1 *Be it enacted by the General Assembly of the State of Colorado:*

2           **SECTION 1. Legislative declaration.** The general assembly  
3 declares that the purpose of this act is to repeal obsolete statutory  
4 provisions relating to the Colorado department of public health and  
5 environment. The general assembly further declares that repealing these  
6 statutory provisions does not alter the scope or applicability of the  
7 remaining statutes.

8           **SECTION 2.** In Colorado Revised Statutes, **repeal** 25-20.5-101  
9 as follows:

10           **25-20.5-101. Legislative declaration.** ~~(1) The general assembly~~  
11 ~~hereby finds that:~~

12           ~~(a) The state operates or state agencies provide funding for a wide~~  
13 ~~variety of prevention, intervention, and treatment programs designed to~~  
14 ~~assist youth in achieving an education, in making informed choices about~~  
15 ~~their health and well-being, in avoiding the juvenile and criminal justice~~  
16 ~~systems, and, generally, in becoming healthy, law-abiding, contributing~~  
17 ~~members of society;~~

18           ~~(b) These prevention, intervention, and treatment programs are~~  
19 ~~operated by or funded through several departments within the executive~~  
20 ~~branch, and this high degree of decentralization often makes~~  
21 ~~communications between and among these departments and programs~~  
22 ~~difficult;~~

23           ~~(c) There is some overlap among prevention, intervention, and~~  
24 ~~treatment programs, sometimes resulting in the potentially inefficient use~~

1 of state resources which may result in the provision of fewer services to  
2 youth;

3 ~~(d) The dispersion of prevention, intervention, and treatment~~  
4 ~~programs among state departments makes it difficult for both state~~  
5 ~~employees and the public to determine what programs are available and~~  
6 ~~what services are provided through prevention, intervention, and~~  
7 ~~treatment programs that are operated by or funded through state agencies;~~

8 ~~(e) The term limitations placed on persons who serve in public~~  
9 ~~office, including members of the general assembly, make it increasingly~~  
10 ~~important that information concerning the existence, funding, and~~  
11 ~~operation of prevention, intervention, and treatment programs for youth~~  
12 ~~be readily accessible;~~

13 ~~(f) In the area of prevention, intervention, and treatment services,~~  
14 ~~there is a critical need for local and state programs to overcome barriers~~  
15 ~~and the categorical requirements of various funding sources in order to~~  
16 ~~design and implement programs that provide a more comprehensive~~  
17 ~~response to the needs of Colorado youth;~~

18 ~~(g) Research demonstrates that program coordination among~~  
19 ~~multiple systems for the purpose of improving prevention, intervention,~~  
20 ~~and treatment services results in significant positive outcomes;~~

21 ~~(h) A unified, coordinated response to community-based programs~~  
22 ~~for the delivery of prevention, intervention, and treatment services has~~  
23 ~~proven to be an effective and efficient state response to local programs~~  
24 ~~and their needs.~~

25 ~~(2) The general assembly therefore finds that it is in the best~~  
26 ~~interests of the youth and families of the state to create a single division~~  
27 ~~in the department of public health and environment to operate prevention~~

1 ~~and intervention programs and to oversee the provision of prevention,~~  
2 ~~intervention, and treatment services through federally and state-funded~~  
3 ~~prevention, intervention, and treatment programs to ensure collaboration~~  
4 ~~among programs and the availability of a continuum of services for youth.~~

5 **SECTION 3.** In Colorado Revised Statutes, 25-20.5-102, **amend**  
6 the introductory portion; and **repeal** (6) as follows:

7 **25-20.5-102. Definitions.** As used in this ~~article~~ ARTICLE 20.5,  
8 unless the context otherwise requires:

9 (6) ~~"State plan" means the state plan for delivery of prevention,~~  
10 ~~intervention, and treatment services to youth throughout the state adopted~~  
11 ~~by the division pursuant to section 25-20.5-105.~~

12 **SECTION 4.** In Colorado Revised Statutes, 25-20.5-104, **amend**  
13 (1)(g); and **repeal** (1)(a) and (1)(b) as follows:

14 **25-20.5-104. Functions of division.** (1) The division has the  
15 following functions:

16 (a) ~~On or before February 1, 2001, to submit to the executive~~  
17 ~~director and to the governor for approval a state plan for delivery of~~  
18 ~~prevention, intervention, and treatment services to youth throughout the~~  
19 ~~state as provided in section 25-20.5-105, and to biennially review the state~~  
20 ~~plan and submit revisions as provided by rule of the state board of health~~  
21 ~~to the executive director and the governor for approval;~~

