Statutory Revisions Committee

^{CBA} cobar.org/For-Members/CBA-Sections/Trust-and-Estate/Statutory-Revisions-Subcommittee-Homepage-

The Statutory Revisions Committee (“SRC”) is the largest standing committee of the Trust & Estate Section of the Colorado Bar Association. It meets from 1:30 to 3:15 p.m. on the third Thursday of every month, except June and July. As its name suggests, this committee’s principal function is to critically examine and when needed revise existing probate law and consider proposals for new probate law. In order to accomplish that, it forms subcommittees to debate, draft, and promote changes to Colorado’s probate statutes. Their work product is then approved or not at the monthly meeting of the SRC.

Specifically, the SRC reviews Uniform Acts on subject matters related to trusts and estates that are proposed for adoption by the Uniform Law Commission (f/k/a The National Conference of Commissioners on Uniform State Laws). The SRC also receives and considers input and requests from probate lawyers statewide on issues, concerns, clarifications, and improvements related to existing statutes, and it responds to proposed legislation effecting probate laws introduced by third parties. The SRC’s general approach and philosophy is to build consensus on clarifying, improving and promoting Colorado probate law.

Finally, the SRC, working through its subcommittees, drafts legislation and provides speakers to present that legislation for approval by the Colorado Bar Association’s Legislative Policy Committee and to testify at legislative hearings and work with its legislative sponsors during the political process of enacting its legislation.

The SRC solicits and encourages open and active participation in its work product by all members of the Trust & Estate Section of the Colorado Bar Association and by third parties interested in the work of the Section.

Meets at 1:30 on Super Thursday (the third Thursday of each month)

4 PART 6

5 COMMISSION ON FAMILY MEDICINE

6 **25.5-1-601. [Formerly 25-1-901] Legislative declaration.**

7 (1) The general assembly hereby finds and declares that:

8 (a) Physicians engaged in family medicine are in critically short
9 supply in this state;

10 (b) Because of the distribution of such physicians, many rural and
11 urban areas of the state are underserved;

12 ~~(b.1)~~ (c) A significant portion of the state population is medically
13 underserved because of indigency;

14 ~~(b.2)~~ (d) Family physicians provide health care to all segments of
15 the population;

16 ~~(e)~~ (e) The provision of more competent family physicians is a
17 public purpose of great importance; and

18 ~~(d)~~ (f) The creation of the commission on family medicine is a
19 desirable, necessary, and ~~economic~~ COST-EFFECTIVE means of addressing
20 the needs described in ~~paragraphs (a) and (b)~~ of this subsection (1).

21 **25.5-1-602. [Formerly 25-1-902] Commission created -**
22 **composition - terms of office.** (1) There is hereby created, in the
23 department of health care policy and financing, the commission on family
24 medicine, referred to in this ~~part 9~~ PART 6 as the "commission". No more
25 than four members of the commission appointed by the governor pursuant

1 to ~~paragraph (d) of this subsection (1)~~ SUBSECTION (1)(d) OF THIS SECTION
2 may be members of the same major political party. A vacancy on the
3 commission occurs whenever any health care consumer member moves
4 out of the congressional district from which he or she was appointed. A
5 health care consumer member who moves out of the congressional district
6 shall promptly notify the governor of the date of the move, but notice is
7 not a condition precedent to the occurrence of the vacancy. The governor
8 shall fill the vacancy by appointment for the unexpired term. The
9 commission consists of the following members:

10 (a) The deans of accredited allopathic and osteopathic schools of
11 medicine in the state or their designated representatives;

12 (b) The director of all family medicine programs in the state
13 accredited by the accreditation council on graduate medical education of
14 the American medical association or the American osteopathic
15 association;

16 (c) A representative of the Colorado academy of family
17 physicians; and

18 (d) A health care consumer to be appointed by the governor from
19 each congressional district in the state.

20 (2) The members appointed under ~~paragraph (d) of subsection (1)~~
21 SUBSECTION (1)(d) of this section ~~shall~~ serve THREE-YEAR TERMS. ALL
22 MEMBERS SERVE at the pleasure of the governor. ~~and shall serve for~~
23 ~~three-year terms.~~

24 (3) The commission shall elect a ~~chairman~~ CHAIRPERSON and a
25 ~~vice-chairman~~ VICE-CHAIRPERSON from among its members. Members of
26 the commission ~~shall~~ serve without compensation, but members described
27 in ~~paragraphs (b), (c), and (d) of subsection (1)~~ SUBSECTIONS (1)(b),

1 (1)(c), AND (1)(d) of this section ~~shall be~~ ARE entitled to their actual and
2 necessary expenses incurred in the performance of their duties. The
3 commission shall meet on call of the ~~chairman~~ CHAIRPERSON, but not less
4 than once every three months. A majority of the members of the
5 commission constitutes a quorum for the transaction of business.

6 **25.5-1-603. [Formerly 25-1-903] Duties of commission -**
7 **reporting.** (1) The commission shall:

8 (a) Assure that family medicine residency program standards are
9 equal to or more stringent than the standards established by the
10 accreditation council on graduate medical education of the American
11 medical association or the American osteopathic association for residency
12 training in family medicine;

13 (b) In cooperation with the dean of the school of medicine,
14 approve and recommend allocation of any funds which are identified and
15 appropriated in the general appropriation bill as a line item for any
16 community family medicine residency training program;

17 (c) Monitor the state's family medicine residency programs and
18 recommend from time to time that the general assembly appropriate funds
19 for said programs;

20 (d) Locate specific areas of the state which are underserved by
21 family physicians and determine the priority of need among such areas;

22 (e) Offer to the general assembly alternative ideas on providing
23 medical care to the medically indigent in the state; AND

24 (f) (I) Support the development and maintenance of family
25 medicine residency programs in rural and other underserved areas of the
26 state for purposes of cultivating family medicine practitioners who are
27 likely to continue practicing in rural and underserved areas of the state at

1 the conclusion of their residency programs.

2 ~~(H) (Deleted by amendment, L. 2014.)~~

3 ~~(HH) (II) NOTWITHSTANDING SECTION 24-1-136 (11), on or before~~
4 ~~November 1, 2014, and on or before~~ each November 1, thereafter, the
5 commission shall report to the office of state planning and budgeting and
6 to the department of health care policy and financing concerning rural
7 family medicine residency programs in the state and the role of the
8 commission with respect to supporting the development and maintenance
9 of those programs. In addition, the commission shall present the report to
10 the joint budget committee as part of its annual presentation to that
11 committee.

12 ~~(2) and (3) Repealed.~~

13 **SECTION 2.** In Colorado Revised Statutes, 24-1-135.1, **amend**
14 (1)(a) as follows:

15 **24-1-135.1. Effect of congressional redistricting related to 2000**
16 **federal decennial census - definition.** (1) (a) The appointing authority
17 of the boards, commissions, or committees established pursuant to

20 26-11-101, 33-11-105, and 35-65-401, ~~C.R.S.~~, which require members to
21 be appointed as residents of designated congressional districts, shall
22 determine whether the current appointments to such boards, commissions,
23 or committees adequately represent Colorado's new congressional
24 districts. Notwithstanding any provision of law to the contrary, such
25 appointing authority shall terminate the terms of current members and
26 appoint new members to replace such members on the boards,
27 commissions, or committees as is necessary to ensure proper

1 representation from the new congressional districts; except that the term
2 of a member who continues to reside in the district that such member was
3 designated to represent shall not be terminated. Such changes shall be
4 made no later than January 1, 2003. If the current members adequately
5 represent the new congressional districts, the membership of the board,
6 commission, or committee shall remain unchanged. Any member who
7 continues to serve on a board, commission, or committee shall not be
8 required to be reappointed.

9 **SECTION 3.** In Colorado Revised Statutes, 25-1.5-504, **amend**
10 (2)(a) as follows:

11 **25-1.5-504. Colorado health service corps advisory council -**
12 **creation - membership - duties - repeal.** (2) The advisory council
13 consists of thirteen members appointed by the governor as provided in
14 this subsection (2). In appointing members of the advisory council, the
15 governor shall ensure that the advisory council includes at least one
16 representative from each of the following organizations:

17 (a) The commission on family medicine created pursuant to ~~part~~
18 ~~9 of article 1 of this title~~ PART 6 OF ARTICLE 1 OF TITLE 25.5;

19 **SECTION 4. Repeal of relocated provisions in this act.** In
20 Colorado Revised Statutes, **repeal** part 9 of article 1 of title 25.

21 **SECTION 5. Act subject to petition - effective date.** This act
22 takes effect at 12:01 a.m. on the day following the expiration of the
23 ninety-day period after final adjournment of the general assembly (August
24 9, 2017, if adjournment sine die is on May 10, 2017); except that, if a
25 referendum petition is filed pursuant to section 1 (3) of article V of the
26 state constitution against this act or an item, section, or part of this act
27 within such period, then the act, item, section, or part will not take effect

26 **2-2-104. Holdover senators keep office - vacancies.** ~~Nothing in~~
27 ~~this part 1 shall be construed to cause the removal of any senator from his~~

1 office for the term for which he was elected, but each such senator shall
2 serve the term for which he was elected. In the event of a vacancy in the
3 senate, such vacancy shall be filled as provided by law.

4 **2-2-105. Legislative declaration - findings of legislative fact.**

5 (1) ~~The general assembly declares it to be necessary to meet the equal~~
6 ~~population requirements of section 46 of article V of the state~~
7 ~~constitution, and it has therefore been necessary, in some instances, to add~~
8 ~~part of one county to all or part of another county in forming senatorial~~
9 ~~districts under this part 1.~~

10 (2) ~~The general assembly further declares that some senatorial~~
11 ~~districts are not comprised of areas whose boundaries are equidistant from~~
12 ~~the geographic center of the respective areas, but that variations therefrom~~
13 ~~were necessitated by population density and distribution, boundaries of~~
14 ~~enumeration districts and other identifiable census units of area, natural~~
15 ~~boundaries, and county lines in order to define senatorial districts having~~
16 ~~population as nearly equal as may be.~~

17 (3) ~~Pursuant to the requirements of section 47 of article V of the~~
18 ~~state constitution, the senatorial districts established by this part 1 are~~
19 ~~based upon the following factors: (1) Equal population; (2) a minimum~~
20 ~~split of counties; and (3) compactness based upon geographic areas whose~~
21 ~~boundaries are as nearly equidistant from a center as possible, limited by~~
22 ~~variances caused by the shape of county boundary lines, census~~
23 ~~enumeration lines, natural boundaries, population density, and the need~~
24 ~~to retain compactness of adjacent districts.~~

25 Colorado's population as established by the 1970 federal census is
26 2,209,528. An average senatorial district is 63,129. The maximum
27 deviation in excess of this average for a senatorial district as provided by

1 this part 1 is 0.83 percent, while the smallest district is only 0.66 percent
2 below average.

3 Of those fifty-four counties with populations smaller than that of
4 the average senatorial district, only seven counties were split or thirteen
5 percent of the total of such counties. For the nine densely populated
6 counties, it is not possible to create a senatorial district which includes all
7 the territory in any one of these counties and meet the constitutional
8 requirements for equality of population; accordingly, more than one
9 senatorial district is found within the confines of each of these counties.

10 Moreover, the compactness of each individual district not only
11 depends upon natural boundaries, the irregular size and shape of census
12 districts, and county lines, but must be related to the overall approach
13 used in developing districts of approximately equal population. (The term
14 "census districts" is used in this subsection (3) to include official census
15 tracts, enumeration districts, block groups, or blocks, as applicable.)

16 METROPOLITAN DENVER AREA DISTRICTS

17 Denver has a surplus of population of over 9,700 after computing
18 eight senatorial districts. Since Adams county is in need of 3,600
19 population to achieve three senate seats, an exchange of areas was made
20 between these two counties, as explained in districts 1, 2, and 3. When the
21 population of enclaves of Arapahoe county within the city and county of
22 Denver (4,404) is added to the population of Denver, it is obvious that
23 some areas of Denver must be added to predominantly Arapahoe county
24 districts to maintain equal population.

25 **District 19.** District 19 begins with the census districts in northeast
26 Denver which were excluded from district 3. Working northward and
27 westward into Adams county from these areas, extremely large and

1 sparsely populated census districts are encountered. In order to achieve
2 equal population, contiguous areas in Commerce City and southern
3 Westminster were chosen to comprise the bulk of the population in
4 district 19.

5 **Districts 17 and 18.** District 18 is composed of those parts of the
6 remaining population centers in Adams county - the communities of
7 Northglenn, Thornton, Sherrelwood, Welby, and Federal Heights - which
8 are necessary to achieve sufficient population for the district. District 18's
9 irregular southeastern boundary, which is also a portion of the northern
10 boundary of district 19, is formed by the South Platte river. District 17
11 consists of the remainder of Adams county. The wide variations in the
12 distribution of population in this remaining area and the limitations placed
13 upon its shape by district boundaries already drawn determine the shape
14 of district 17.

15 **Districts 1, 2, and 3.** Three giant blocks are formed for districts
16 across north Denver. Only 5,563 persons, located in an area northeast of
17 Stapleton Field which cannot be split and which is surrounded on three
18 sides by Adams county, are excluded from the districts in north Denver
19 and included in a predominantly Adams county district. To achieve equal
20 population for district 1, a small portion of Adams county has been added.
21 The dividing line between districts 1 and 2 is the South Platte river in the
22 southern portion and Zuni street in the northern portion. Between districts
23 2 and 3, the dividing line is Franklin street in the southern portion and
24 York street in the northern portion. The location and size of census block
25 number 501 in census tract number 23 causes some irregularity in the
26 Franklin street line.

27 **District 4.** District 4 forms nearly a perfect square. Some

1 irregularity is required by equal population requirements.

