HOUSE  
Amended 2nd Reading  
May 21, 2021

- Coordinate the availability of early childhood programs and services throughout Colorado;
- Establish state and community partnerships for a mixed delivery of child care and early childhood programs through school- and community-based providers;
- Prioritize the interests and input of children, parents, providers, and the community in designing and delivering early childhood services and programs;
- Prioritize the equitable delivery of resources and supports for early childhood; and
- Unify the administration of early childhood programs and services.

The bill moves the early childhood leadership commission (commission) to the new department, effective July 1, 2022.

The bill creates a transition working group (working group) consisting of the co-chairs of the commission and representatives of certain state agencies and the governor's office, and directs the co-chairs of the commission to convene a transition advisory group (advisory group). The bill directs the working group, working with a consultant and with the advice of the advisory group, to develop a transition plan (plan) for the coordination and administration of early childhood services and programs by the new department and the departments of education, human services, and public health and environment, including, to the extent necessary, the transition of existing programs and services to the new department. The bill includes specific requirements for the plan. The governor's office must submit the plan to the joint budget committee as part of the governor's 2022 budget request, and the working group must submit the plan to the commission for approval. As soon as practicable after the plan is approved, the governor's office must submit the approved plan to the joint budget committee with any necessary budget request amendments. The working group must submit the approved plan to other committees of the general assembly by November 15, 2021, and must meet with the early childhood and school readiness legislative commission by December 1, 2021, to present the plan.

The bill also directs the working group, working with the consultant and with the advice of the advisory group, to develop recommendations for a new voluntary, universal preschool program (recommendations) to be funded partially by the recently increased sales tax on tobacco and operated by the new department beginning in the 2023-24 school year. The bill specifies requirements that the new preschool program must meet. The working group must submit the recommendations to the commission for approval and must then submit the recommendations to the joint budget committee and other committees of the general assembly by January 15, 2022.

The bill requires the governor's office to contract with one or more

20 PART 3

21 EARLY CHILDHOOD LEADERSHIP COMMISSION

22 **26.5-1-301. [Formerly 26-6.2-101] Legislative declaration.**

23 (1) The general assembly hereby finds that:

24 (a) Public investments for pregnant women and young children  
25 from birth to eight years of age and their families fall behind investments  
26 for older Colorado children and lag behind national trends;

27 (b) For the state's early childhood system to operate effectively,

1 the efforts of the public and private agencies that compose the system  
2 must be efficiently coordinated, aligned to state and federal standards, and  
3 made accountable across state systems; and

4 (c) While there are several planning efforts related to early  
5 childhood services and collaborative bodies within state and local  
6 governments, there is no single venue to allow high-level  
7 decision-making among policy makers, to collectively study  
8 recommendations, to facilitate cross-agency collaboration among state  
9 agencies, and to make joint policy and funding recommendations.

10 (2) The general assembly further finds that:

11 (a) A commission to assist in coordinating services and supports  
12 for pregnant women and young children from birth to eight years of age  
13 and their families will improve the delivery of those services and improve  
14 the educational, health, emotional and mental health, child welfare, and  
15 employment outcomes for these children and their families; and

16 (b) A commission to assist in coordinating the delivery of services  
17 and supports for pregnant women and young children and their families  
18 will also significantly improve Colorado's workforce and economic  
19 development by:

20 (I) Helping to ensure a healthy, well-educated workforce far into  
21 the future;

22 (II) Supporting those persons who currently provide early  
23 childhood services and supports and creating additional employment  
24 opportunities;

25 (III) Supporting parents of young children who need dependable,  
26 high-quality child care and supportive services in order to be fully  
27 engaged and productive in their jobs; and

1 (IV) Supporting the market in early childhood services and  
2 products as a vibrant element of the state's economy.

3 (3) The general assembly finds, therefore, that it is essential to  
4 create a high-level, interagency, public-private leadership commission to  
5 identify opportunities for, and address barriers to, the coordination of  
6 federal and state early childhood policies and procedures in order to  
7 promote access to programs and services that affect the health and

24 EARLY CHILDHOOD AND SCHOOL READINESS

25 LEGISLATIVE COMMISSION

26 **26.5-1-401. [Formerly 26-6.5-201] Short title.** This part 2 shall  
27 ~~be known and may be cited as~~ THE SHORT TITLE OF THIS PART 4 IS the

1 "Early Childhood and School Readiness Legislative Commission Act".

2 **26.5-1-402. [Formerly 26-6.5-202] Legislative declaration.**

3 (1) The general assembly finds that:

4 (a) The most economically efficient time to develop children's  
5 skills and social abilities is in the very early years when developmental  
6 education across all of the four domains of early learning, family support  
7 and education, health care, social-emotional health, and mental health,  
8 can have the most effect;

9 (b) Children, families, and society benefit from quality  
10 investments in early childhood development and learning. Comprehensive  
11 early childhood development provides children and their families with the  
12 resources they need for early nurturing and for early language  
13 development and learning experiences and the physical health supports  
14 they need to help them arrive at school thriving and ready to learn.

15 (c) High-quality early childhood care and ~~education~~ LEARNING  
16 during the crucial growth years from birth to five years of age is  
17 necessary to enable children to succeed when they start kindergarten and  
18 as they continue their education;

19 (d) Research demonstrates that parental support and involvement,  
20 combined with a high-quality preschool education program, increases  
21 students' school readiness and achievement in kindergarten and  
22 significantly contributes to overcoming the effects of students' varying  
23 socioeconomic circumstances; and

24 (e) Research further shows that improving educational  
25 performance through improved school readiness costs much less than  
26 special education, remediation, and grade retention.

27 (2) The general assembly concludes therefore that it is in the best

1 interests of the state to create a legislative commission to meet on a  
2 regular basis throughout the year to study issues and recommend  
3 legislation concerning early childhood and school readiness, including  
4 health care, mental health, parental involvement, family support, child  
5 care, and early learning.

6 **26.5-1-403. [Formerly 26-6.5-203] Early childhood and school**  
7 **readiness legislative commission - creation - membership - duties -**

9 improvement related to early childhood and school readiness, including  
10 the areas of health, mental health, parental involvement, family support,  
11 child care, and early learning, referred to in this ~~article~~ PART 4 as the  
12 "commission".

13 (b) The commission consists of six members, appointed for terms  
14 of three years; except that, of the members first appointed, two members  
15 shall be appointed for one-year terms, two members shall be appointed  
16 for two-year terms, and two members shall be appointed for three-year  
17 terms. The appointing authorities shall jointly determine which  
18 commission members serve reduced terms. Each commission member  
19 serves at the pleasure of the applicable appointing authority. Vacancies  
20 shall be filled by appointment of the original appointing authority for the  
21 remainder of the unexpired term. Initial appointments to the commission  
22 shall be made on or before July 1, 2013, as follows:

23 (I) The president of the senate shall appoint two senators to serve  
24 on the commission, one of whom serves on the senate education  
25 committee, or any successor committee, and one of whom serves on the  
26 senate health and human services committee, or any successor committee;

27 (II) The minority leader of the senate shall appoint one senator to

1 serve on the commission who also serves on the senate education

3 (III) The speaker of the house of representatives shall appoint two  
4 representatives to serve on the commission, one of whom serves on the  
5 education committee of the house of representatives, or any successor  
6 committee, and one of whom serves on the public health care and human  
7 services committee of the house of representatives, or any successor  
8 committee; and
