**BILL TOPIC:** SERVICES IN CORRECTIONAL FACILITIES

### Summary of Legislation

**Recommended by the Legislative Audit Committee**, this bill removes the requirement that the Division of Correctional Industries (commonly referred to as CCI) establish programs for vehicle maintenance, physical plant and facility maintenance, and food and laundry services for each of the state's correctional facilities.

### Background

The services listed in this bill are currently provided through subprograms using inmate labor. According to a 2015 audit, the laundry and food services program employs about 2,550 inmates and the facilities maintenance program employs about 640 inmates.

### Assessment

This bill corrects statute to align with current practice and is assessed as having no fiscal impact.

### Effective Date

The bill takes effect August 9, 2017, if the General Assembly adjourns on May 10, 2017, as scheduled, and no referendum petition is filed.
