program in accordance with policies developed by the executive director of the department. The grant program is repealed, effective September 1, 2023. Before such repeal, the department of regulatory agencies shall perform a sunset review of the grant program.

The bill creates a presumption in favor of granting parole to a nonviolent offender who has reached his or her parole eligibility date and who is not disqualified from such presumption by any of several described conditions. The presumption may be overcome and an otherwise eligible inmate's parole may be denied only if, after consideration of the statutory release guidelines, a majority of the members of the state board of parole (board) find that an inmate presents a substantial risk to reoffend.

If the board finds an inmate's parole plan inadequate, it may delay the parole release decision and require the department of corrections to submit within 30 days a revised parole plan developed in conjunction with the inmate.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly
3 finds and declares that:

4 (a) Victimization, particularly from violent crime, is a recognized
5 public health problem. Unfortunately, victimization is rarely an isolated
6 experience, and people who have been victimized in the past have a
7 higher risk for future victimization.

8 (b) The impacts of victimization can extend significantly beyond
9 the immediate impact of the crime and have long-term negative effects on
10 a victim's physical and mental well-being, personal relationships,
11 productivity, earning potential, and life expectancy;

12 (c) Currently, most victims' services are offered or funded by
13 criminal justice or other administrative agencies. Although this model has
14 many benefits and is able to serve many crime victims, there remains
15 populations of crime victims who are hard to reach through the current
16 model or who are limited in their ability to access victims' services under

1 the current model.

2 (d) These limitations can result in gaps in support for crime
3 victims, particularly those victims who have been historically underserved
4 or who are unlikely to seek services under the current model, including
5 people of color, men, and young adults; and

6 (e) A community-based, public-health approach can supplement
7 the current model by broadening the reach of victims' services,
8 particularly in the area of prevention of repeat victimization.

9 (2) Now, therefore, the general assembly declares that:

10 (a) The purpose of this act is to create a five-year pilot program
11 to expand community-based support services for victims and other
12 interventions aimed at reducing repeat victimization;

13 (b) The model devised in this legislation is based on the successful
14 grant program enacted in House Bill 14-1355 to provide
15 community-based reentry services for people leaving prison;

16 (c) In 2018, the department of regulatory affairs submitted its
17 sunset review report and recommended reauthorization of the House Bill
18 14-1355 grant program. The reauthorization is being considered by the
19 general assembly as House Bill 18-1176.

20 (d) The community reentry grant program created in House Bill
21 14-1355, enacted in 2014, uses a third-party grant administrator because
22 this model helps engage smaller community and faith-based organizations
23 that are usually unable to access traditional grant money despite being
24 competent at serving their communities. The third-party grant
25 administrator provides grantees with infrastructure, including case
26 management, financial management, and data collection systems; helps
27 grantees develop policies and procedures to comply with grant

1 requirements; and offers ongoing technical assistance during the grant
2 period.

3 (e) This third-party grant administrator model has been proven to
4 be effective not only with regard to House Bill 14-1355 but also with
5 regard to federal grant programs that are aimed specifically at better
6 serving underserved communities, particularly communities of color.

7 **SECTION 2.** In Colorado Revised Statutes, **add** part 8 to article
