**Appropriation

**Fiscal Note

**Summary of Legislation**

This bill authorizes the Department of Public Safety (DPS) to repeal rules concerning the following:

- the Victims Assistance and Law Enforcement Advisory Board;
- standards for the administration of crime victim compensation programs; and
- standards for the administration of victims assistance and law enforcement programs.

This bill's provisions repeal on July 1, 2019.

**Background**

The Crime Victim Services Advisory Board was created in 2009 by consolidating the Victims Compensation and Assistance Coordinating Committee and the Victims Assistance and Law Enforcement Advisory Board into one board. The Crime Victim Services Advisory Board administers and awards Victims of Crime Act, Violence Against Women Act, and victims assistance and law enforcement grant funds. Under current law, the DPS has the authority to develop and revise standards for the administration of the board and these grant programs, but does not have rule repeal authority.

## State Expenditures

By granting rule repeal authority, this bill increases DPS workload in FY 2018-19 only to review and repeal victim assistance and compensation program rules. This workload is expected to be minimal and will not require an increase in appropriations.

## Effective Date

This bill was signed into law by the Governor on March 15, 2018, and takes effect August 8, 2018, assuming no referendum petition is filed.
