- The provider has been enrolled in the programs for less than 3 years;

The state department is required to notify the provider of the suspension in writing, including the reasons for the suspension.

The state department may suspend a provider's enrollment for an initial period of 6 months while the state department conducts a review of the scheme. If the state department's review cannot be completed during the initial 6-month period, the state department may extend the review period in additional 6-month increments if the state department documents in writing the necessity for extending the review.
