Colorado Office of Economic Development and International Trade

Advanced Industries Acceleration Grant Program Report. House Bill 13-1001 created the Advanced Industries Acceleration Grant Program, which is designed to accelerate economic growth through grants that improve and expand the development of advanced industries, facilitate the collaboration of advanced industry stakeholders, and further the development of new advanced industry products and services. The Office of Economic Development and International Trade (OEDIT) is required to submit a report by November 1 each year through

Open records requirements: Pursuant to Section 24-72-202 (6.5)(b), C.R.S., research memoranda and other final products of Legislative Council Staff are considered public records and subject to public inspection unless: a) the research is related to proposed or pending legislation; and b) the legislator requesting the research specifically asks that the research be permanently considered "work product" and not subject to public inspection. If you would like to designate this memorandum to be permanently considered "work product" not subject to public inspection, or if you think additional research is required and this is not a final product, please contact the Legislative Council Librarian at (303) 866-4011 within seven days of the date of the memorandum.

2024 that summarizes all of the grants awarded in the program during the preceding fiscal year. The report must include the amount that each recipient received, a description of each recipient's use of the grant, the number of jobs created or retained in the state, capital invested or retained in the state, and any other economic impacts that resulted from the grant.¹

Advanced Industry Export Acceleration Program Report. Under the Advanced Industry Export Acceleration Program, OEDIT may reimburse qualifying businesses for up to one-half of eligible international export development expenses, up to \$15,000. OEDIT must submit a report by November 1 each year through 2024 that summarizes the program activities during the preceding fiscal year.²

Advanced Industry Investment Tax Credit Report. The Advanced Industry Investment Tax Credit is designed to provide a tax credit for qualified investments made in qualified small businesses in advanced industries. OEDIT submitted an initial report in 2017 and included an update in their FY 2022-23 annual report that summarizes activity under the tax credit since January 1, 2018, including:

- the amount of capital invested by qualified investors and the tax credit that each investor received;
- a description of the qualified businesses that received the investment;
- a projection of the number of new employees hired by the qualified small businesses as a result of the investment; and
- the geographic distribution of the jobs, and any other economic impacts that resulted from the qualified investment.

A final report must be submitted by November 1, 2027.³

Call Center Workforce Report. As part of its annual State Measurement of Accountable, Responsive, and Transparent Government (SMART) Act report to the Joint Business Committee, OEDIT is required to report on data that it currently collects regarding the call center work force, including tracking call center jobs and wage analysis of customer service employees.⁴

Colorado Regional Tourism Act Annual Report. State law requires OEDIT, along with the Colorado Department of Revenue, to submit an annual report related to activity under the

Conservation Easement Tax Credit Report. DORA is required to include in its SMART Act report the location and acreage, the name of the original grantor and grantee, and if a tax credit was issued for any conservation easement, as well as other information as specified in statute.²³

Discrimination in Insurance Practices Report. As required under the SMART Act, DORA must report information related to the department's regulation of insurers' use of external consumer data and information sources, as well as algorithms or predictive models using external consumer data and information sources that unfairly discriminate based on race, color, national or ethnic origin, religion, sex, sexual orientation, disability, gender identity, or gender expression.²⁴

High Cost Support Mechanism Report. The Public Utilities Commission (PUC) provides financial assistance to telecommunications companies that provide basic telephone or broadband service in areas that lack effective competition by assessing a surcharge on all telecommunications companies in the state, and allocating those contributions to the High Cost Support Mechanism (HCSM). The PUC is required to submit a report by December 1 each year on the operation of the HCSM during the preceding year. In addition, the department is required to include an update on the implementation and administration of the HCSM in the agency SMART Act report.²⁵

Noncompliance with Department Rules report. DORA receives analyses of noncompliance with rules from other state agencies and is required to provide a combined analysis of this data as part of its SMART Act reporting.²⁶

State of 911 report. *House Bill 18-1184* requires the PUC to submit a State of 911 report to the General Assembly by September 15 each year. The report must provide an overall understanding of the state of 911 in Colorado and, at a minimum, include information on:

- the PUC's 911-related actions from the previous year and planned actions for the upcoming year;
- the current statewide structure, technology, and general operations of 911 service;
- 911 reliability and resiliency;
- 911 gaps, vulnerabilities, and needs;
- the impact on, and involvement of, the state in federal activities and trends affecting 911;

- the state’s planning for, transition to, and implementation of Next Generation 911, including a timeline for statewide implementation;
- 911 funding and fiscal outlook, including the adequacy of current funding sources, and potential Next Generation 911 funding sources; and
- information on the 911 surcharge, including amounts remitted and transmitted to local governing bodies.²⁷

Towing Task Force report. *House Bill 21-1283* partially reconstituted the Towing Task Force. The bill directed the PUC to furnish an annual report by December 1 about the towing industry.²⁸ In addition, *House Bill 22-1314* made significant changes to the towing industry in Colorado, and further expanded the annual report to include information about fees charged for and complaints arising from nonconsensual tows as well as the recommendations of the task force, whether the recommendations were implemented with or without modification, and an analysis of the reasons why the commission made these decisions.

Attorney General

Department of Law Insurance Fraud Unit Report. The Attorney General is required to submit an annual report that includes the number of full-time employees dedicated to insurance fraud, referrals, open investigations, convictions, arrests, and actions initiated, and the number of restitutions, fines, costs, and forfeitures obtained, from the investigation of insurance fraud. In the report, the Attorney General must sort the types of cases prosecuted by line of insurance.²⁹

Other Entities

Adult Education and Literacy Grant Program Evaluation report. State law requires the office within the Colorado Department of Education that is responsible for adult education to prepare an annual report related to the Adult Education and Literacy Grant Program. The report is to address the use, allocation, and outcomes of the grant money, including the effectiveness of each program that receives a grant and the continuing level of unmet need for adult education within the state. The report must also include an overview of the collaboration efforts of various state and local entities in meeting the state’s need for adult education and literacy programs and workforce development.³⁰
