directors of the regional transportation district with a requirement that the board provide an annual update, which may be provided by district staff and may be provided electronically, to each of those entities;

- **Section 2** eliminates the requirement that board directors appointed by transportation planning organizations be confirmed by the senate; clarifies when the terms of board members begin and end; and prohibits an advisory nonvoting member of the board from participating in an executive session if the board determines that a particular matter to be discussed in the executive session concerns the appointing authority for the advisory nonvoting member and should not be discussed when the advisory nonvoting member is present;
- **Section 3** establishes that the board exercises its powers by a majority vote of a quorum of its voting directors rather than by a majority vote of a quorum of its total membership and, in conjunction with **section 4**, clarifies that the board has discretion to delegate its power to enter into contracts and agreements other than intergovernmental agreements and contracts for public-private partnerships to the officers and employees of the district; and
- **Section 5** changes the name of a state-required district plan for developing rail service to avoid potential confusion that could be caused by similarity between the current name of the plan and the name of a federally required plan.
