if the charitable organization intends to solicit donations in Colorado, and an organization may not continue to solicit if it fails to renew its registration. The bill also requires an organization to update information in its registration within 30 days after any change.

Sections 1 to 3 make consistent the requirements for affirmations and declarations required on various forms under the charitable solicitation laws so that these laws are consistent with the Multistate Registration and Filing Portal, Inc.

Section 4 authorizes the secretary of state to promulgate rules providing for the withdrawal of an active registration by a charitable organization, professional fundraising consultant, or paid solicitor.

Section 5 changes the time limit for a request for a hearing on the denial, suspension, or revocation of a registration from 5 days after receipt of notice of the action by the secretary of state to 30 days after the date of the notice.

Section 6 deletes the requirement that an organization designate a registered agent for service of process and notices and substitutes a requirement that the organization provide an address of record. If no alternative address is provided, the address of the organization's principal place of business is its address of record.

Section 7 specifies that if an organization fails to file its actual financial report to replace estimated financial reports, the organization is subject to statutory fines. Notice of the failure to file is deemed received if sent twice to the organization's address of record.

Section 8 makes the bill effective July 1, 2018.
