BILL TOPIC: RETAIL LIQUOR STORE SALES REVENUE NONALCOHOL GOODS

Summary of Legislation

Under current law, a licensed retail liquor store may receive no more than 20 percent of its annual gross revenue from the sale of nonalcohol products. The **reengrossed** bill excludes sales revenue from lottery products, cigarettes, tobacco, and nicotine products, as well as ice, soft drinks, mixers, and any nonfood items related to the consumption of alcohol from that limit. The bill also clarifies that the limit is on annual gross sales revenue.

Background

Senate Bill 16-197 significantly changed the licensing of off-premises retail liquor sales, including allowing retail liquor stores to sell additional food and nonalcohol products and placing the 20 percent limit on annual gross sales from nonalcohol products.

Assessment

The bill is assessed as having no fiscal impact. It does not require an adjustment of enforcement procedures by state or local licensing authorities, nor does it impact the workload, revenue, or expenditures of any state or local government agency.

Effective Date

The bill takes effect August 9, 2017, if the General Assembly adjourns on May 10, 2017, as scheduled, and no referendum petition is filed.
