Summary of Legislation

The bill requires the Department of Human Services to oversee the operation of host home programs. The bill sets requirements for organizations seeking to operate a host home program and requirements for individuals operating host homes through a host home program.

State Expenditures

As the Department of Human Services currently oversees and regulates licensed host family homes and other voluntary alternative residences for youth, workload will minimally increase to update existing rules to conform with any new provisions required by the bill. This workload is expected to be minimal and can be accomplished within existing resources.