2 ~~**Districts 5 and 6.** These two districts in Denver form a giant~~
3 ~~square between districts 3 and 7. The dense population in the western end~~
4 ~~of district 5 (Capitol Hill) results in this district containing the smallest~~
5 ~~geographical area in the Denver area. Lowry Field (census tract number~~
6 ~~44.02), to the east of district 5, was added to Arapahoe county for three~~
7 ~~reasons: The tract cannot be split because interior population counts are~~
8 ~~not available; the addition is essential for purposes of equal population;~~
9 ~~and, moreover, the addition improves the compactness of districts 5 and~~
10 ~~6. Districts 5 and 6 are divided by 1st and 4th avenues. The only~~
11 ~~significant variation from perfect compactness in district 6 is census tract~~
12 ~~number 70.01, whose population of 2,640 is needed to meet the~~
13 ~~requirements of equal population.~~

14 ~~**Districts 7 and 8.** The balance of Denver divides into two districts~~
15 ~~- districts 7 and 8 - with the addition of census tract number 54.03 from~~
16 ~~Arapahoe county, which juts northward into district 8 and has been added~~
17 ~~to this district for purposes of equal population and compactness. The~~
18 ~~shape of the county will affect the compactness of the district formed in~~
19 ~~this area with respect to the south, east, and most of the west borders. The~~
20 ~~Valley highway was utilized as a natural boundary in the northwest~~
21 ~~portion of the district, with the northern boundary working eastward~~
22 ~~along block boundaries and the western boundary southward along~~
23 ~~Clarkson street. Variations from perfectly straight boundaries occur~~
24 ~~because of equal population requirements and the Children's Home area~~
25 ~~(which cannot be split). The Arapahoe enclave of Holly Hills is included~~
26 ~~in district 7.~~

27 ~~**District 20.** On the southern border of Denver, district 20 is~~

1 formed, incorporating the communities of Englewood, Cherry Hills, and
2 Greenwood Village. In spite of large vacant areas in census tract number
3 56.05 and sparsely populated areas in the eastern portion of the district
4 generally, its eastern and southern boundaries are relatively straight, and
5 the western boundary (following the county line) is also relatively
6 straight.

7 **District 21.** District 21 is formed by the inclusion of Lowry Field
8 in an Arapahoe district extending southward from the Arapahoe county
9 portion of Aurora. The eastern boundary is a line following census district
10 boundaries as directly south as possible. The remaining boundaries of the
11 district are determined either by Denver districts or by census district
12 boundaries.

13 DISTRICTS IN REMAINDER OF STATE

14 **District 31.** The other starting point in developing the plan under
15 this part 1 and in developing virtually every other proposed plan for the
16 senate was district 31. District 31 is located in northwestern Colorado and
17 is composed of ten undivided counties. The population of this district is
18 63,328, only 0.32 percent over the ideal senate district, and it is nearly
19 square in shape. This was chosen as a starting point, since its boundaries
20 are identical to the current senate district 35.

21 The three additional senate seats to which western Colorado is
22 entitled were developed by working southward from this district.

23 **District 30.** Mesa county has a population of 54,374. Since district
24 30's northern boundary is fixed by district 31, the additional 8,700 persons
25 needed for population equality must be found in counties adjacent to the
26 southeastern boundary of Mesa county. The selection of a portion of
27 Delta county provides the most compact district arrangement. The shape

1 of the census districts in Delta county will create a jagged line along the
2 eastern portion of district 30, regardless of which districts are selected.
3 Examination of the map reveals that those enumeration districts selected
4 yield the most compact senatorial district.

5 **District 32.** District 32 lies directly south of district 30. District
6 32's eastern boundary is a nearly direct north-south line formed by an
7 extension of the Delta county line directly south. No additional counties
8 are split in the formation of this district. If district 32 had been formed by
9 proceeding in an easterly or southeasterly direction, the district would
10 have become elongated and substantially less compact, or would have had
11 to be expanded to the Front Range area to achieve equal population.

12 **District 33.** District 33 is formed by proceeding directly east of
13 district 32. Again, whole counties are utilized, with the exception of
14 Fremont county, as the basis for the establishment of the district.
15 Approximately 6,900 additional persons were needed from adjacent areas
16 to the east or northeast of the whole counties included in district 33. The
17 choice made - to include a part of Fremont county in this district - had the
18 advantages of crossing only one county line and of leaving the remainder
19 of Fremont county in a position to be easily combined with an area in El
20 Paso county which required additional persons to achieve equal
21 population in a district there.

22 Because of the peculiar shapes of census districts and their widely
23 varying populations, and due to the presence of one enumeration district
24 composed of noncontiguous areas, no other reasonable division of Canon
25 City could be made. Block statistics are not available for Canon City, and,
26 accordingly, enumeration districts cannot be split since definite
27 populations cannot be certified for portions of an enumeration district.

1 ~~**District 12.** The remainder of Fremont county, four enumeration~~
2 ~~districts in the southern portion of Teller county, one enumeration district~~
3 ~~in Pueblo county containing the remaining portion of Fort Carson, and an~~
4 ~~area in southwest El Paso county following census district lines into~~
5 ~~Colorado Springs comprise this district. Again, irregularities in the shape~~
6 ~~of the district are caused by the shapes of the census districts which had~~
7 ~~to be combined to achieve equality of population. The district forms a~~
8 ~~nearly square configuration within these census areas.~~

9 ~~The splitting of Teller county was required to equalize population~~
10 ~~for both this district and district 15, and the inclusion of this portion of~~
11 ~~Teller county makes district 12's boundaries as equidistant as possible~~
12 ~~from a geographic center.~~

13 ~~**District 15.** District 15 is at the heart of the rapidly growing~~
14 ~~mountain subdivisions of the central Front Range. By extending the~~
15 ~~eastern Teller county line northward to include two census enumeration~~
16 ~~districts in Douglas county, the population of the district is equalized. The~~
17 ~~western and southern boundaries are formed by districts 12, 31, and 33.~~
18 ~~The district includes the whole counties of Park and Clear Creek and~~
19 ~~approximately 52,000 people from the southern and central portions of~~
20 ~~Jefferson county. The shape of the northeast tip of district 15 is~~
21 ~~determined by boundaries of the three remaining densely populated~~
22 ~~districts in Jefferson county which follow census district lines as required~~
23 ~~to achieve equal population.~~

24 ~~**District 14.** District 14 is the most densely populated area of~~
25 ~~Jefferson county. The district approaches a square shape, except for the~~
26 ~~exclusion of census block number 101 in census tract number 105.01,~~
27 ~~which extends from Kipling avenue on the east to Youngfield avenue on~~

1 the west. Since this block cannot be split, the district cannot be made a
2 perfect square.

3 **District 13.** The Jefferson county line on the east and a long
4 portion of 6th avenue on the north establish two of the boundaries for this
5 district. Proceeding southwesterly to accumulate population for the
6 district, large census districts with minimum populations are encountered.
7 There are very few options available with regard to the census districts.
8 For example, enumeration district number 422A in census tract number
9 117.06 covers a massive area and necessitates that the westerly portion of
10 district 13 jut into district 15. If this westerly jutting were minimized by
11 expanding district 13 into the southern portions of Jefferson county, a
12 vertically elongated shape for district 13 would result.

13 **District 16.** District 16 is bounded on the west by district 31, on
14 the south by the Gilpin county line, and on the east by the Jefferson
15 county line. The irregular shape of the northern boundary is due to
16 following those census district lines in Boulder county which were
17 necessary to equalize population. Boulder county is one of the nine
18 densely populated counties and has population in excess of that necessary
19 for two ideal senate districts. For purposes of equal population, this
20 surplus has been added to district 16. The addition also makes a more
21 compact district within the limitations imposed by census district lines.
22 The southern border of district 16 is almost a straight line along west
23 52nd avenue from the eastern Jefferson county boundary to McIntyre
24 avenue. From McIntyre to the western Jefferson county line, the census
25 district boundaries determine the shape of the district.

26 **Districts 23 and 24.** In general, district 23 includes the densely
27 populated territory in the east of Boulder county just north of district 16.

1 The area included would extend in a broad belt from the city of Boulder
2 east to the county line. Due to equal population requirements, it was
3 necessary to include census districts in the southern and southeastern
4 parts of the city of Boulder in district 23. District 24 includes all of the
5 remainder of Boulder county extending northwest out of the city of
6 Boulder. Both districts 23 and 24 are wholly within the confines of
7 Boulder county.

8 **District 27.** Working northward, the western boundary of district
9 27 in Larimer county is fixed by district 31. All of Larimer county is
10 included within the district with the exception of an eastern portion
11 containing 26,843 people, located in an area extending eastward from
12 Fort Collins to the Weld county line. The choice of this portion of
13 Larimer county for combination with area in another county was made
14 because the other census districts in the area were so sparsely populated,
15 and the inclusion of them would make district 29 less compact.

16 **Districts 28 and 29.** Together with the balance of Larimer county,
17 district 29 encompasses all of Weld county, with the exception of those
18 parts of the city of Greeley and the heavily populated portions of
19 southwest Weld county which compose district 28. A perfectly compact
20 district 28 was not possible because of equal population requirements. For
21 example, district 28 would have been a perfect square, if all of census
22 tract number 19 could have been included in the district. Unfortunately,
23 the inclusion of this additional area would have increased the population
24 of the district over that of the ideal senate district by over 5,000 people.
25 To straighten the line actually drawn would require a major split of the
26 city of Greeley. Finally, in order to achieve equal population, an
27 additional 10,358 people were included from Morgan county in district

1 29. The line dividing Morgan county north and south is dictated by the
2 census district boundaries.

3 **District 35.** All of the northeastern plains of Colorado are included
4 in district 35. Bordered on the north and the east by Nebraska and Kansas,
5 and on the west by district 29, the district must extend south for necessary
6 population. To make the district more square could be accomplished only
7 by a bulge westerly at a point south of the Weld county line. Since Adams
8 county is 3,600 short of the population necessary for three senatorial
9 districts, further depletion of that population was not desirable.

10 **District 34.** The five counties of Otero, Bent, Prowers, Baca, and
11 Las Animas form a logical block for a senatorial district, although the
12 block has an excess population of approximately 1,500. Since district 35
13 was short of population, adjustment was made by detaching a part of
14 Prowers county from district 34 and attaching it to district 35. Again,
15 census district lines determine the shape of this adjustment, and
16 populations of such districts determine where it can be made.

17 **District 22.** The area of Arapahoe county which is not included in
18 districts 20 and 21 is placed in district 22. District 22's boundaries follow
19 county lines in all instances except where they conform to the other
20 Arapahoe districts. In order to accumulate sufficient population, the
21 district extends southward through Douglas county, picking up that
22 portion not contained in district 15, and includes all of Elbert, Lincoln,
23 and Crowley counties. An extension of the district into El Paso county
24 rather than southeasterly would have necessitated the crossing of
25 additional county lines, and would have reduced the population available
26 in El Paso county below that needed for the three remaining senatorial
27 seats (district 12 already includes the southwestern portion of El Paso

1 county).

2 ~~**Districts 9, 10, and 11.** El Paso county presents a problem for~~
3 ~~districting, since the area of Colorado Springs and Manitou Springs is~~
4 ~~densely populated and the remainder of the county is predominantly rural.~~
5 ~~Accordingly, a portion of the population in Colorado Springs must be~~
6 ~~allocated to districts in the outlying portions of the county to meet~~
7 ~~compactness and equal population requirements. The main district~~
8 ~~dividing line is a natural boundary, Interstate 25, which runs directly~~
9 ~~north and south. In the north, Interstate 25 divides district 9 from the~~
10 ~~centrally located district 11. In the south, Interstate 25 again is a divider,~~
11 ~~but this time between districts 10 and 12. Academy boulevard, another~~
12 ~~four-lane highway, also divides district 11 from districts 9 and 10 in the~~
13 ~~northeast portions of Colorado Springs. For district 11 in the southeast,~~
14 ~~Circle drive is the major dividing line.~~

15 ~~Some variations in these major boundaries are due to requirements~~
16 ~~of equal population. Problems are also posed by the irregular shapes of~~
17 ~~census districts. For example, census block number 317 in census tract~~
18 ~~number 10 extends from west Van Buren to Uintah preventing an~~
19 ~~east-west crossing of the tract. Census block number 311 in census tract~~
20 ~~number 11.01 poses a similar problem. Numerous other examples exist,~~
21 ~~such as census tracts numbered 2, 24, and 28, which hamper the~~
22 ~~development of perfectly straight lines in the formation of districts.~~

23 ~~**Districts 25 and 26.** Two major barriers are utilized in splitting the~~
24 ~~city of Pueblo - the natural boundaries of Fountain creek and the~~
25 ~~Arkansas river in the northern portion of the city, and Interstate 25 in the~~
26 ~~south. A significant part of the city, west of Interstate 25, is added to~~
27 ~~district 26 for purposes of population equality. Pueblo county is~~

1 approximately 8,000 people short of the population necessary for two
2 senatorial districts, but, when it is combined with the other areas of the
3 state not yet included in any district (the whole counties of Costilla and
4 Huerfano), there is sufficient population for the two districts which close
5 the plan for the entire state.

