The House Energy & Environment Committee Report (05/20/21) and the House Appropriations Committee Report (05/21/21) include amendments to the bill, however, Legislative Council Staff and JBC Staff agree that the committee amendments do not change the fiscal impact of the bill.

*Technical note: There is a technical error in Table 2 (pg. 3) of the Fiscal Note dated May 17, 2021. The personal services costs shown in the table are overstated. The personal services costs for the FTE identified in the Fiscal Note are \$67,792. The total required appropriation, inclusive of personal services costs, operating expenses, and capital outlay costs is \$75,342 General Fund. Legislative Council Staff and JBC Staff agree that \$75,342 General Fund is the correct appropriation for implementation of this bill.

Current Appropriations Clause in Bill

The bill includes an appropriation clause that provides \$75,342 General Fund to the Department of Personnel for FY 2021-22. This provision also states that the appropriation is based on the assumption that the Department will require an additional 0.9 FTE.

Points to Consider*General Fund Impact*

The Joint Budget Committee has proposed a budget package for FY 2021-22 based on the March 2021 Legislative Council Staff revenue forecast. The budget package includes a set aside of \$48.0 million General Fund for bills that require General Fund appropriations for FY 2021-22. This bill requires a General Fund appropriation of \$75,342 for FY 2021-22, reducing the \$48.0 million set aside by the same amount.
