1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly  
3 finds and declares that:

4 (a) Currently, a student who attends an online education program  
5 must travel to remote testing locations to participate in state assessments;

6 (b) For some families, traveling to remote testing locations  
7 requires parents, guardians, or legal custodians to take time away from  
8 work, drive long distances, and pay for overnight lodging and meals so  
9 that the student can take the state assessment;

10 (c) As a result of the cost and time requirement to travel to remote  
11 testing locations, some parents, guardians, or legal custodians decide to  
12 excuse the student from participating in the state assessment; and

13 (d) When a parent, guardian, or legal custodian excuses the  
14 student from participating in the state assessment, the state is unable to

1 measure the student's performance.

2 (2) The general assembly finds, therefore, that the state must  
3 implement practices to allow a student to take state assessments remotely  
4 and in a setting that aligns with the student's regular educational  
5 instruction. Creating optional remote testing standards for online  
6 education programs will allow students to take state assessments remotely  
7 while ensuring the integrity and fairness of the testing process.
