Current Appropriations Clause in Bill

The bill requires but does not contain an appropriation clause.

Description of Amendments in This Packet

J.001 Staff has prepared amendment **J.001** (attached) to add a provision appropriating a total of \$360,758 cash funds from the Public Utilities Commission Fixed Utility Fund to the Department of Regulatory Agencies for FY 2023-24. Of that amount, \$95,166 is reappropriated to the Department of Law. This provision also states that the appropriation is based on the assumption that the Department of Regulatory Agencies will require an additional 3.0 FTE and the Department of Law will require an additional 0.5 FTE. The provision also appropriates a total of \$12,861 General Fund to the Department of Revenue.

This amount is reappropriated to the Department of Personnel.

Points to Consider

General Fund Impact

The Joint Budget Committee has proposed a budget package for FY 2023-24 based on the March 2023 Office of State Planning and Budgeting (OSPB) revenue forecast. The budget package includes two set-asides for legislation outside of the package: (1) \$30.0 million General Fund for bills that create ongoing obligations; and (2) \$469.0 million for bills that create one-time obligations for FY 2023-24 (see table below).

General Fund Appropriation Placeholders for Other 2023 Legislation	
Description	FY 2023-24
Legislation with Ongoing Fiscal Impacts	\$30,000,000
Legislation with One-time Fiscal Impacts	
Workforce-related legislation, including free credentials, math scholarships, adult education, and concurrent enrollment	103,000,000
Housing-related legislation, including property tax relief, land use, and public-private partnerships	221,000,000
Legislation related to topics other than workforce and housing, including rural opportunity, line of duty loss, and Proposition 122 implementation	145,000,000
Subtotal	\$469,000,000
TOTAL Placeholders for Other 2023 Legislation	\$499,000,000

The budget package accounts for the 15.0 percent reserve associated with the above placeholders (a total of \$74.9 million).

This bill creates an ongoing obligation and requires a General Fund appropriation of \$12,861 for FY 2023-24, reducing the \$30.0 million set aside by the same amount.

TABOR/ Excess State Revenues Impact

The March 2023 Office of State Planning and Budgeting (OSPB) revenue forecast projects a TABOR surplus liability of \$720.9 million for FY 2023-24 and \$1.2 billion for FY 2024-25 to be refunded to taxpayers out of the General Fund. Legislation that increases non-exempt revenue (such as cash funds) will increase the TABOR refund from the General Fund. The budget package includes a set aside of \$30.0 million General Fund for ongoing appropriations and \$469.0 million General Fund for bills that create one-time obligations in FY 2023-24.

This bill is estimated to increase cash fund revenues by \$416,433 in FY 2023-24 and by \$355,614 in FY 2024-25, but decrease General Fund revenues by up to \$2.5 million in FY 2023-24 and by up

to \$5.0 million in FY 2024-25. Total revenue decreases by up to \$2.1 million in FY 2023-24 and up to \$4.6 million in FY 2024-25, reducing the TABOR surplus liability by equal amounts.
