Summary of Legislation

Status:

This bill clarifies that a plaintiff in an individual civil action under the Colorado Consumer Protection Act may be awarded damages equal to the sum of \$500 per violation. In a class action, any person who is found to have engaged in deceptive trade practice is liable in an amount equal to actual damages sustained. Injunctive relief and attorney fees may also be awarded.

State Expenditures

To the extent that more individuals file claims, workload for the trial courts in the Judicial Department may increase. However, this fiscal note assumes that these cases are infrequent, and any workload increase is expected to be minimal and can be accomplished within existing appropriations.

Effective Date

The bill takes effect upon signature of the Governor, or upon becoming law without his signature.
