## Summary of Legislation

The bill changes when the Colorado Department of Human Services (CDHS) may collect administrative fees for food distribution programs from a monthly basis to at least once every calendar year, or when an agency's account reaches a balance of \$100 or more.

## Background

Under current law, the CDHS is responsible for providing safe and consistent food resources for K-12 schools and child care providers statewide through a state-managed warehouse and distribution system. The CDHS may charge an administrative fee to agencies (such as school districts) that receive food delivered through the program.

## Assessment of No Fiscal Impact

By changing when the CDHS may collect administrative fees, timing of the collection and spending of fees may change. However, changing when the CDHS can collect fees and when school districts and other agencies pay the fee will not impact the amount of fees collected or paid and therefore, will not impact state and local revenue and expenditures. As a result, the bill is assessed as having no fiscal impact.

## Effective Date

The bill was signed into law by the Governor on April 25, 2022, and takes effect on August 9, 2022, assuming no referendum petition is filed.
