CONCERNING MODIFICATIONS TO THE PUBLIC EMPLOYEES' RETIREMENT ASSOCIATION HYBRID DEFINED BENEFIT PLAN NECESSARY TO ELIMINATE WITH A HIGH PROBABILITY THE UNFUNDED LIABILITY OF THE PLAN WITHIN THE NEXT THIRTY YEARS.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. Legislative declaration. (1) The general assembly finds and declares that:

(a) The general assembly bears fiduciary responsibility for the association and its long-term financial sustainability;

(b) Providing retirement security and benefits are an important value of the general assembly;

(c) According to its own published reports referencing the

governmental accounting standards board, the public employees' retirement association (association) is underfunded by over fifty billion dollars and has a funded ratio of less than fifty percent;

(d) In its current financial condition, the association is at risk for insolvency in the coming years should certain negative economic events occur that would threaten the retirement security of retired public sector workers;

(e) The sooner the general assembly meaningfully addresses this dire situation, the more likely that the state will be able to meet its obligations to provide retirement security to association participants across economic cycles;

(f) The general assembly bears responsibility to maintain retirement security by acting in the best interests of today's and tomorrow's public sector employees, association beneficiaries, association employers, and the taxpayers who are ultimately responsible for funding the employers and thus the benefits provided to retirees;

(g) Colorado's credit rating was recently placed on a negative outlook by the standard and poors rating agency because of the association's low funded ratios as well as annual contribution rates below the actuarially determined contribution rate;

(h) If Colorado's pension funding ratio continues to decline or if no significant plan is adopted to improve funding of the pension program, the state's credit rating will likely be downgraded; and

(i) A downgrade in the state's credit rating will affect both the state's financial position and operations by increasing the cost of accessing capital markets for both the state and the other institutions that rely on the state's credit rating.

(2) The general assembly further finds and declares that the changes in this act are reasonable and necessary to serve the important public purpose of ensuring the association's long-term financial sustainability.

SECTION 2. In Colorado Revised Statutes, 24-51-101, **amend** the introductory portion, (25)(a), (25)(b)(V), (42)(a), (42)(b), and (46); and **add**