6 **2-2-106. Attachments and detachments.** ~~(1) If any area of this~~
7 ~~state is omitted from the provisions of this part 1, inadvertently or by~~
8 ~~virtue of the complexities of the information supplied to the general~~
9 ~~assembly, the secretary of state, upon discovery of such omission, shall~~
10 ~~attach such area to the appropriate senatorial or representative district as~~
11 ~~follows:~~

12 ~~(a) If the area is surrounded by a senatorial or representative~~
13 ~~district, the area shall be attached to such district.~~

14 ~~(b) If the area is contiguous to two or more senatorial or~~
15 ~~representative districts, the area shall be attached to the district that has~~
16 ~~the least population according to the last preceding national census of the~~
17 ~~United States bureau of the census.~~

18 ~~(2) If any area of this state is included in two or more senatorial~~
19 ~~or representative districts established by this part 1, inadvertently or by~~
20 ~~virtue of the complexities of the information supplied to the general~~
21 ~~assembly, the secretary of state, upon discovery of such inclusion, shall~~
22 ~~detach such area from the senatorial or representative district or districts~~
23 ~~having the largest population and shall designate such area as being~~
24 ~~included in the senatorial or representative district having the least~~
25 ~~population; except that if such area is wholly surrounded by a senatorial~~
26 ~~or representative district and by inadvertence is also included in another~~
27 ~~senatorial or representative district, the secretary of state shall designate~~

1 ~~such area as included in the district wholly surrounding such area,~~
2 ~~regardless of population.~~

3 ~~(3) If any annexation occurring on or after May 1, 1972, changes~~
4 ~~a county boundary which constitutes any portion of the boundary of a~~
5 ~~senatorial district defined by this part 1, and if the population of the area~~
6 ~~annexed is one hundred seventy persons or less according to the 1970~~
7 ~~federal census, the secretary of state shall detach the area annexed from~~
8 ~~the senatorial district in which it is included pursuant to this part 1 and~~
9 ~~shall attach such area to the adjacent senatorial district in the county to~~
10 ~~which the area was annexed; except that if such attachment would result~~
11 ~~in any area in one senatorial district being wholly surrounded by area in~~
12 ~~another senatorial district, no adjustment in senatorial district boundaries~~
13 ~~shall be made. If the area annexed is adjacent to two or more senatorial~~
14 ~~districts in the county to which it is annexed, the area shall be attached to~~
15 ~~the senatorial district having the least population. The area so attached~~
16 ~~shall also be attached to any general election precinct adjacent to such~~
17 ~~area in the county to which the area was annexed.~~

18 ~~(4) If any annexation occurring on or after May 1, 1972, changes~~
19 ~~a county boundary which constitutes any portion of the boundary of a~~
20 ~~senatorial district defined by this part 1, and if the population of the~~
21 ~~annexed area is more than one hundred seventy persons according to the~~
22 ~~1970 federal census, no adjustment in the boundaries of senatorial~~
23 ~~districts shall be made, but the area annexed shall constitute a separate~~
24 ~~general election precinct.~~

25 ~~(5) Any attachment or detachment made pursuant to the provisions~~
26 ~~of subsections (1) to (4) of this section shall be certified in writing by and~~
27 ~~kept on file with the secretary of state. No change may be made in any~~

1 ~~such attachment or detachment until the senatorial or representative~~
2 ~~districts are again reapportioned.~~

3 **2-2-107. Maps of legislative districts.** ~~The legislative council~~
4 ~~shall prepare and file with the secretary of state copies of census maps~~
5 ~~showing thereon each senatorial and representative district and showing~~
6 ~~the population of each district according to the official census lines, maps,~~
7 ~~and statistics as described in this part 1. The legislative council shall~~
8 ~~retain on file in its office copies of official census maps and population~~
9 ~~statistics.~~

10 **2-2-108. Applicability of part 1.** ~~This part 1 applies to the~~
11 ~~forty-ninth and subsequent general assemblies.~~

12 **SECTION 2.** In Colorado Revised Statutes, **repeal** part 2 of
13 article 2 of title 2 as follows:

14 **2-2-201. Number of members of general assembly - election**
15 **from districts.** ~~(1) The house of representatives of the general assembly~~
16 ~~shall consist of sixty-five members, with one member of the house of~~
17 ~~representatives to be elected from each representative district, as~~
18 ~~established in this part 2.~~

19 ~~(2) The definition of areas to be included in each representative~~
20 ~~district is by reference to counties and to official census tracts, census~~
21 ~~divisions, census block groups, census blocks, and enumeration districts~~
22 ~~created by the United States bureau of the census to which fixed~~
23 ~~population counts have been assigned as of the year 1970.~~

24 **2-2-202. Representative districts - number - composition.** ~~The~~
25 ~~representative districts are defined as follows:~~

26 ~~(1) **District 1:** Census tracts numbered 47.00, 48.01, 55.02, 55.03,~~
27 ~~56.01, 119.02, and 120.01 in the city and county of Denver; that part of~~

1 census tract number 120.51 which is in the city and county of Denver,
2 being census block number 901 and a part of census block number 902;
3 those parts of census tracts numbered 46.03 and 48.02 in the city and
4 county of Denver which are not contained in district 2; that part of census
5 tract number 46.01 in the city and county of Denver which is not
6 contained in district 3; that part of census tract number 46.02 in the city
7 and county of Denver which is not contained in district 3; that part of
8 census tract number 119.03 in the city and county of Denver which is not
9 contained in district 28; census block number 101 in census tract number
10 119.53 which block is in the city and county of Denver; census block
11 number 103 in census tract number 119.52 in Jefferson county; and that
12 part of census tract number 120.02 which is in the city and county of
13 Denver and is within five hundred feet of the southern boundary of the
14 right-of-way of west Quincy avenue.

15 (2) **District 2:** Census tracts numbered 13.02, 14.01, 14.02, 14.03,
16 54.01, and 55.01 in the city and county of Denver; census block groups
17 numbered 1, 2, and 3 and census blocks numbered 401, 402, 403, 404,
18 405, 406, 411, 412, 413, 414, 415, and 416 in census tract number 13.01
19 in the city and county of Denver; census blocks numbered 401, 402, 403,
20 404, 405, 406, 407, 408, 409, 410, and 411 in census tract number 21.00
21 in the city and county of Denver; that part of census block number 412 in
22 census tract number 21.00 in the city and county of Denver which is south
23 of Alameda avenue; census blocks numbered 103, 104, 105, 106, 107,
24 108, 109, 110, 204, 205, 206, 207, 208, 209, 304, 305, 306, 307, 308,
25 309, 310, 403, 408, 409, and 410 in census tract number 29.01 in the city
26 and county of Denver; census block groups numbered 5 and 6 and census
27 blocks numbered 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111,

1 ~~112, 113, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216,~~
2 ~~404, 405, 406, 411, 412, 701, 708, and 709 in census tract number 30.01~~
3 ~~in the city and county of Denver; census block groups numbered 3 and 4~~
4 ~~and census block number 108 in census tract number 30.02 in the city and~~
5 ~~county of Denver; census blocks numbered 106, 107, 108, 109, 110, 111,~~
6 ~~112, 113, 114, 201, 202, 203, 204, and 205 in census tract number 46.03~~
7 ~~in the city and county of Denver; census block group number 1 in census~~
8 ~~tract number 48.02 in the city and county of Denver; census block groups~~
9 ~~numbered 1, 2, and 3 and census blocks numbered 401, 402, 403, 405,~~
10 ~~406, 407, 408, and 412 in census tract number 54.02 in the city and~~
11 ~~county of Denver; that part of census tract number 55.51 which is in the~~
12 ~~city and county of Denver, being census block number 216; and census~~
13 ~~block number 101 in census tract number 48.52 in Arapahoe county.~~

14 ~~(3) **District 3:** Census tracts numbered 9.02, 9.03, 45.01, and~~
15 ~~45.02 in the city and county of Denver; census block groups numbered 1,~~
16 ~~6, and 7 and census blocks numbered 203, 204, 205, 206, 207, 208, 209,~~
17 ~~304, 305, 306, 307, 308, 309, 507, 508, 509, 510, 511, 512, 513, 514,~~
18 ~~515, and 516 in census tract number 46.01 in the city and county of~~
19 ~~Denver; that part of census tract number 13.01 in the city and county of~~
20 ~~Denver which is not contained in district 2; that part of census tract~~
21 ~~number 10.00 in the city and county of Denver which is not contained in~~
22 ~~district 6; and census blocks numbered 101, 102, 103, 104, 105, 106, 107,~~
23 ~~506, 507, 508, 509, and 510 in census tract number 46.02 in the city and~~
24 ~~county of Denver.~~

25 ~~(4) **District 4:** Census tracts numbered 1.01, 1.02, 3.01, 3.02,~~
26 ~~7.01, 104.01, 106.01, and 115.00 in the city and county of Denver; that~~
27 ~~part of census tract number 3.03 in the city and county of Denver which~~

1 is not contained in district 9; census block groups numbered 4, 5, 6, 7, and
2 8 in census tract number 5 in the city and county of Denver; census blocks
3 numbered 407, 506, and 507 in census tract number 7.02 in the city and
4 county of Denver; and census blocks numbered 509, 510, 511, and 512
5 in census tract number 9.01 in the city and county of Denver.

6 ~~(5) **District 5:** Census tracts numbered 6 and 8 in the city and~~
7 ~~county of Denver; that part of census tract number 4.02 in the city and~~
8 ~~county of Denver which is not contained in district 9; those parts of~~
9 ~~census tracts numbered 5, 7.02, and 9.01 in the city and county of Denver~~
10 ~~which are not contained in district 4; census block groups numbered 1, 2,~~
11 ~~and 3 and census blocks numbered 401, 402, 409, 410, 411, and 412 in~~
12 ~~census tract number 11.02 in the city and county of Denver; census block~~
13 ~~group number 9 in census tract number 17.01 in the city and county of~~
14 ~~Denver; and census block groups numbered 1, 2, 3, and 7 in census tract~~
15 ~~number 19 in the city and county of Denver.~~

16 ~~(6) **District 6:** Census tracts numbered 17.02, 18, 20, and 26.01~~
17 ~~in the city and county of Denver; that part of census tract number 21.00~~
18 ~~in the city and county of Denver which is not contained in district 2; those~~
19 ~~parts of census tracts numbered 17.01 and 19 in the city and county of~~
20 ~~Denver which are not contained in district 5; census block group number~~
21 ~~1 in census tract number 10 in the city and county of Denver; census~~
22 ~~block group number 6 and census blocks numbered 504, 505, and 506 in~~
23 ~~census tract number 24.01 in the city and county of Denver; census blocks~~
24 ~~numbered 303, 304, 305, and 306 in census tract number 24.02 in the city~~
25 ~~and county of Denver; census block group number 2 and census block~~
26 ~~number 110 in census tract number 25 in the city and county of Denver;~~
27 ~~census block group number 3 and census blocks numbered 101, 102, 103,~~

1 ~~104, 105, 106, 203, 204, and 209 in census tract number 26.02 in the city~~
2 ~~and county of Denver; that part of census tract number 27.01 in the city~~
3 ~~and county of Denver which is not contained in district 11; and census~~
4 ~~block group number 5 and census blocks numbered 404, 405, and 406 in~~
5 ~~census tract number 27.03 in the city and county of Denver.~~

6 ~~(7) **District 7:** Census tracts numbered 41.01, 41.02, 41.03, and~~
7 ~~41.04 in the city and county of Denver; census block groups numbered 1~~
8 ~~and 6 in census tract number 42.02 in the city and county of Denver;~~
9 ~~census block groups numbered 1, 4, 5, and 6 and census blocks numbered~~
10 ~~206, 207, 208, 209, 210, 211, 311, 312, 313, 314, 315, 316, 317, and 318~~
11 ~~in census tract number 42.01 in the city and county of Denver; census~~
12 ~~block groups numbered 1 and 2 and census blocks numbered 301, 302,~~
13 ~~304, 305, 306, 307, 308, 309, and 310 in census tract number 36.03 in the~~
14 ~~city and county of Denver; and census block group number 2 and census~~

26 ~~not contained in district 65.~~

27 ~~(65) **District 65:** The counties of Logan, Phillips, and Sedgwick;~~

1 ~~enumeration district number 2 in Washington county; and that part of~~
2 ~~Yuma county which is not contained in district 64.~~

3 **2-2-203. Legislative declaration - findings of legislative fact.**

4 ~~(1) The general assembly declares it to be necessary to meet the equal~~
5 ~~population requirements of section 46 of article V of the state constitution~~
6 ~~in some instances to add part of one county to all or part of another~~
7 ~~county in forming representative districts under this part 2.~~

8 ~~(2) The general assembly further declares that some representative~~
9 ~~districts are not comprised of areas whose boundaries are equidistant from~~
10 ~~the geographic center of the respective areas, but that variations therefrom~~
11 ~~were necessitated by population density and distribution, boundaries of~~
12 ~~enumeration districts and other identifiable census units of area, natural~~
13 ~~boundaries, and county lines in order to define representative districts~~
14 ~~having population as nearly equal as may be.~~

15 ~~(3) Pursuant to the requirements of section 47 of article V of the~~
16 ~~state constitution, the representative districts established by this part 2 are~~
17 ~~based upon the following factors: (1) Equal population; (2) a minimum~~
18 ~~split of counties; and (3) compactness based upon geographic areas whose~~
19 ~~boundaries are as nearly equidistant from a center as possible, limited by~~
20 ~~variances caused by the shape of county boundary lines, census~~
21 ~~enumeration lines, natural boundaries, population density, and the need~~
22 ~~to retain compactness of adjacent districts.~~

23 ~~Colorado's population as established by the 1970 federal census is~~
24 ~~2,209,528. An average representative district is 33,993. The maximum~~
25 ~~deviation in excess of this average for a representative district as provided~~
26 ~~by this part 2 is 0.81 percent, while the smallest district is 1.02 percent~~
27 ~~below average.~~

1 ~~The compactness of each individual district not only depends upon~~
2 ~~natural boundaries, the irregular size and shape of census districts, and~~
3 ~~county lines, but must be related to the overall approach used in~~
4 ~~developing districts of approximately equal population. (The term "census~~
5 ~~districts" is used in this subsection (3) to include official census tracts,~~
6 ~~enumeration districts, block groups, or blocks, as applicable.)~~

7 ~~The Front Range area which stretches from the Wyoming state line~~
8 ~~on the north to the southern border of Pueblo county embodies thirteen~~
9 ~~counties (i.e., Larimer, Weld, Morgan, Boulder, Jefferson, Denver,~~
10 ~~Adams, Arapahoe, Douglas, Elbert, El Paso, Teller, and Pueblo) which~~
11 ~~contain a total of 1,798,936 people.~~

12 ~~The house reapportionment plan as embodied in this part 2~~
13 ~~allocates fifty-three house districts to this Front Range area. Fifty-three~~
14 ~~seats times the ideal 33,993 people for each district equals 1,801,609~~
15 ~~people. The fifty-three districts as contained in this part 2 have 1,800,425~~
16 ~~people in them.~~

17 ~~This approach leaves twelve house districts to be devised from the~~
18 ~~remaining fifty counties -- since section 47 of article V of the state~~
19 ~~constitution provides that counties may be split for purposes of equal~~
20 ~~population only, the compactness of these twelve districts is dependent~~
21 ~~for the most part on the shape of county boundaries.~~

22 ~~In order to achieve equal population in these remaining twelve~~
23 ~~districts, and still retain the integrity of county boundaries wherever~~
24 ~~feasible, and to strive for as compact districts as possible, parts of four~~
25 ~~counties contained in the Front Range group were added to the outlying~~
26 ~~twelve districts. (A part of Larimer county was added to district 56; a part~~
27 ~~of Teller county was added to district 61; a part of Elbert county was~~

1 added to district 64; and a part of Morgan county was added to district
2 64.)

3 Aside from cutting across the said four county lines, only nine
4 county boundaries were crossed in devising the twelve outlying districts
5 out of the remaining fifty counties, and these were made for purposes of
6 population equality.

7 In order to pick up the extra population necessary for the Front
8 Range group of districts after deducting the parts allocated to the outlying
9 twelve districts, population from the whole counties of Huerfano,
10 Crowley, and Custer, and a part of Fremont county were added to Pueblo
11 county in order to create four legislative districts.

