Points to Consider

TABOR/ Excess State Revenues Impact

The March 2024 Office of State Planning and Budgeting (OSPB) revenue forecast projects a TABOR surplus liability of \$1.8 billion for FY 2025-26 to be refunded to taxpayers out of the General Fund. Legislation that increases non-exempt revenue (such as cash funds) will increase the TABOR refund from the General Fund.

HB24-1417

JBC Staff Analysis

This bill is estimated to increase cash fund revenues by \$593,867 in FY 2025-26, which will reduce the available General Fund in the fiscal year by an equal amount. This bill increases the TABOR refund made out of the General Fund by \$593,867 for FY 2025-26.
