Current Appropriations Clause in Bill

The bill requires but does not contain an appropriation clause.

Description of Amendments in This Packet

J.001 Staff has prepared amendment **J.001** (attached) to add a provision appropriating a total of \$41,734 to the Department of Revenue for FY 2022-23, including \$14,838 General Fund and \$26,896 cash funds from the License Plate Cash Fund. Of this amount \$1,979 is reappropriated to the Governor's Office of Information Technology.

Points to Consider*General Fund Impact*

The Joint Budget Committee has proposed a budget package for FY 2022-23 based on the March 2022 Legislative Council Staff revenue forecast. The budget package includes two set-asides:

- \$40.0 million General Fund for bills that create ongoing obligations; and
- \$900.0 million General Fund for bills that create one-time obligations in FY 2022-23.

The \$40.0 million *appropriations* set-aside includes an additional \$6.0 million General Fund to provide a 15.0 percent General Fund reserve for those appropriations. The \$900.0 million *obligations* set-aside does not include an additional amount for a General Fund reserve and, assumes, but does not require, that obligations be addressed through statutory transfers rather than appropriations. Therefore *appropriations* from the \$900.0 million set-aside require an additional 15.0 percent to maintain the statutory General Fund reserve.

This bill creates an ongoing obligation and requires a General Fund appropriation of \$14,838 for FY 2022-23, reducing the \$40.0 million set aside by the same amount.

TABOR/ Excess State Revenues Impact

The March 2022 Legislative Council Staff (LCS) revenue forecast projects a TABOR surplus liability of \$1.6 billion for FY 2022-23 and \$622.6 million for FY 2023-24 to be refunded to taxpayers out of the General Fund. Legislation that increases non-exempt revenue (such as cash funds) will increase the TABOR refund from the General Fund. The budget package includes a set aside of \$46.0 million General Fund for ongoing appropriations, (\$40.0 million plus \$6.0 million for a 15.0 percent General Fund reserve) and \$900.0 million General Fund for bills that create one-time obligations in FY 2022-23.

This bill is estimated to increase cash fund revenues by \$193,746 in FY 2022-23 and by \$48,422 in FY 2023-24, which will reduce the available General Fund in each fiscal year by an equal amount. This bill increases the TABOR refund made out of the General Fund by \$193,746 for FY 2022-23, reducing the \$46.0 million General Fund set aside for FY 2022-23 by the same amount.