12 Within the Front Range group of legislative districts there are
13 densely populated areas interspersed within very sparsely populated areas,
14 and this contributes to the difficulties of drawing districts in a compact
15 manner.

16 Wherever feasible in the plan contained in this part 2, districts
17 within densely populated areas have been drawn as compact as possible.
18 However, drawing five compact districts in Adams county, for example,
19 necessitates a sixth district which gives an appearance of
20 noncompactness.

21 **2-2-204. Attachments and detachments.** (1) If any area of this
22 state is omitted from the provisions of this part 2, inadvertently or by
23 virtue of the complexities of the information supplied to the general
24 assembly, the secretary of state, upon discovery of such omission, shall
25 attach such area to the appropriate representative district as follows:

26 (a) If the area is surrounded by a representative district, the area
27 shall be attached to such district.

1 ~~(b) If the area is contiguous to two or more representative~~
2 ~~districts, the area shall be attached to the district that has the least~~
3 ~~population according to the last preceding national census of the United~~
4 ~~States bureau of the census.~~

5 ~~(2) If any area of this state is included in two or more~~
6 ~~representative districts established by this part 2, inadvertently or by~~
7 ~~virtue of the complexities of the information supplied to the general~~
8 ~~assembly, the secretary of state, upon discovery of such inclusion, shall~~
9 ~~detach such area from the representative district or districts having the~~
10 ~~largest population and shall designate such area as being included in the~~
11 ~~representative district having the least population; except that, if such area~~
12 ~~is wholly surrounded by a representative district and by inadvertence is~~
13 ~~also included in another representative district, the secretary of state shall~~
14 ~~designate such area as included in the district wholly surrounding such~~
15 ~~area, regardless of population.~~

16 ~~(3) If any annexation occurring on or after May 1, 1972, changes~~
17 ~~a county boundary which constitutes any portion of the boundary of a~~
18 ~~representative district defined by this part 2 and if the population of the~~
19 ~~area annexed is one hundred seventy persons or less according to the~~
20 ~~1970 federal census, the secretary of state shall detach the area annexed~~
21 ~~from the representative district in which it is included pursuant to this part~~
22 ~~2 and shall attach such area to the adjacent representative district in the~~
23 ~~county to which the area was annexed; except that if such attachment~~
24 ~~would result in any area in one representative district being wholly~~
25 ~~surrounded by area in another representative district, no adjustment in~~
26 ~~representative district boundaries shall be made. If the area annexed is~~
27 ~~adjacent to two or more representative districts in the county to which it~~

1 is annexed, the area shall be attached to the representative district having
2 the least population. The area so attached shall also be attached to any
3 general election precinct adjacent to such area in the county to which the
4 area was annexed.

5 (4) If any annexation occurring on or after May 1, 1972, changes
6 a county boundary which constitutes any portion of the boundary of a
7 representative district defined by this part 2 and if the population of the
8 annexed area is more than one hundred seventy persons according to the
9 1970 federal census, no adjustment in the boundaries of representative
10 districts shall be made, but the area annexed shall constitute a separate
11 general election precinct.

12 (5) Any attachment or detachment made pursuant to the provisions
13 of subsections (1) to (4) of this section shall be certified in writing by and
14 kept on file with the secretary of state. No change may be made in any
15 such attachment or detachment until the representative districts are again
16 reapportioned.

17 **2-2-205. Maps of legislative districts.** The legislative council
18 shall prepare and file with the secretary of state copies of census maps
19 showing thereon each representative district and showing the population
20 of each district according to the official census lines, maps, and statistics
21 as described in this part 2. The legislative council shall retain on file in its
22 office copies of official census maps and population statistics.

23 **2-2-206. Severability.** If one or more of the representative
24 districts defined by this part 2 are found to violate any provision of the
25 state or federal constitution, the remaining districts defined by this part 2
26 which do not violate any such provision may stand as defined, and the
27 general assembly shall redefine the boundaries of those districts held

1 ~~invalid in such a manner that said districts will comply with constitutional~~
2 ~~requirements.~~

3 ~~**2-2-207. Applicability of part 2.** This part 2 applies to the~~
4 ~~forty-ninth and subsequent general assemblies.~~

5 ~~**2-2-208. Redistricting.** (1) The general assembly hereby finds:~~

6 ~~(a) House of representatives district 60 currently includes the six~~
7 ~~counties that compose the San Luis valley, as well as Huerfano county~~
8 ~~and a portion of Las Animas county.~~

9 ~~(b) Certain residents of the San Luis Valley filed a lawsuit against~~
10 ~~the state under section 2 of the federal "Voting Rights Act", 42 U.S.C.~~
11 ~~sec. 1973, alleging that the current boundaries of representative district~~
12 ~~60 deny Hispanics the right to elect representatives of their choice.~~

13 ~~(c) After the United States district court for the district of~~
14 ~~Colorado ruled in favor of the state, *Sanchez v. State of Colorado*, 861~~
15 ~~F.Supp. 1516 (D.Colo. 1994), the United States tenth circuit court of~~
16 ~~appeals reversed the district court decision and ordered the state to redraw~~
17 ~~the boundaries of representative district 60 consistent with section 2 of~~
18 ~~the Voting Rights Act of 1965. *Sanchez v. State of Colorado*, 97 F.3d~~
19 ~~1303 (10th Cir. 1996).~~

20 ~~(d) House joint resolution 97-1045 established an interim~~
21 ~~committee to redraw the boundaries of representative districts 44, 45, 46,~~
22 ~~47, 60, and 61 consistent with the opinion of the tenth circuit court of~~
23 ~~appeals.~~

24 ~~(e) In September of 1997, the interim committee conducted public~~
25 ~~hearings in the affected areas. The committee heard testimony from~~
26 ~~residents of the San Luis valley and other parts of southern Colorado~~
27 ~~about regions that have common interests and regions where interests may~~

1 conflict.

2 (f) Following the public hearings, the committee considered nine
3 proposed plans of redistricting and voted to adopt five preliminary plans.
4 Copies of the preliminary plans were distributed to interested parties and
5 made available on the internet through the general assembly's home page.

6 (g) ~~In October of 1997, the interim committee again conducted~~
7 ~~public hearings in the affected areas for comments on the five preliminary~~
8 ~~plans. The committee heard testimony that residents of Center in~~
9 ~~Saguache county should be included in the new representative district 60~~
10 ~~and that representative district 46 in Pueblo should be drawn to keep~~
11 ~~communities with common interests together.~~

12 (h) ~~The interim committee considered the testimony and discussed~~
13 ~~seven amendments to the preliminary plans before adopting its final~~
14 ~~recommendation to the second regular session of the sixty-first general~~
15 ~~assembly.~~

16 (2) ~~The definition of areas to be included in each representative~~
17 ~~district is by reference to counties and to official census tracts, census~~
18 ~~divisions, census block groups, and census blocks, created by the United~~
19 ~~States bureau of the census to which fixed population counts have been~~
20 ~~assigned as of the year 1990.~~

21 (3) ~~The representative districts 44, 45, 46, 47, 60, and 61 are~~
22 ~~defined as follows:~~

23 (a) **District 44:** ~~The counties of Custer, Fremont, and Teller and~~
24 ~~the following portions of Pueblo county: Block groups 1, 2, 3, 4, and 5~~
25 ~~and blocks 642, 643A, 644, 645, 646, 648, 649, 650, 651, 652, 653, 654,~~

COMMITTEE BILL

Statutory Revision Committee

BILL TOPIC: "Repeal Obsolete Law CO Congressional Districts"

A BILL FOR AN ACT

101 CONCERNING THE REPEAL OF OBSOLETE LAWS RELATING TO
102 REDISTRICTING OF CONGRESSIONAL DISTRICTS.

Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at <http://www.leg.state.co.us/bills/summaries>.)

Statutory Revision Committee. The bill repeals a law relating to Colorado's congressional districts that has been rendered obsolete by the redistricting premised on the 2010 federal census. In addition, certain portions of the law being repealed were held unconstitutional by the state supreme court in *People Ex Rel. Salazar v. Davidson*, 79 P.3d 1221 (Colo. 2003) cert. denied, 541 U.S. 1093, 124 S. Ct. 2228, 159 L. Ed. 2d

*Capital letters indicate new material to be added to existing statute.
Dashes through the words indicate deletions from existing statute.*

260 (2004). The bill also makes a conforming amendment.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1.** In Colorado Revised Statutes, **repeal** 2-1-101.

3 **SECTION 2.** In Colorado Revised Statutes, 2-1-102, **amend** (1)
4 introductory portion as follows:

5 **2-1-102. Neutral criteria for judicial determinations of**
6 **congressional districts.** (1) In determining whether one or more of the
7 congressional districts established in ~~section 2-1-101~~ ACCORDANCE WITH
8 SECTION 44 OF ARTICLE V OF THE STATE CONSTITUTION are lawful and in
9 adopting or enforcing any change to any such district, courts:

10 **SECTION 3. Act subject to petition - effective date.** This act
11 takes effect at 12:01 a.m. on the day following the expiration of the
12 ninety-day period after final adjournment of the general assembly (August
13 9, 2017, if adjournment sine die is on May 10, 2017); except that, if a
14 referendum petition is filed pursuant to section 1 (3) of article V of the
15 state constitution against this act or an item, section, or part of this act
16 within such period, then the act, item, section, or part will not take effect
17 unless approved by the people at the general election to be held in
18 November 2018 and, in such case, will take effect on the date of the
19 official declaration of the vote thereon by the governor.

MEMORANDUM A¹

TO: Statutory Revision Committee

FROM: Kate Meyer, Office of Legislative Legal Services

DATE: October 5, 2016

SUBJECT: Modernization of statutes relating to the Office of the State Auditor

Summary

Staff at the Office of the State Auditor (OSA) recently compiled a list of laws concerning the OSA or the Legislative Audit Committee that could benefit from updates, revisions, or repeals. In consultation with the OSA and the Revisor of Statutes, some of those statutes are not appropriate for the Revisor's Bill but do appear to fall within the charge of the Statutory Revision Committee (Committee). Those provisions are presented herein.

These matters were submitted to the Revisor of Statutes, Jennifer Gilroy, by the State Auditor, Dianne Ray, and Auditor Ray's staff. Revisor Gilroy then referred the matters to Statutory Revision Committee staff.

¹ This legal memorandum was prepared by the Office of Legislative Legal Services (OLLS) in the course of its statutory duty to provide staff assistance to the Statutory Revision Committee (SRC). It does not represent an official legal position of the OLLS, SRC, General Assembly, or the state of Colorado, and is not binding on the members of the SRC. This memorandum is intended for use in the legislative process and as information to assist the SRC in the performance of its legislative duties.

Analysis

1. Repeal obsolete bond registration requirement in § 30-26-101 (5), C.R.S.

Section 30-26-101, C.R.S., allows holders of warrants of counties with more than \$50,000 in floating indebtedness to exchange those warrants for county bonds, if such exchange is approved by election. Subsection (5) of that section requires county bonds so exchanged to be registered with the OSA:

30-26-101. Exchange of warrants for bonds - notice. (5) No bond issued of less denomination than fifty dollars and, if issued for a greater amount, for some multiple of that sum. Such bonds shall bear interest at a such that the net effective interest rate of the issue of bonds does not maximum net effective interest rate authorized, the interest to be paid semi-annually at the office of the county treasurer or at the city of New York, at the option of the holders thereof, upon the production of the proper coupons for the same, such bonds to be payable at the pleasure of the county after ten years from the date of their issuance, but absolutely due and payable twenty years after the date of issue. The whole amount of bonds issued under this part 1 shall not exceed the sum of the county indebtedness at the date of the first publication of the notice submitting the question of funding the county indebtedness; and the amount shall be determined by the board of county commissioners, and a certificate made of the same, and made a part of the records of the county; and any bond issued in excess of such sum shall be void. **All bonds issued under the provisions of this part 1 shall be registered in the office of the state auditor, to whom a fee of ten cents shall be paid for recording each bond;** except that the state auditor by rule or as otherwise provided by law may reduce the amount of the fee if necessary pursuant to section 24-75-402 (3), C.R.S., to reduce the uncommitted reserves of the fund to which all or any portion of the fee is credited. After the uncommitted reserves of the fund are sufficiently reduced, the state auditor by rule or as otherwise provided by law may increase the amount of the fee as provided in section 24-75-402 (4), C.R.S. **(Emphasis added)**

The statute dates back to 1881. The OSA is not aware of any bonds having been registered pursuant to this provision recently and believes the requirement can be repealed. (Alternatively, the Committee may wish to consider whether another registering official or entity would be more appropriate, or whether to raise the amount of the current fee (\$0.10) associated with registering each bond.)

2. Repeal past audit requirement relating to the enhanced emissions program.

Section 42-4-311 (6) (b), C.R.S., required the state Air Quality Control Commission to determine, sometime around 2001, the maximum fee that could be assessed for emissions inspections. The commission was to determine the fee based, in part, on an audit of the program contractor conducted by the OSA:

42-4-311. Operation of inspection and readjustment stations - inspection-only facilities - fleet inspection stations - motor vehicle dealer test facilities - enhanced inspection centers. (6) (b) During the two-year renewal of the contract entered into pursuant to section 42-4-307 (10), the commission shall hold a hearing to determine the maximum fee that may be charged pursuant to the contract for inspections during any subsequent renewal term. Such maximum fee shall be based on estimated actual operating costs during the life of the contract, **determined pursuant to the proceeding and an audit conducted by the office of the state auditor on the contractor**, plus a percentage to be determined by the commission, not to exceed ten percent and not to exceed twenty-five dollars. **(Emphases added)**

Because the period of time specified in subsection (6) (b) has passed, the subsection is obsolete and ripe for repeal.

3. Rectify statutory impossibility pertaining to the timing of performance audits of public highway authorities.

The Legislative Audit Committee (LAC) has the discretion to direct the State Auditor to conduct a performance audit of any public highway authority; except that the LAC may not do so in any year during which the interim Transportation Legislation Review Committee (TLRC) meets.

2-3-121. Performance audits of public highway authorities. At the discretion of the legislative audit committee, the state auditor shall conduct or cause to be conducted a performance audit of any public highway authority created and operating pursuant to part 5 of article 4 of title 43, C.R.S.; **except that the legislative audit committee may not require the state auditor to conduct such a performance audit during any year in which the transportation legislation review committee created in section 43-2-145 (1), C.R.S., is required or authorized to meet.** The state auditor shall prepare a report and recommendations on each audit conducted and shall present the report and recommendations to the committee. The state auditor shall pay the costs of any audit conducted pursuant to this section. **(Emphasis added)**

The TLRC, however, is statutorily required to meet at least once per year, rendering the LAC's ability to require such an audit null.