22 (b) ~~To identify performance indicators for prevention,~~  
23 ~~intervention, and treatment programs based on the standards adopted by~~  
24 ~~the state board of health pursuant to section 25-20.5-106 (2)(d), and to~~  
25 ~~review, as provided in section 25-20.5-108, all prevention, intervention,~~  
26 ~~and treatment programs operated by the division and by other state~~  
27 ~~departments;~~

1 (g) To periodically review the federal funding guidelines for  
2 federal prevention, intervention, and treatment programs and to seek the  
3 maximum flexibility in the use of federal ~~moneys~~ MONEY in funding  
4 prevention, intervention, and treatment programs; ~~provided through the~~  
5 ~~state plan;~~

6 **SECTION 5.** In Colorado Revised Statutes, **repeal** 25-20.5-105  
7 as follows:

9 **intervention, and treatment services to youth - contents.** ~~(1) On or~~

11 ~~executive director for approval a state plan for delivery of prevention,~~  
12 ~~intervention, and treatment services to youth throughout the state. The~~  
13 ~~state plan shall apply to all prevention, intervention, and treatment~~  
14 ~~programs that receive state or federal funds and are operated within the~~  
15 ~~state. The state plan shall be designed to coordinate and provide direction~~  
16 ~~for the delivery of prevention, intervention, and treatment services~~  
17 ~~through the various prevention and intervention programs operated by the~~  
18 ~~division and the prevention, intervention, and treatment programs~~  
19 ~~operated by other state departments and to ensure collaboration among~~  
20 ~~programs that results in a continuum of services available to youth~~  
21 ~~throughout the state. At a minimum, the state plan shall:~~

22 (a) ~~Target and prioritize community prevention, intervention, and~~  
23 ~~treatment services needs throughout the state;~~

24 (b) ~~Specify the standards for and measurable outcomes anticipated~~  
25 ~~to be achieved by prevention, intervention, and treatment programs that~~

27 ~~the coordination of said prevention, intervention, and treatment programs;~~

1           ~~(c) Identify all state- and community-based prevention,~~  
2 ~~intervention, and treatment programs that are receiving state and federal~~

5 ~~programs;~~

6           ~~(d) Identify the methods by which the division shall encourage~~  
7 ~~collaboration at the local level among public and private entities,~~

10 ~~treatment services;~~

11           ~~(e) Include any other information required by rule of the state~~  
12 ~~board of health.~~

13           ~~(2) The division shall biennially review and revise the state plan~~  
14 ~~as necessary to ensure the most efficient and effective delivery of~~  
15 ~~prevention, intervention, and treatment services throughout the state. The~~  
16 ~~division shall submit any revised state plan as provided by rule of the~~  
17 ~~state board of health to the governor and the executive director for~~  
18 ~~approval.~~

19           ~~(3) In preparing the state plan and biennial revisions to the state~~  
20 ~~plan, the division shall hold at least two public meetings to receive input~~  
21 ~~from members of the public and from state agencies and entities operating~~  
22 ~~prevention, intervention, and treatment programs.~~

23           ~~(4) On or before March 15, 2001, the governor and the executive~~  
24 ~~director shall submit copies of the approved state plan to the general~~  
25 ~~assembly, to each state department that operates a prevention,~~

24 ~~notice, the division shall determine whether the identified program meets~~  
25 ~~the criteria for a prevention, intervention, and treatment program adopted~~  
26 ~~by rule of the state board of health. If the division determines based on~~

8 The purpose of the meetings shall be to identify and streamline the  
9 prevention, intervention, and treatment programs operated by state

25 **SECTION 8.** In Colorado Revised Statutes, **repeal** 25-20.5-108  
26 as follows:

27 **25-20.5-108. Prevention, intervention, and treatment program**

1 **requirements - reports - reviews - annual review summary.** ~~(1) Each~~  
2 ~~state agency that operates a prevention, intervention, and treatment~~  
3 ~~program, as identified by the division based on criteria adopted by rule of~~  
4 ~~the state board of health, annually shall submit to the division the~~  
5 ~~following information:~~

6 ~~(a) The name of, statutory authority for, and funding source for~~  
7 ~~each prevention, intervention, and treatment program operated by the~~  
8 ~~state agency;~~

9 ~~(b) The parameters of each prevention, intervention, and treatment~~  
10 ~~program, including but not limited to the specific, measurable outcomes~~  
11 ~~to be achieved by each prevention, intervention, and treatment program;~~

