Effects Monitoring -- It is the General Assembly's intent that the department and the panel of health professionals established in Section 25-1.5-110 (2), C.R.S., review and study data, including peer-reviewed studies, health care data collected by the department, and relevant community health data, on the tetrahydrocannabinol (THC) potency of marijuana and any related health effects. It is the General Assembly's intent that the panel conduct this analysis and provide a report with recommendations to the General Assembly by July 31, 2020.

- 89 Department of Public Health and Environment, Prevention Services Division, Chronic Disease Prevention Programs, Transfer to Health Disparities Grant Program Fund - It is the General Assembly's intent that if actual Amendment 35 tobacco tax revenues are higher than the appropriation set forth in this line item, then the transfer to the Health Disparities Grant Program Fund of 3.2 percent of such tobacco tax revenues will be increased by an amount equal to the difference between such actual tobacco tax revenues and the appropriated amount.
- 90 Department of Public Health and Environment, Prevention Services Division, Chronic Disease Prevention Programs, Chronic Disease and Cancer Prevention Grants --It is the General Assembly's intent that the General Fund in this line item go to a statewide not-for-profit organization to provide healthy eating program incentives among Colorado's low-income populations. As a part of the Division's responsibilities under section 25-20.5-104, C.R.S., such funds are to be used for improving access to fresh Colorado grown fruits and vegetables. This amount is calculated based on the assumption that the Division will minimize administrative expenses and use no more than \$10,000 for such purposes, and that the statewide not-for-profit organization will use no portion of this appropriation for administrative expenses. It is the General Assembly's further intent that the statewide not-for-profit organization have experience in supporting healthy eating incentive programs, such as programs at local farmers markets, and experience with coordinating healthy eating programs and funding between local, state, and federal programs.
- 91 Department of Public Health and Environment, Prevention Services Division, Family and Community Health, Women's Health, Family Planning Program Administration; Family Planning Purchase of Services; and Family Planning Federal Grants -- Article V, Section 50 of the Colorado Constitution states that "No public funds shall be used by the State of Colorado, its agencies or political subdivisions to pay or otherwise reimburse, either directly or indirectly, any person, agency or facility for the performance of any induced abortion, provided however, that the General Assembly, by specific bill, may authorize and appropriate funds to be used for those medical services necessary to prevent the death of either a pregnant woman or her unborn child under circumstances where every reasonable effort is made to preserve the life of each."
- 92 Department of Public Health and Environment, Prevention Services Division, Family and Community Health, Children and Youth Health, School-based Health Centers – It is the General Assembly's intent that this appropriation be used for the purpose of assisting the establishment, expansion, and ongoing operations of school-based health centers in Colorado.