43-2-145. Transportation legislation review - committee.

(1) (b) **The committee shall meet at least once each year** to review transportation, traffic, and motor vehicle legislation and may consult with experts in the fields of traffic regulation, the licensing of drivers, the registration and titling of motor vehicles, and highway construction and planning and may consult with the personnel of the department of transportation or the department of revenue as may be necessary; except that the committee shall not meet during the 2010 interim. All personnel of the department of transportation, department of revenue, or any state agency or political subdivision of Colorado that regulates motor vehicles or traffic shall cooperate with the committee and with any persons assisting the committee in carrying out its duties pursuant to this section. The committee may review any phase of department of transportation operations, including planning and construction of highway projects, prior to and during the completion of such projects. **(Emphasis added)**

4. Repeal requirements for copies of certain accountings and receipts to be provided to certain state officials.

Section 24-35-106, C.R.S., requires the executive director of the Department of Revenue (DOR) to account monthly to the state treasurer regarding working capital retained by DOR. Copies of this accounting must also be provided to the governor and the state auditor. This law also requires the state treasurer to provide copies of receipts for moneys received from the executive director of DOR to the state auditor (in addition to providing one copy to the executive director and retaining one copy for his or her files).

24-35-106. Deposits by executive director - working capital. The executive director of the department of revenue, before the close of each business day, shall deposit with the state treasurer all sums of money collected by the department of revenue. The executive director may retain for the use of the department of revenue a working capital account in such reasonable amount as may be determined by the executive director and the state treasurer. In the event of disagreement or dispute between them as to the amount of working capital, the question of the reasonable amount of working capital shall be submitted for determination to the governor, whose decision shall be final. The executive director shall account to the state treasurer on or before the first day of each month for the working capital of the department of revenue thus retained, **and one copy of such accounting shall be delivered to the governor, one copy to the state treasurer, and one copy to the state auditor.** The state treasurer, upon receipt of any moneys from the executive director, shall give his receipt therefor, **execute the same in triplicate, and deliver one copy of such receipt to the**

executive director, one copy to the state auditor, and shall retain the third copy thereof in his files. (Emphases added)

Section 24-35-106, C.R.S., was created in 1941. OSA is not aware of having received these accounting and receipt copies. At a minimum, it would appear that the requirement to supply the OSA with these records can be repealed as obsolete. Preliminary feedback from the Treasurer's Office and the Department of Revenue indicates that the provisions of this law pertaining to retention of working capital (and, consequently, reporting on the same) are not currently being utilized and may be obsolete provisions. The Office of Legislative Legal Services (OLLS) staff would like to confer with the Treasurer's Office, the Governor's Office, and DOR regarding how this section can be otherwise modernized.

Statutory Charge²

Modernizing the laws pertaining to the OSA would bring the law of this state into harmony with modern conditions.

Proposed Bill

If the Committee requests a bill draft concerning these issues, OLLS has determined that a bill draft that addresses the relocation, such legislation could be handled as follows:

1. Repeal the last two sentences of § 30-26-101 (5), C.R.S.;
2. Repeal subsection (6) (b) of § 42-4-311, C.R.S.;
3. Repeal or modify the § 2-3-121, C.R.S., exception to the LAC's ability to require a performance audit of public highway authorities; and
4. Repeal the § 24-35-106, C.R.S., requirements to provide the OSA with copies of monthly working capital accountings and receipts for moneys received and,

² The Statutory Revision Committee is charged with "[making] an ongoing examination of the statutes of the state and current judicial decisions for the purpose of discovering defects and anachronisms in the law and recommending needed reforms" and recommending "legislation annually to effect such changes in the law as it deems necessary in order to modify or eliminate antiquated, redundant, or contradictory rules of law and to bring the law of this state into harmony with modern conditions". Section 2-3-902 (1), C.R.S. In addition, the Committee "shall propose legislation only to streamline, reduce, or repeal provisions of the Colorado Revised Statutes." Section 2-3-902 (3), C.R.S.

pending feedback from the other affected entities, otherwise modernize this statute to bring the law into harmony with modern conditions.

ADDENDUM A

30-26-101. Exchange of warrants for bonds - notice. (1) It is the duty of the board of county commissioners of any county having a floating indebtedness exceeding five thousand dollars, upon the petition of fifty registered qualified electors of said county, to publish for the period of thirty days, in a newspaper published within said county, a notice requesting the holders of the warrants of such county to submit, in writing, to the board of county commissioners of said county, within sixty days from the date of the first publication of such notice, a statement of the amount of warrants of such county which they will exchange for the bonds of such county, to be issued under the provisions of this part 1, and the rate at which they will exchange such warrants for such bonds, taking such bonds at par. In case no newspaper is published within such county, such notice may be published in such newspaper published in the city of Denver as the board of county commissioners may select.

(2) It is the duty of such board of county commissioners, upon the petition of fifty of the registered qualified electors of such county, to publish, for the period of at least thirty days immediately preceding a general election, in some newspaper published within such county a notice that at said general election there will be submitted the question whether the board of county commissioners shall issue bonds of such county under the provisions of this part 1 in exchange, at a certain rate, for the warrants of such county issued prior to the date of the first publication of the notice, which rate shall be determined by the board of county commissioners, and it shall be stated in said notice. The question of whether such county indebtedness shall be funded under the provisions of this part 1 and the maximum net effective interest rate such funding bonds shall bear shall be submitted at the next ensuing general election or may be submitted at a special election which said board is empowered to call for that purpose, at any time after the expiration of sixty days from the date of the first publication of the notice, on the petition of fifty registered qualified electors. Said board shall publish, for the period of at least thirty days immediately preceding such special election, in some newspaper published within such county a notice that such question will be submitted at such election. In case no newspaper is published within such county, the board of county commissioners shall cause such notice to be posted in at least two conspicuous places in each of the election precincts of such county, at least thirty days prior to the said election, general or special. Such election shall be held and the results thereof determined in the same manner as provided for authorization of other bonded indebtedness in accordance with part 3 of this article.

(3) The county clerk and recorder of such county shall make out and cause to be delivered to the judges of election in each election precinct in the county, prior to the election, a certified list of the registered qualified electors in such

county; and no person shall vote upon the question of the funding of the county indebtedness unless he has the necessary qualifications as provided by law.

(4) If the issuance of said bonds is approved at such election, the board of county commissioners may issue to any person or corporation holding any county warrant issued prior to the date of the first publication of the notice coupon bonds of such county in exchange therefor at a rate not exceeding that named in the notice published by the board of county commissioners. Should any of the bonds so voted be not exchanged for county warrants, as provided in this part 1, the board of county commissioners may sell the bonds so voted at, above, or below their par values and with the proceeds of such sale redeem or buy the warrants not so exchanged, subject to the provisions of this part 1, but the proceeds of such sale of bonds shall be applied to the purchase or redemption of such warrants and for no other purpose whatever.

(5) No bond shall be issued of less denomination than fifty dollars and, if issued for a greater amount, for some multiple of that sum. Such bonds shall bear interest at a rate such that the net effective interest rate of the issue of bonds does not exceed the maximum net effective interest rate authorized, the interest to be paid semiannually at the office of the county treasurer or at the city of New York, at the option of the holders thereof, upon the production of the proper coupons for the same, such bonds to be payable at the pleasure of the county after ten years from the date of their issuance, but absolutely due and payable twenty years after the date of issue. The whole amount of bonds issued under this part 1 shall not exceed the sum of the county indebtedness at the date of the first publication of the notice submitting the question of funding the county indebtedness; and the amount shall be determined by the board of county commissioners, and a certificate made of the same, and made a part of the records of the county; and any bond issued in excess of such sum shall be void. All bonds issued under the provisions of this part 1 shall be registered in the office of the state auditor, to whom a fee of ten cents shall be paid for recording each bond; except that the state auditor by rule or as otherwise provided by law may reduce the amount of the fee if necessary pursuant to section 24-75-402 (3), C.R.S., to reduce the uncommitted reserves of the fund to which all or any portion of the fee is credited. After the uncommitted reserves of the fund are sufficiently reduced, the state auditor by rule or as otherwise provided by law may increase the amount of the fee as provided in section 24-75-402 (4), C.R.S.

ADDENDUM B

42-4-311. Operation of inspection and readjustment stations - inspection-only facilities - fleet inspection stations - motor vehicle dealer test facilities - enhanced inspection centers. (1) (a) No inspection and readjustment station license, inspection-only facility license, fleet inspection station license, motor vehicle dealer test facility license, or enhanced inspection center contract may be assigned or transferred or used at any other than the station, facility, or center therein designated, and every such license or authorization for an enhanced inspection center shall be posted in a conspicuous place at the facility designated.

(b) Beginning January 1, 1995, no emissions inspector license or authorization shall be assigned or transferred except to a licensed inspection-only facility, fleet inspection station, or enhanced inspection center.

(c) No emissions inspector or emissions mechanic license or authorization may be assigned or transferred, nor shall the inspection and adjustment be made by such emissions inspector or emissions mechanic except at a licensed inspection and readjustment station, inspection-only facility, fleet inspection station, or motor vehicle dealer test facility or authorized enhanced inspection center.

(2) A licensed inspection and readjustment station, inspection-only facility, fleet inspection station, motor vehicle dealer test facility, or authorized enhanced inspection center shall not issue a certification of emissions control to a motor vehicle except upon forms prescribed by the executive director. Such station, facility, or center shall not issue a certification of emissions compliance or emission waiver unless the licensed or authorized emissions inspector or emissions mechanic performing the inspection determines that:

(a) The exhaust gas and, if applicable, evaporative emissions from the motor vehicle comply with the applicable emissions standards and there is no evidence of emissions system tampering nor visible smoke, in which case a certification of emissions compliance shall be issued;

(b) The exhaust gas and, if applicable, evaporative emissions from the motor vehicle do not comply with the applicable emissions standards after the adjustments and repairs required by section 42-4-306 have been performed and there is no evidence of emissions system tampering or visible smoke, in which case a certification of emissions waiver shall be issued. A fleet emission inspector shall not issue a certification of emissions waiver within the enhanced program area.

(3) (a) (I) A verification of emissions test shall be issued to a motor vehicle by a licensed inspection and readjustment station, inspection-only facility, fleet inspection station, or motor vehicle dealer test facility or authorized enhanced inspection center at the time such vehicle is issued a certification of emissions control.

(II) Except as required by section 42-12-404, no verification of emissions test is required to be issued to or required for any motor vehicle that is registered as a collector's item under section 42-12-401.

(III) (A) Repealed.

(B) Commencing July 1, 2001, every inspection and readjustment station, fleet inspection station, and inspection-only facility shall monthly transmit to the department the sum of twenty-five cents per motor vehicle inspection performed by such entity pursuant to this part 3 if the motor vehicle passes such inspection or is granted a waiver. No refund or credit shall be allowed for any unused verification of emissions test forms.

(C) The contractor shall monthly transmit to the department the sum of twenty-five cents per motor vehicle inspection performed by the contractor pursuant to this part 3 if the motor vehicle passes such inspection or is granted a waiver. No refund or credit shall be allowed for any unused verification of emissions test forms.

(b) The moneys collected by the department from the sale of verification forms shall be transmitted to the state treasurer, who shall credit such moneys to the AIR account, which account is created within the highway users tax fund. Moneys from the AIR account, upon appropriation by the general assembly, shall be expended only to pay the costs of administration and enforcement of the automobile inspection and readjustment program by the department and the department of public health and environment.

(4) (a) (I) A licensed inspection and readjustment station, inspection-only facility, or motor vehicle dealer test facility shall charge a fee not to exceed fifteen dollars for the inspection of vehicles, model year 1981 and older, at facilities licensed or authorized within either the basic or enhanced emissions program; except that for 1982 model and newer vehicles a test facility may charge a fee not to exceed twenty-five dollars.

(II) In no case shall any such fee exceed the maximum fee established by and posted by the station or facility pursuant to section 42-4-305 (5) for the inspection of any motor vehicle required to be inspected under section 42-4-310.

(b) A licensed emissions inspection and readjustment station shall charge a fee for performing the adjustments or repairs required for issuance of a certification of emissions waiver not to exceed the maximum charge established in section 42-4-310 and posted by the station pursuant to section 42-4-305.

(5) The fee charged in paragraph (a) of subsection (4) or subsection (6) of this section will be charged to all nonresident vehicle owners subject to the inspection requirement of section 42-4-310 and depending on the county of operation.

(6) (a) The fee charged for enhanced emissions inspections performed within the enhanced emissions program area on 1982 and later motor vehicles shall not be any greater than that determined by the contract and in no case greater than twenty-five dollars. The fee charged for clean screen inspections performed on vehicles registered in the basic area shall not be any greater than that determined by the contract and in no case greater than fifteen dollars. Such fee shall not exceed the maximum fee required to be posted by the enhanced inspection center pursuant to section 42-4-305 for the inspection of any motor vehicle required to be inspected under section 42-4-310.

(b) During the two-year renewal of the contract entered into pursuant to section 42-4-307 (10), the commission shall hold a hearing to determine the maximum fee that may be charged pursuant to the contract for inspections during any subsequent renewal term. Such maximum fee shall be based on estimated actual operating costs during the life of the contract, determined pursuant to the proceeding and an audit conducted by the office of the state auditor on the contractor, plus a percentage to be determined by the commission, not to exceed ten percent and not to exceed twenty-five dollars.

(c) Repealed.

(7) At least one free reinspection shall be provided for those vehicles initially failed at the inspection and readjustment station, inspection-only facility, or enhanced inspection center which conducted the initial inspection, within ten calendar days of such initial inspection.

MEMORANDUM B¹

TO: Statutory Revision Committee

FROM: Kate Meyer, Office of Legislative Legal Services

DATE: October 5, 2016

SUBJECT: Removing out-of-date references to the "American National Standard for Buildings and Facilities Providing Accessibility and Usability for Physically Handicapped People" in article 5 of title 9, C.R.S.

Summary

With regard to construction of accessible housing, current statutes reference a standard promulgated by the American National Standards Institute (ANSI) in 1998. However, the references to this standard are out-of-date, as a more current version of the standard exists.

