## **Summary of Legislation**

The bill creates the Colorado Career Advisor Training Program in the Colorado Department of Education (CDE) to provide training and courses for career advisors to improve skills necessary to assist individuals toward meaningful careers. The CDE must administer the program and select entities to receive grants and the amount of each award. The CDE must also monitor the effectiveness of programs receiving grant funds. The bill requires that the General Assembly appropriate \$1.0 million from the General Fund for the program in FY 2022-23.

## **State Expenditures**

The bill increases state expenditures in the CDE by \$1.0 million per year beginning in FY 2022-23, paid from the continuously appropriated Colorado Career Advisor Training Program Cash Fund. The department will contract with an organization to modify existing content and conduct trainings at a cost of \$25,000. The remaining \$975,000 is available for career advisor grants.

## **Other Budget Impacts**

**General Fund reserve.** Under current law, an amount equal to 15 percent of General Fund appropriations must be set aside in the General Fund statutory reserve beginning in FY 2022-23. Based on this fiscal note, the bill is expected to increase the amount of General Fund held in reserve by \$150,000 in both FY 2022-23 and FY 2023-24, which will decrease the amount of General Fund available for other purposes.

## **School District**

School districts will have increased revenue and workload to participate in the grant program.

## **Effective Date**

The bill takes effect upon signature of the Governor, or upon becoming law without his signature.

## **State Appropriations**

For FY 2022-23, the bill requires an appropriation of \$1,000,000 from the General Fund to CDE.
