Shading denotes HOUSE amendment. Double underlining denotes SENATE amendment.

removes the limitation that a child be a victim of an enumerated sexual offense for the child's name and identifying information to be deleted from a criminal justice record released to the public. The bill also requires that the name and identifying information of a child who witnesses a criminal offense be deleted from criminal justice records released to the public.

Under current law, a criminal justice agency must make the notation "CHILD VICTIM" on a criminal justice record involving a child victim when the child victim's name is disclosed during proceedings related to the criminal justice record or when the child victim or child victim's guardian requests the notation. The bill requires that a criminal justice agency make the notation "CHILD WITNESS" on a criminal justice record involving a child witness under the same circumstances.