This matter was brought to the Statutory Revision Committee staff's attention by staff for the Capitol Development Committee, which was notified of the issue by former state Representative Cheri Gerou, current Manager of the State Buildings Program in the Office of the State Architect.

Analysis

Article 5 of title 9, C.R.S.,² sets forth standards for accessible housing for "all buildings and facilities used for housing that are constructed in whole or in part by the use of

state, county, or municipal funds or the funds of any political subdivision of the state or that are constructed with private funds"³ in order to "provide accessibility standards for residential projects designed to serve persons with nonambulatory disabilities, semiambulatory disabilities, sight disabilities, hearing disabilities, disabilities of incoordination, and aging."⁴

In setting forth those standards, article 5 of title 9, C.R.S., makes several references to "ANSI A117.1-1998", defined thusly:

9-5-101. Definitions. As used in this article, unless the context otherwise requires:

(3) "ANSI A117.1-1998" means the 1998 version of the "American National Standard for Buildings and Facilities Providing Accessibility and Usability for Physically Handicapped People", promulgated by the American national standards institute.

The 1998 version of this standard, however, has been replaced by more recent incarnations, resulting in laws that are out-of-date. Because it is unlikely that the General Assembly intended to associate, in perpetuity, accessible building design with the 1998 standard, article 5 of title 9, C.R.S., is merely in need of updating.

Statutory Charge⁵

Updating the statutory references to currently applicable ANSI standards would eliminate antiquated rules of law and bring the law of this state into harmony with modern conditions.

² Article 5 of title 9, C.R.S., is attached in its entirety as **Addendum A** to this memorandum. References to ANSI A117.1-1998 have been highlighted.

³ Section 9-5-103 (1), C.R.S.

⁴ Section 9-5-102 (1), C.R.S.

⁵ The Statutory Revision Committee is charged with "[making] an ongoing examination of the statutes of the state and current judicial decisions for the purpose of discovering defects and anachronisms in the law and recommending needed reforms" and recommending "legislation annually to effect such changes in the law as it deems necessary in order to modify or eliminate antiquated, redundant, or contradictory rules of law and to bring the law of this state into harmony with modern conditions". Section 2-3-902 (1), C.R.S. In addition, the Committee "shall propose legislation only to streamline, reduce, or repeal provisions of the Colorado Revised Statutes." Section 2-3-902 (3), C.R.S.

Proposed Bill

If the Statutory Revision Committee desires the Office of Legislative Legal Services to prepare a bill draft that updates the citation to ANSI A117.1, such draft could replace the references to the 1998 version of the standard with references to the standard that is "currently approved for use by the Office of the State Architect".

Alternatively, the laws could be modified to refer to any "successor standard" or any version of A117.1 "as amended".

Any of these potential approaches will obviate the need to revisit these statutes for similar future corrective legislation every time a new version is adopted by the ANSI.

ADDENDUM A

TITLE 9

Article 5

Standards for Accessible Housing

9-5-101. Definitions. As used in this article, unless the context otherwise requires:

(1) "Accessibility point" means a unit of value exchanged for different levels of accessible dwelling types to satisfy the requirements for dwelling accessibility contained in this article.

(2) "Accessible route" means an interior or exterior circulation path that complies with the provisions contained in "ANSI A117.1-1998".

(3) "ANSI A117.1-1998" means the 1998 version of the "American National Standard for Buildings and Facilities Providing Accessibility and Usability for Physically Handicapped People", promulgated by the American national standards institute.

(4) "Detached residence" means a one- or two-family residence that is separated from adjacent dwellings by an unobstructed physical space. A one- or two-family residence that is separated from an adjacent dwelling by a physical space of less than three feet shall not be considered a detached residence.

(5) "Ground story level" means the lowest story in a dwelling unit containing habitable rooms or areas with an accessible entrance located on an accessible route that contains living, sleeping, cooking, bathing, and toilet facilities. For the purposes of this article, a basement shall not be considered the ground story level if the finished basement floor is located more than four feet below the exterior finished grade determined at any point along the exposed periphery of the dwelling unit.

(6) "Project" means the total number of parcels and buildings in a development planned or constructed by the same developer, builder, or entity on one site or contiguous sites, and also includes all parcels and structures that are parts of the same planned development application or agreement. The separation of contiguous individual buildings, units, lots, tracts, or parcels of land by a property line or by a public or private road shall not create a separate project.

(7) "Property" means the site, parcels of land, plats, lots, tracts, individual dwelling units, existing and proposed structures, and the built environment.

(8) "Residential dwelling unit" means any portion of a building that contains living facilities, including a room or rooms in a facility that have shared cooking, bathing, toilet, or laundry facilities such as dormitories, shelters, assisted living facilities, and boarding homes. "Residential dwelling unit" also means facilities that include provisions for sleeping, cooking, bathing, and

toilet facilities for one or more persons and are used for extended stays, such as time-shares and extended-stay motels. "Residential dwelling unit" does not mean a guest room in a motel or hotel.

(9) "Technically infeasible", in reference to a proposed alteration to a building or facility, means that the proposed alteration is not implemented because:

(a) An existing structural condition or conditions make such alteration labor- or cost-prohibitive;

(b) The building or facility is in strict compliance with minimum accessibility requirements for new construction and, due to existing physical or site constraints, such alteration would negatively impact such compliance.

(10) "Type A dwelling unit" means a dwelling unit designed in accordance with the provisions of ANSI A117.1-1998, section 1002.

(11) "Type A multistory dwelling unit" means a multiple story dwelling unit with a ground story level designed in accordance with the provisions of ANSI A117.1-1998, section 1002, and, if provided, accessible laundry facilities on the ground story level.

(12) "Type B dwelling unit" means a dwelling unit with a ground floor level designed in accordance with the provisions of ANSI A117.1-1998, section 1003.

(13) "Type B multistory dwelling unit" means a multiple-story dwelling unit with a ground story level that is designed in accordance with the provisions of ANSI A117.1-1998, section 1003, and, if provided, accessible laundry facilities on the ground story level.

(14) "Type B visitable ground floor" means a multiple-story dwelling unit with an accessible entrance and toilet facility designed in accordance with the provisions of ANSI A117.1-1998, section 1003.

(15) "Undue hardship" means a substantial and unusual hardship that is the direct result of unique physical site conditions such as topography or geology, or that is the direct result of other unique or special conditions encountered on a property, but that are not typically encountered in the jurisdiction in which such property is located. Constraints, complications, or difficulties that may arise by complying with these statutory standards for accessibility but that do not constitute an undue hardship shall not serve to justify the granting of an exception or variance.

9-5-102. Disabilities covered - purpose. (1) This article is intended to provide accessibility standards for residential projects designed to serve persons with nonambulatory disabilities, semiambulatory disabilities, sight disabilities, hearing disabilities, disabilities of incoordination, and aging.

(2) **Design criteria.** Design criteria shall comply with the 1998 version of the "American National Standard for Buildings and Facilities Providing Accessibility and Usability for Physically Handicapped People", promulgated by

the American national standard institute, commonly cited as "ANSI A117.1-1998".

9-5-103. Applicability of standards - enforcement. (1) The standards and specifications set forth in this article shall apply to all buildings and facilities used for housing that are constructed in whole or in part by the use of state, county, or municipal funds or the funds of any political subdivision of the state or that are constructed with private funds. All such buildings and facilities to be constructed from plans on which architectural drawings are started after July 1, 1975, from any one of these funds or any combination thereof shall conform to each of the standards and specifications prescribed in this article. The governmental unit responsible for the enforcement of this article shall grant exceptions to or modify any particular standard or specification when it is determined that it is impractical and would create an undue hardship. Any such exception or modification of the provisions of this article shall be made in writing as a matter of public record. These standards and specifications shall be adhered to in those buildings and facilities that are constructed or proposed on or after April 29, 2003. This article shall apply to permanent buildings.

(2) The jurisdiction with responsibility for enforcement of this article pursuant to section 9-5-104 shall designate a board of appeals to hear and resolve appeals of orders, decisions, or determinations made by the enforcing agency regarding the application and interpretation of this article.

(3) Any building or facility that would have been subject to the provisions of this article but was under construction prior to July 1, 1976, shall comply with the following:

(a) If the walls or defining boundaries of an element or space are altered, then the altered element or space shall comply with the applicable provisions of section 9-5-105, unless such alteration is technically infeasible. If full compliance with this article is technically infeasible, compliance shall be implemented up to the point of technical infeasibility. No alteration shall be undertaken that negatively impacts accessibility of a building or facility pursuant to ANSI A117.1-1998. This paragraph (a) shall not be construed to require the moving of any existing walls not otherwise planned to be moved.

(b) Any additions to a building or facility shall be treated as new construction for the purposes of enforcement of this article.

(4) The general assembly finds and declares that the standards and specifications set forth in this article are of statewide concern. Nothing in this article shall prohibit any municipality or other governmental subdivision from making and enforcing standards and specifications that are more stringent, and thus provide greater accessibility, than those set forth in this article.

9-5-104. Responsibility for enforcing standards. (1) The responsibility for enforcement of this article is as follows:

(a) For factory-built residential structures as defined in section 24-32-3302 (10), C.R.S., the division of housing created in section 24-32-704, C.R.S.;

(b) In a political subdivision that does not have a local building code, the division of housing created in section 24-32-704, C.R.S.;

(c) For all other housing or in a political subdivision that has adopted a building code, by the building department, or its equivalent, of the political subdivision having jurisdiction.

9-5-105. Exemptions for certain privately funded projects.

(1) Accessible dwelling units shall be provided as required in this article; except that this article does not apply to privately funded projects for the construction of a detached residence or residences or to other types of residential property containing less than seven residential units.

Accessible dwelling unit type:	Accessibility point value per dwelling unit:
Type A dwelling unit	6
Type A multistory dwelling unit	5
Type B dwelling unit	4
Type B multistory dwelling unit	3
Type B visitable ground floor	1

For the purpose of determining the number of accessibility points required pursuant to subsection (2) of this section, the accessible dwelling unit types shall have the following point values:

(2) **Residential projects.** (a) A project shall be assigned accessibility points based on the number of units contained within the project as follows:

Number of units within the project:	Accessibility points required:
0-6	0
7-14	6
15-28	12
29-42	18
43-57	24

58-71	30
72-85	36
86-99	42
100-114	48
115-128	54
129-142	60
143-157	66
158-171	72
172-185	78
186-199	84
etc.	+6 additional points every 14 units or fraction thereof

(b) A project shall include enough accessible dwelling units to achieve at least the specified number of accessibility points required pursuant to paragraph (a) of this subsection (2). A project may use any combination of accessible dwelling unit types to comply with this section.

9-5-106. Implementation plan. The builder of any project regulated by this article shall create an implementation plan that guarantees the timely and evenly phased delivery of the required number of accessible units. Such plan shall clearly specify the number and type of units required and the order in which they are to be completed. Such implementation plan shall be subject to approval by the entity with enforcement authority in such project's jurisdiction. The implementation plan shall not be approved if more than thirty percent of the project is intended to be completed without providing a portion of accessible units required by section 9-5-105; except that, if an undue hardship can be demonstrated, or other guarantees provided are deemed sufficient, the jurisdiction having responsibility for enforcement may grant exceptions to this requirement. The implementation plan shall be approved by the governmental unit responsible for enforcement before a building permit is issued.

MEMORANDUM C¹

TO: Statutory Revision Committee

FROM: Kate Meyer, Office of Legislative Legal Services

DATE: October 5, 2016

SUBJECT: Repeal of physical posting requirement of § 24-30-902 (9) (a), C.R.S.

Summary

Every May, a list of all outstanding warrants and checks to be paid by the state must be posted in the offices of the state Treasurer and Controller. Because this practice is considered outdated by those officials and the posting requirement is not currently being complied with, it is recommended for repeal.

This matter was submitted to the Statutory Revision Committee's (Committee) staff by the state Controller and the Department of Personnel (DPA).

Analysis

Current law requires a list of the previously completed fiscal year's uncashed checks and warrants to be conspicuously posted in the offices of the state Treasurer and Controller each May:

¹ This legal memorandum is made by the Office of Legislative Legal Services (OLLS), a staff agency of the General Assembly, in the course of its statutory duty to provide staff assistance to the Statutory Revision Committee. OLLS legal memoranda do not represent an official legal position of the General Assembly or the state of Colorado and do not bind the members of the General Assembly. They are intended for use in the legislative process and as information to assist the members in the performance of their legislative duties.

24-30-202. Procedures - vouchers, warrants, and checks - rules - penalties. (9) (a) *During the month of May of each year, a list of all warrants and checks drawn and issued during the last completed fiscal year that have not then been presented to the state treasurer for payment shall be posted in a conspicuous place in the offices of the controller and the state treasurer. Such list shall recite the number, date of issue, name of payee, and amount of each such warrant and check. Every warrant and check so listed that shall remain unpaid on the last working day in the month of June of each year shall be scheduled for cancellation as of said date and expunged from the records of the controller and the state treasurer, and the amount thereof shall be credited to the general fund or, if practicable, to the account to which originally charged; except that the amount of any warrant or check drawn on the wildlife cash fund created in section 33-1-112 (1), C.R.S., other than a warrant or check refunding a license fee submitted as part of an unsuccessful limited license application, shall be credited to said fund. (Emphasis added)*²

Although this requirement has been in effect since 1973, it has not been strictly complied with for some time. Instead, an electronic report is prepared and sent to state agencies to review before warrants and checks are canceled. The Office of the Controller provides that information to the public (generally, in electronic format) in response to requests submitted under the "Colorado Open Records Act".³

Statutory Charge⁴

Posting hard copies of unrepresented warrants and checks appears to be an archaic practice. Updating or removing this requirement would modify or eliminate, respectively, an antiquated rule of law.

² Section 24-30-302 (9), C.R.S. is attached in its entirety as **Addendum A** to this memorandum.

³ Part 2 of article 72 of title 24, C.R.S.

⁴ The Statutory Revision Committee is charged with "[making] an ongoing examination of the statutes of the state and current judicial decisions for the purpose of discovering defects and anachronisms in the law and recommending needed reforms" and recommending "legislation annually to effect such changes in the law as it deems necessary in order to modify or eliminate antiquated, redundant, or contradictory rules of law and to bring the law of this state into harmony with modern conditions". Section 2-3-902 (1), C.R.S. In addition, the Committee "shall propose legislation only to streamline, reduce, or repeal provisions of the Colorado Revised Statutes." Section 2-3-902 (3), C.R.S.

