Bill Topic: AERONAUTICAL REPORTING REQUIREMENTS

Summary of Fiscal Impact: **No fiscal impact.** This bill repeals a semiannual reporting requirement for intrastate air carriers. The bill does not affect the revenue, expenditures, or workload of any state agency.

Appropriation Summary: No appropriation is required.

Fiscal Note Status: This fiscal note reflects the introduced bill.

Summary of Legislation

Under current law, an intrastate air carrier must file a semiannual report with the Division of Aeronautics in the Colorado Department of Transportation regarding the air carrier's on-time performance and the number of passengers denied boarding. This bill repeals that reporting requirement and the associated penalty.

Background

Colorado has three intrastate air carriers: Boutique, KeyLime/Denver Air Connection, and United Airlines.

Assessment of No Fiscal Impact

This bill is assessed as having no fiscal impact. The Division of Aeronautics in the Colorado Department of Transportation is responsible for receiving the data reports from intrastate air carriers and will no longer be required to receive these reports. Intrastate carriers will continue to report this information to the federal government and therefore the state report is obsolete. The bill does not affect the revenue, expenditures, or workload of any state or local government entity.

Effective Date

The bill takes effect August 2, 2019, if the General Assembly adjourns on May 3, 2019, as scheduled, and no referendum petition is filed.
