Summary of Legislation

The bill requires the Colorado Department of Transportation (CDOT), in collaboration with the Colorado State Patrol, to study the feasibility of permitting motorcycles to “lane split” and complete its report by December 31, 2023. The bill defines “lane splitting” as when a motorcycle passes or overtakes a motor vehicle that is stopped or traveling no faster than 40 miles per hour by driving alongside the vehicle in the same lane or driving between rows of stopped or moving motor vehicles.

State Expenditures

The bill increases expenditures in CDOT by \$85,000 in FY 2023-24 only, and will increase workload in the Department of Public Safety.

Department of Transportation. In FY 2023-24, cash fund expenditures in CDOT will increase by \$85,000 to contract with a consultant to perform the study. The fiscal note assumes that funding will come from the State Highway Fund (SHF), which is continuously appropriated to CDOT. Funding from the SHF is allocated by the Transportation Commission. The commission will adjust spending from the SHF to accommodate the increase in CDOT expenditures under this bill.

Department of Public Safety. The bill will increase workload to the Colorado State Patrol to collaborate with CDOT during the study. No change in appropriations is required.

Effective Date

The bill takes effect upon signature of the Governor, or upon becoming law without his signature.