Proposed Bill

If the Committee requests that the Office of Legislative Legal Services prepare a bill draft, it is staff's understanding that **the preference of the Controller and the DPA** is to simply repeal the annual posting requirement, because interested persons are able to request that information on an as-needed, case-by-case basis, and for the time periods of their choosing, by submitting a request pursuant to the "Colorado Open Records Act".

Alternatively, the posting requirement could be made electronic instead, which would maintain the requirement for a record to be produced listing the unrepresented warrants and checks. If the Committee prefers this approach, the state Treasurer and Controller should be consulted as to timing of the electronic posting.

ADDENDUM A

24-30-202. Procedures - vouchers, warrants, and checks - rules - penalties.

(9) (a) During the month of May of each year, a list of all warrants and checks drawn and issued during the last completed fiscal year that have not then been presented to the state treasurer for payment shall be posted in a conspicuous place in the offices of the controller and the state treasurer. Such list shall recite the number, date of issue, name of payee, and amount of each such warrant and check. Every warrant and check so listed that shall remain unpaid on the last working day in the month of June of each year shall be scheduled for cancellation as of said date and expunged from the records of the controller and the state treasurer, and the amount thereof shall be credited to the general fund or, if practicable, to the account to which originally charged; except that the amount of any warrant or check drawn on the wildlife cash fund created in section 33-1-112 (1), C.R.S., other than a warrant or check refunding a license fee submitted as part of an unsuccessful limited license application, shall be credited to said fund.

(b) If at any time thereafter application is made to the controller for reissuance of any warrant or check that has been cancelled and expunged from the records and it appears that the expenditure or claim that the cancelled warrant or check represented is still valid and unpaid, the controller shall issue a new warrant or check, and the amount thereof shall be charged to the fund or account to which the amount of the cancelled warrant or check was previously credited.

(c) In the event of any conflict between this subsection (9) and any provision of the "Unclaimed Property Act", article 13 of title 38, C.R.S., the provisions of the "Unclaimed Property Act" shall control; except that this subsection (9) shall control with regard to:

(I) A tax warrant or check;

(II) Repealed.

(III) That portion of a warrant or check representing moneys received from the federal government;

(IV) A warrant or check drawn on the wildlife cash fund created in section 33-1-112 (1), C.R.S., other than a warrant or check refunding a license fee submitted as part of an unsuccessful limited license application.

(d) Notwithstanding any provision of this subsection (9) to the contrary, the provisions of this subsection (9) shall not apply to any warrant or check drawn by an institution of higher education or by the Auraria higher education center that is exempt from the state fiscal rules pursuant to paragraph (b) of subsection (13) of this section.

MEMORANDUM D¹

TO: Statutory Revision Committee

FROM: Kristen Forrestal, Office of Legislative Legal Services

DATE: October 5, 2016

SUBJECT: Definition of “minor” as applied to tobacco education funding and county regulation of tobacco usage

Summary

This issue came to the attention of the Office of Legislative Legal Services’ staff through a senior staff attorney’s review of recent legislation. The definitive statutes that prohibit the sale of tobacco products to minors, § 18-13-121, C.R.S., and part 5 of article 35 of title 24, C.R.S., define or reference the term “minor” as a person under eighteen years of age. There are other sections in statute that refer to “minor” in relation to tobacco products that do not define the term, therefore; the general definition in § 2-4-401 that states that a minor is “any person who has not attained the age of twenty-one years”, applies to these statutes.

Analysis

Section 18-13-121, C.R.S., prohibits a person from giving, selling, distributing, dispensing, or offering for sale a cigarette, tobacco product, or nicotine product to any person “who is under eighteen years of age”. Similarly, § 24-35-502 (5), C.R.S., defines

minor as “a person under eighteen years of age”. This definition applies to part 5 of article 35 of title 24, C.R.S., which concerns the regulation of tobacco sales to minors.²

However, the following sections that refer to “minor” in relation to tobacco sales do not define the term:

- Section 24-22-117 (2)(c)(III)(B), C.R.S., in reference to the tobacco education programs fund, includes a reference to enforcing laws relating to the sale of tobacco products to minors:

24-22-117. Tobacco tax cash fund - accounts - creation - legislative declaration. (2) There are hereby created in the state treasury the following funds:

(c) (III) For fiscal year 2005-06 and each fiscal year thereafter, moneys in the tobacco education programs fund shall be annually appropriated by the general assembly as follows:

(B) Up to three hundred fifty thousand dollars to the division of liquor enforcement in the department of revenue for the purpose of enforcing laws relating to the sale of tobacco to **minors**.

- Section 25-3.5-805 (1)(i), C.R.S., relating to the tobacco education, prevention, and cessation program, specifies where the money may be used for activities to prevent the sale or furnishing by other means of cigarettes or tobacco products to minors:

25-3.5-805. Tobacco education, prevention, and cessation programs - requirements. (1) An entity that applies for a grant pursuant to the provisions of this part 8 shall in the application demonstrate that the tobacco education, prevention, or cessation program provides at least one of the following:

(i) Activities to prevent the sale or furnishing by other means of cigarettes or tobacco products to **minors**; or

- Section 30-15-401 (1.5), C.R.S., states that counties may adopt a resolution or ordinance prohibiting minors from possessing cigarettes or tobacco products:

30-15-401. General regulations - definitions. (1.5) In addition to any other powers, the board of county commissioners has the power to adopt a resolution or an ordinance prohibiting **minors** from possessing cigarettes or tobacco products, as defined by section 39-28.5-101 (5), C.R.S.

² See **Addendum A** for the text of these statutory sections.

Because these sections do not define “minor”, the term may be interpreted as according to the general definition of minor in section 2-4-401, C.R.S., which reads as follows:

2-4-401. Definitions. The following definitions apply to every statute, unless the context otherwise requires:

(6) "Minor" means any person who has not attained the age of twenty-one years. No construction of this subsection (6) shall supersede the express language of any statute.

Statutory Charge³

Because there are three sections of existing law in relation to tobacco use that do not define the term “minor”, they present a potential conflict with the existing laws that specifically define “minor” as a person under eighteen years of age.

Proposed Bill

If the Statutory Revision Committee requests a bill draft concerning this issue, the Office of Legislative Legal Services has determined that the draft bill would define the term “minor” as “a person under eighteen years of age” in the three sections of law where this term is not currently defined.

³ The Statutory Revision Committee is charged with "[making] an ongoing examination of the statutes of the state and current judicial decisions for the purpose of discovering defects and anachronisms in the law and recommending needed reforms" and recommending "legislation annually to effect such changes in the law as it deems necessary in order to modify or eliminate antiquated, redundant, or contradictory rules of law and to bring the law of this state into harmony with modern conditions". Section 2-3-902 (1), C.R.S. In addition, the Committee "shall propose legislation only to streamline, reduce, or repeal provisions of the Colorado Revised Statutes." Section 2-3-902 (3), C.R.S.

ADDENDUM A

18-13-121. Furnishing cigarettes, tobacco products, or nicotine products to minors. . (1) (a) A person shall not give, sell, distribute, dispense, or offer for sale a cigarette, tobacco product, or nicotine product to any person who is under eighteen years of age.

(b) Before giving, selling, distributing, dispensing, or offering to sell to an individual any cigarette, tobacco product, or nicotine product, a person shall request from the individual and examine a government-issued photographic identification that establishes that the individual is eighteen years of age or older; except that, in face-to-face transactions, this requirement is waived if the individual appears older than thirty years of age.

(c) A person who violates paragraph (a) or (b) of this subsection (1) commits a class 2 petty offense and, upon conviction thereof, shall be punished by a fine of two hundred dollars.

(d) It is an affirmative defense to a prosecution under paragraph (a) of this subsection (1) that the person furnishing the cigarette, tobacco product, or nicotine product was presented with and reasonably relied upon a document that identified the individual receiving the cigarette, tobacco product, or nicotine product as being eighteen years of age or older.

(2) (a) A person who is under eighteen years of age and who purchases or attempts to purchase any cigarettes, tobacco products, or nicotine products commits a class 2 petty offense and, upon conviction thereof, shall be punished by a fine of one hundred dollars; except that, following a conviction or adjudication for a first offense under this subsection (2), the court in lieu of the fine may sentence the person to participate in a tobacco education program. The court may allow a person convicted under this subsection (2) to perform community service and be granted credit against the fine and court costs at the rate of five dollars for each hour of work performed for up to fifty percent of the fine and court costs.

(b) It is not an offense under paragraph (a) of this subsection (2) if the person under eighteen years of age was acting at the direction of an employee of a governmental agency authorized to enforce or ensure compliance with laws relating to the prohibition of the sale of cigarettes, tobacco products, or nicotine products to minors.

(3) Nothing in this section prohibits a statutory or home-rule municipality from enacting an ordinance that prohibits a person under eighteen years of age from purchasing any cigarettes, tobacco products, or nicotine products or imposes requirements more stringent than provided in this section.

(3.5) Nothing in this section affects federal laws concerning cigarettes, tobacco products, or nicotine products, as they apply to military bases and Indian reservations within the state.

(4) (Deleted by amendment, L. 98, p. 1185, 2, effective July 1, 1998.)

(5) (a) As used in this section, "cigarette, tobacco product, or nicotine product" means:

(I) A product that contains nicotine or tobacco or is derived from tobacco and is intended to be ingested or inhaled by or applied to the skin of an individual; or

(II) Any device that can be used to deliver tobacco or nicotine to the person inhaling from the device, including an electronic cigarette, cigar, cigarillo, or pipe.

(b) Notwithstanding any provision of paragraph (a) of this subsection (5) to the contrary, "cigarette, tobacco product, or nicotine product" does not mean a product that the food and drug administration of the United States department of health and human services has approved as a tobacco use cessation product.

24-35-502. Definitions. As used in this part 5, unless the context otherwise requires:

(5) "Minor" means a person under eighteen years of age.

MEMORANDUM E¹

TO: Statutory Revision Committee

FROM: Jane Ritter, Office of Legislative Legal Services

DATE: October 5, 2016

SUBJECT: Addressing legislation changes from the Department of Education related to outdated or defective provisions of law

Summary

During a review of its governing statutes in title 22 of the Colorado Revised Statutes (C.R.S.), the Colorado Department of Education (CDE) identified three separate issues comprising outdated or defective provisions of law.

The first instance stems from a change to law that allows certain school districts to submit performance plans every two years rather than annually. However, a corresponding statute still requires school district accountability committees to submit recommendations to the school district annually regarding the performance plans. The second issue relates to replacing an outdated reference to "October 1" in the Public School Transportation Fund with "pupil enrollment count day", as defined and used elsewhere in statute. Finally, there are numerous references in title 22, C.R.S., and one in title 19, C.R.S., to "accredited independent school" and "accredited nonpublic

school". Given that the state board of education only accredits public schools, the terms are meaningless.

Analysis and Statutory Charge²

1. District accountability committees' recommendations to school districts regarding performance plans.

House Bill 16-1440 made a change to the submission requirements for school districts that are accredited in the two highest categories of the accountability system. These districts may now submit a performance plan every two years, rather than annually.³ However, statute still requires the district accountability committees to make annual recommendations to their local school boards regarding the districts' performance plans.⁴ The requirement does not make sense for those schools who now submit plans every other year. The requirement is outdated and needs modification.

2. Conforming the mileage count date with the pupil enrollment count date.

House Bill 12-1090 changed several statutory references in title 22, C.R.S., from "October 1" to the "pupil enrollment count day as defined in section 22-54-103 (10.5)". However, the reference in the Public School Transportation Fund was not included in that bill and remains "October 1". The mileage count date and pupil enrollment count date have historically been the same date, but now, if October 1 falls on a holiday, the dates differ and create confusion and ineffective counts. The separate October 1 reference is outdated and needs modification.

² The Statutory Revision Committee is charged with "[making] an ongoing examination of the statutes of the state and current judicial decisions for the purpose of discovering defects and anachronisms in the law and recommending needed reforms" and recommending "legislation annually to effect such changes in the law as it deems necessary in order to modify or eliminate antiquated, redundant, or contradictory rules of law and to bring the law of this state into harmony with modern conditions". Section 2-3-902 (1), C.R.S. In addition, the Committee "shall propose legislation only to streamline, reduce, or repeal provisions of the Colorado Revised Statutes." Section 2-3-902 (3), C.R.S.

³ Section 22-11-403 (5)(a), C.R.S.

⁴ Section 22-11-302 (1)(b), C.R.S.

3. References to "accredited independent school" and "accredited nonpublic school".

The current educator licensing statutes make reference to "accredited independent school" and "accredited nonpublic school". A definition only exists for "accredited independent school", stating that such a school is one "which is accredited by the state board of education pursuant to the rules and regulations of said board."⁵ However, the state board of education has never accredited an independent or nonpublic school. Therefore, these two phrases refer to entities that simply do not, and cannot, exist. References to "accredited independent school" and "accredited nonpublic school" do not reflect modern conditions and represent defective pieces of law requiring repeal.

Proposed Bill

If the Statutory Revision Committee authorizes OLLS to prepare a bill draft to accept CDE's recommendations on these three separate issues, the bill would:

1. Strike "annually" from § 22-11-302 (1)(b);
2. Strike "October 1" from § 22-51-105 (1) and replacing it with "the pupil enrollment count day, as defined in section 22-54-103 (10.5)"; and
3. Strike from statute all references to the phrases "accredited independent school" and "accredited nonpublic school".

MEMORANDUM F¹

TO: Statutory Revision Committee

FROM: Jane Ritter, Office of Legislative Legal Services

DATE: October 5, 2016

SUBJECT: Making terminology referencing American Indians and Native Americans consistent throughout the Colorado Revised Statutes

Summary

The Colorado Revised Statutes alternately uses the terms "American Indian", "Indian", and "Native American" to refer to people whose pre-Columbian ancestors were indigenous to the lands within the nation's modern boundaries. Because the laws of the state should employ uniform and modern terminology, as well as conform to federal law where appropriate, they should be aligned and updated as necessary to reflect that "American Indian or Native American" is the preferred nomenclature.

¹ This legal memorandum was prepared by the Office of Legislative Legal Services (OLLS) in the course of its statutory duty to provide staff assistance to the Statutory Revision Committee (SRC). It does not represent an official legal position of the OLLS, SRC, General Assembly, or the state of Colorado, and is not binding on the members of the SRC. This memorandum is intended for use in the legislative process and as information to assist the SRC in the performance of its legislative duties.

