Summary of Legislation

The bill adds Part 5 to the Colorado Uniform Trust Code concerning spendthrift provisions in trusts. Specifically the bill outlines when spendthrift provisions are valid, the rights of a creditor and a beneficiary, and exceptions to spendthrift provisions.

State Expenditures

Because the bill exempts child support payments from spendthrift provisions, but not spousal support payments, workload in the Department of Human Services will increase to manually track payments to assure that payments from trusts with spendthrift provisions are only going toward child support. The fiscal note assumes that child support orders put on trusts are rare and therefore assumes this workload can be accomplished within existing resources.

Effective Date

The bill was signed into law by the Governor on May 21, 2021, and takes effect on September 7, 2021, assuming no referendum petition is filed.
