, the general assembly finds that maintaining the level of calculated

total program funding for the 2015-16 budget year results in a reduction in the amount of the negative factor. Variations in the amounts of state aid distributed to districts require an adjustment in the minimum amount of total program funding for the 2015-16 budget year, after application of the negative factor described in section 22-54-104 (5) (g), Colorado Revised Statutes.

SECTION 2. In Colorado Revised Statutes, 22-54-104, **amend** (5) (g) (I) (F) as follows:

22-54-104. District total program - definitions. (5) For purposes of the formulas used in this section:

(g) (I) For the 2010-11 budget year and each budget year thereafter, the general assembly determines that stabilization of the state budget requires a reduction in the amount of the annual appropriation to fund the state's share of total program funding for all districts and the funding for institute charter schools. The department of education shall implement the reduction in total program funding through the application of a negative factor as provided in this paragraph (g). For the 2010-11 budget year and each budget year thereafter, the department of education and the staff of the legislative council shall determine, based on budget projections, the amount of such reduction to ensure the following:

(F) That, for the 2015-16 budget year, the sum of the total program funding for all districts, including the funding for institute charter schools, after application of the negative factor, is not less than six billion two hundred thirty-three million ~~nine hundred fifty-five thousand seven hundred thirty-seven~~ EIGHT HUNDRED THIRTY-FIVE THOUSAND FORTY-FOUR dollars (~~\$6,233,955,737~~) (\$6,233,835,044); except that the department of education and the staff of the legislative council shall make mid-year revisions to replace projections with actual figures, including but not limited to actual pupil enrollment, assessed valuations, and specific ownership tax revenue from the prior year, to determine any necessary changes in the amount of the reduction to maintain a total program funding amount for the applicable budget year that is consistent with this sub-subparagraph (F). For the 2016-17 budget year, the difference between calculated statewide total program funding and actual statewide total program funding must not exceed the difference between calculated statewide total program funding and actual statewide total program funding for the 2015-16 budget year.