12 ~~(c) The entities that are receiving funding through each~~  
13 ~~prevention, intervention, and treatment program operated by the state~~  
14 ~~agency, the amount awarded to each entity, and a description of the~~  
15 ~~population served and prevention, intervention, and treatment services~~  
16 ~~provided by each entity.~~

17 ~~(2) (a) Except as otherwise provided in paragraph (b) of this~~  
18 ~~subsection (2), each state agency using state or federal moneys to fund~~  
19 ~~local prevention and intervention programs shall submit an annual report~~  
20 ~~concerning these programs to the division. The state board of health by~~  
21 ~~rule shall specify the time frames, procedures, and form for submittal of~~  
22 ~~the report and the information to be included in the report, which at a~~  
23 ~~minimum shall include:~~

24 ~~(I) A description of the prevention, intervention, and treatment~~  
25 ~~program, including but not limited to the population served, the~~  
26 ~~prevention, intervention, and treatment services provided, and the goals~~  
27 ~~and specific, measurable outcomes to be achieved by the prevention,~~

1 intervention, and treatment program;

2 (II) Evidence of the prevention, intervention, and treatment  
3 program's progress in meeting its stated outcomes and goals during the  
4 preceding fiscal year and in previous fiscal years, depending on how long  
5 the prevention, intervention, and treatment program has been in  
6 operation;

7 (III) The sources from which the prevention, intervention, and  
8 treatment program receives funding and the amount received from each  
9 source;

10 (IV) A list of any entities that are collaborating in the delivery of  
11 prevention, intervention, and treatment services through the program.

12 (b) If a community-based prevention, intervention, and treatment  
13 program is required to submit an annual report that is comparable to the  
14 report described in paragraph (a) of this subsection (2) to a state agency  
15 other than the division, the state agency, in lieu of submittal of a report by  
16 the prevention, intervention, and treatment program as required in  
17 paragraph (a) of this subsection (2), shall forward a copy of the  
18 comparable report to the division in accordance with rules adopted by the  
19 state board of health. If a forwarded report does not include all of the  
20 information specified in paragraph (a) of this subsection (2), the division  
21 shall obtain such information directly from the community-based  
22 prevention, intervention, and treatment program.

23 (3)(a) The division, in accordance with the time frames adopted  
24 by rule of the state board of health, but at least every four years, shall  
25 review, or cause to be reviewed under a contract entered into pursuant to  
26 subsection (5) of this section, each state and community-based  
27 prevention, intervention, and treatment program operated within this state

1 that receives state or federal funds. The division may establish a schedule  
2 for the review of prevention, intervention, and treatment programs  
3 pursuant to this subsection (3). The review shall be designed to determine  
4 whether the prevention, intervention, and treatment program is meeting  
5 its identified goals and outcomes and complying with all requirements of  
6 the agency overseeing the operation of the prevention, intervention, and  
7 treatment program and the applicable rules adopted by the state board of  
8 health pursuant to this article.

9 (b) If the division determines that a community-based prevention,  
10 intervention, and treatment program is not meeting or making adequate  
11 progress toward meeting the outcomes specified for the program or is  
12 otherwise failing to comply with statutory or regulatory requirements, the  
13 division shall revoke the grant issued to the program, if it was issued by  
14 the division, or recommend revocation to the state agency that issued the  
15 grant. The entity operating any program for which the grant is revoked  
16 may appeal as provided in the "State Administrative Procedure Act",  
17 article 4 of title 24, C.R.S.

18 (c) If the division determines that a state-operated prevention,  
19 intervention, and treatment program is not meeting or making adequate  
20 progress toward meeting the outcomes specified for the prevention,  
21 intervention, and treatment program or is otherwise failing to comply with  
22 statutory or regulatory requirements, the division shall recommend to the  
23 governor or to the general assembly, whichever is appropriate, that the  
24 prevention, intervention, and treatment program cease receiving state or  
25 federal funding.

26 (4) The division shall receive a percentage, as determined by rule,  
27 of the operating cost of each state prevention, intervention, and treatment

1 program reviewed pursuant to this section to offset the costs incurred by  
2 the division in performing such review.

3 (5) ~~The division may contract with one or more public or private~~  
4 ~~entities to conduct the reviews of prevention, intervention, and treatment~~  
5 ~~programs and assist in preparing the annual executive summary report as~~  
6 ~~required in this section.~~

7 (6) ~~The division shall annually prepare or oversee the preparation~~  
8 ~~of an executive summary of the prevention, intervention, and treatment~~  
9 ~~program reviews conducted during the preceding year and submit such~~