Analysis and Statutory Charge²

Currently, a search of the Colorado Revised Statutes finds 326 references to the term "Indian" alone, 25 references to "Native American", and only 13 references to the term "American Indian". The Colorado Commission on Indian Affairs has informed the Office of Legislative Legal Services (OLLS) that the term "American Indian or Native American" is the preferred term on a federal and state level.

Updating the statutes by using the term "American Indian or Native American" would eliminate both antiquated and contradictory laws and bring the law of this state into harmony with modern conditions. It would also be flexible enough to accommodate possible future changes in federal law.

Proposed Bill

If the Statutory Revision Committee authorizes OLLS staff to prepare a bill draft to modernize and update these statutory references, the draft would change references to "Native American", "Indian", or "American Indian" to the overarching term "American Indian or Native American". Because some of these references will be unsuitable for alteration (e.g., terms of art, short titles of federal laws, etc.), staff would need to consult with the Colorado Commission on Indian Affairs during the drafting process. If a term other than "American Indian or Native American" is used in a fund name, for instance, OLLS staff would seek guidance from that entity whether they would prefer to retain the same fund name with a term other than "American Indian or Native American" or repeal the existing fund, create a new fund using "American Indian or Native American" in the fund name, and transfer all money from the original fund to the new fund.

² The Statutory Revision Committee is charged with "[making] an ongoing examination of the statutes of the state and current judicial decisions for the purpose of discovering defects and anachronisms in the law and recommending needed reforms" and recommending "legislation annually to effect such changes in the law as it deems necessary in order to modify or eliminate antiquated, redundant, or contradictory rules of law and to bring the law of this state into harmony with modern conditions". FROM: Debbie Haskins, Office of Legislative Legal Services

DATE: October 5, 2016

SUBJECT: Modernization of the language used to transfer state agencies and functions in the "Administrative Organization Act of 1968" and in the Colorado Revised Statutes

Summary

For many years, staff at the Office of Legislative Legal Services (OLLS) has been aware of verbose and inconsistent language used in the Colorado Revised Statutes (C.R.S.) to implement the "Administrative Organization Act of 1968" ("Administrative Organization Act"). The terminology used to transfer the functions of one agency to another is archaic, obsolete, and difficult for the agencies and the public to understand. Furthermore, at least 47 different variations of the transfer language currently appear in the C.R.S.

The opportunity to simplify and standardize this transfer language presents a needed reform that may benefit the agencies whose powers and duties are governed by it, as well as Coloradans who look to the statutes to understand how these agencies function.

¹ This legal memorandum was prepared by the Office of Legislative Legal Services (OLLS) in the course of its statutory duty to provide staff assistance to the Statutory Revision Committee (SRC). It does not represent an official legal position of the OLLS, SRC, General Assembly, or the state of Colorado, and is not binding on the members of the SRC. This memorandum is intended for use in the legislative process and as information to assist the SRC in the performance of its legislative duties.

Analysis

1. Background on the "Administrative Organization Act" and analysis of drafting practices based on the Act.

In 1966, Colorado voters approved a constitutional amendment calling for the reorganization of the state government's executive branch into not more than 20 principal departments.²

In 1967, an interim committee analyzed every unit of state government, consolidated them into 17 principal departments,³ and decided whether the agency should be a **type 1** or a **type 2** entity or whether it should be abolished through a **type 3** transfer.⁴ Based on that analysis, the General Assembly enacted Senate Bill 68-001, creating the "Administrative Organization Act of 1968",⁵ in article 1 of title 24, C.R.S., which laid out the structure of the principal departments, assigned every division and board to a principal department, and specified its type.

The reorganization was based on a transfer concept set out in § 24-1-105, C.R.S., which defines the three types of transfers that determine the relationship between an agency and the principal department.⁶ The designation of an agency as a **type 1** or **type 2** agency, and the transfer of the agency's powers, duties, and functions to another agency by a **type 1** or **type 2** transfer, affects the authority of the agency, and the type defines the relationship between the agency and the principal department to which the agency is assigned. Any mention of the status type in the C.R.S. appears in **bold**.

² Amendment 1 (titled "An Amendment to Article IV of the Constitution of the State of Colorado, by the addition of a new section 22, providing that executive and administrative offices, agencies, and instrumentalities of the executive department of the state government shall be allocated to not to exceed twenty departments, with certain exceptions."), which was submitted to the electorate by the General Assembly, created Colorado constitution, art. IV, § 22.

³ Currently, there are 19 principal departments.

⁵ 1968 Colo. Sess. Laws, ch. 53.

⁶ See **Addendum A**.

According to the *Colorado Legislative Drafting Manual*, there is a significant difference between the powers of a **type 1**⁷ agency and a **type 2**⁸ agency:

A **type 1** transfer denotes a relationship in which the subordinate division, board, or other agency exercises its powers, duties, and functions independently of the executive director of the department within which the agency is placed. The most important powers retained by a **type 1** agency – powers which may be exercised in whatever way the agency determines, even without the approval of the executive director – are the promulgation of rules and the rendering of administrative findings, orders, and adjudications.⁹

In a **type 2** transfer, all powers, duties, and functions of the division, board, or other agency belong to the executive director of the department.¹⁰

A **type 3** transfer involves the transfer of *all* functions of an agency to another agency and the abolition of the old agency; it is rarely used.¹¹

In Senate Bill 68-001, each agency and its powers, duties, and functions were transferred to a principal department using the simple phrase "are transferred". For example:

24-1-117. Department of revenue - creation. (2) The department of revenue and the office of director of revenue, created by article 35 of this title, and their powers, duties, and functions **are transferred by a type 2 transfer to the department of revenue.**

(3) The powers, duties, and functions of the secretary of state with respect to fermented malt beverages and malt, vinous, and spirituous liquors under the provisions of articles 46 to 48 of title 12, C.R.S., **are transferred by a type 2 transfer to the department of revenue.**

The 1967 interim committee recommended and intended¹² that any new agencies created after the reorganization would be created using a transfer approach via the three statutorily defined types of transfers.

⁷ Examples of **type 1** agencies are the state board of education, the state board of health, and the public utilities commission.

⁸ Examples of **type 2** agencies are the office of the state registrar, the Colorado commission on aging, and the division of youth corrections.

⁹ *Colorado Legislative Drafting Manual*, the Office of Legislative Legal Services, p. 6-1 (2016).

¹⁰ *Id.*

¹¹ *Id.*

In 1969, the year following the reorganization, the simple phrase "are transferred" was again used when transferring or creating new departments; however, in 1970 and years thereafter, variations arose, including:

- "are hereby transferred"; and
- "as if the same were transferred to the department by a **type 1** transfer as such transfer is defined in the Administrative 'Organization Act of 1968'".

Ten years after the reorganization, the 1977 *Legislative Drafting Manual* explained to drafters that when drafting bills creating a new agency or transferring an agency to another agency, the drafter needed to do two things: 1) amend the applicable section in the "Administrative Organization Act" *and* the organic statute governing the agency to specify the transfer and type of the agency; and 2) use the phrase "as if it were transferred" when making such a transfer.

According to the 1977 *Legislative Drafting Manual*:

In order to keep article 1 up to date and to clearly define the status of newly created agencies within the context of executive reorganization, any bill creating a new executive agency with substantive powers (i.e., an agency other than a strictly advisory board or committee), or transferring any such agency from one department to another, or abolishing such an agency, **MUST** include an appropriate amendment to title 24, article 1.

...

In the case of a new agency, the text should refer to the type of transfer with the notation that the agency shall exercise its powers, etc., as if it were transferred by a type 1 or type 2 transfer, since a new agency is not actually being transferred.

...

As a matter of custom, similar language defining the type of transfer is included in the substantive law governing the agency created or transferred.¹³

Nothing in article 1 of title 24, C.R.S., nor in the interim committee report, explains that a subsequent *transfer* of an entity should be accomplished using the phrase "as if it were transferred". This language appears to be the result of the way *some, but not all*, bills were drafted after the 1968 reorganization.

¹² "Reorganizing the Executive Branch of Colorado's State Government", p. xx.

¹³ *Legislative Drafting Manual*, Legislative Drafting Office, pp. 70-71 (1977).

In hindsight, the language "as if it were transferred by a **type 1** or **type 2** transfer" is an awkward and unclear phrase. This language essentially ties the creation of a new board's powers back to a reorganization that occurred in 1968 — in essence the translation is that "new board X exercises its powers as a **type 1** board as if it were being transferred by a **type 1** transfer back in 1968". This approach creates a fictional reality and is not the most clear and direct way to express what is actually intended.

2. The transfer language used in the C.R.S. is overly complicated and difficult for the state agencies and the public to understand. The Statutory Revision Committee could introduce legislation to modernize and simplify the language while preserving the existing type of the agencies.

In the C.R.S., there are at least 298 references to **type 1**, **type 2**, or **type 3** transfers. What is astonishing is that *there are at least 47 different ways the transfers are described*, sometimes within the same subsection.

The following table illustrates some of the variety of ways agency transfers are worded in statute:

"as if the same were transferred to the department by a type 2 transfer"
"as if the same were transferred by a type 2 transfer"
"as if the same were transferred by a type 1 transfer to the department"
"as if the same were transferred thereto by a type 1 transfer"
"as if transferred thereto by a type 2 transfer"
"as if it were transferred to said department by a type 1 transfer"
"as transferred to the department by a type 2 transfer, as such transfer is defined in the 'Administrative Organization Act of 1968', article 1 of this title"
"as if the agency or officer were transferred to the department by a type 2 transfer, as defined in section 24-1-105"

As is demonstrated in **Addendum B**, there are multiple variations of expressing the transfer concept, which adds to the confusion. Instead, the designation of the status of an agency's powers as either a **type 1** or **type 2** entity could be stated very simply in plain English:

Board X is transferred from department A to department B by a **type 2** transfer and operates as a **type 2** board/entity.

Agency X is a **type 1** [or **type 2**] board/entity.

Agency X is created in department B as a **type 1** [or **type 2**] board/entity.

Agency X exercises its powers, duties, and functions as a **type 1** [or **type 2**] board.

Agency X operates as a **type 1** [or **type 2**] board/entity.

Modernizing and simplifying these statements would result in statutes that are expressed in the present time and in the present tense while preserving the entity's status and powers as designated by type in the "Administrative Organization Act". This approach would standardize and streamline the transfer language in the "Administrative Organization Act" and in the C.R.S.

3. While the status of an agency is expressed in article 1 of title 24, C.R.S., many times the type 1 or type 2 status of the agency is not contained in the organic statutes.

For some reason, which the OLLS staff has not been able to ascertain, the 1968 legislation that reorganized all state agencies did not include corresponding amendments in the "organic" statutes that actually create the particular departments, divisions, or boards.

This inconsistency resulted in an anomaly in which numerous boards' and agencies' statuses, with regard to their powers, duties, and functions, can only be found in article 1 of title 24, C.R.S., and not in their organic statutes, where a reader would typically look for this information.

Because the "Administrative Organization Act" requires an agency to exercise its powers consistent with the level of authority allocated to it by the General Assembly, it would be helpful to the departments and to the public to provide ready access to that information in the relevant statutes that establish the agency.

In addition, when comparing the "Administrative Organization Act" and the organic statutes, the staff has identified some discrepancies in the names of entities and references to units of government that no longer exist. Legislation sponsored by the Statutory Revision Committee could correct these errors and discrepancies.

4. There are numerous instances of outdated "boilerplate" language remaining in the C.R.S. relating to type 3 transfers.

When a **type 3** transfer is made, the original agency is abolished and its functions and powers are transferred to another principal department. Often as part of that transfer,

the original legislation included "boilerplate" language that transferred the employees, records, and property of the original agency to its successor agency. Over time, this language has become outdated. The Statutory Revision Committee could sponsor legislation to repeal the obsolete language. When the C.R.S. is published, the OLLS staff could include an editor's note explaining where to find the original transfer language. To prevent similar "boilerplate" language from lingering in the statutes, new **type 3** transfers could include a provision to automatically repeal this language in the future.

Statutory Charge¹⁴

The issues presented fit within the Statutory Revision Committee's charge because they would eliminate defects in the law, bring the law into harmony with modern conditions, align and harmonize the status and powers assigned to particular units of state agencies in the "Administrative Organization Act", and repeal outdated language.

Proposed Bill

If the Statutory Revision Committee requests a bill draft concerning this issue, OLLS has determined that the "Administrative Organization Act" and the overall C.R.S., in applicable places, could be modernized and simplified by:

1. Modernizing the existing statutes and drafting conventions to state the designation of the status of an agency's powers, duties, and functions as either a **type 1** or **type 2** entity in plain English whenever an agency is transferred from one department to another or is newly created.¹⁵
2. Amending the applicable organic statutes to specify and align the **type 1** or **type 2** status of the boards, commissions, divisions, and agencies with the designation of the **type 1** or **type 2** status that is assigned in the

¹⁴ The Statutory Revision Committee is charged with "[making] an ongoing examination of the statutes of the state and current judicial decisions for the purpose of discovering defects and anachronisms in the law and recommending needed reforms" and recommending "legislation annually to effect such changes in the law as it deems necessary in order to modify or eliminate antiquated, redundant, or contradictory rules of law and to bring the law of this state into harmony with modern conditions". Section 2-3-902 (1), C.R.S. In addition, the Committee "shall propose legislation only to streamline, reduce, or repeal provisions of the Colorado Revised Statutes." Section 2-3-902 (3), C.R.S.

"Administrative Organization Act"¹⁶ and correcting errors in the names of entities and references to units of government that no longer exist.

3. Repealing outdated historical "boilerplate" provisions relating to the transfer of functions to another department in a **type 3** transfer that abolished the original agency.¹⁷

ADDENDUM A

COLORADO REVISED STATUTES

24-1-105. Types of transfers. (1) Under this article, a **type 1** transfer means the transferring intact of an existing department, institution, or other agency, or part thereof, to a principal department established by this article. When any department, institution, or other agency, or part thereof, is transferred to a principal department under a **type 1** transfer, that department, institution, or other agency, or part thereof, shall be administered under the direction and supervision of that principal department, but it shall exercise its prescribed statutory powers, duties, and functions, including rule-making, regulation, licensing, and registration, the promulgation of rules, rates, regulations, and standards, and the rendering of findings, orders, and adjudications, independently of the head of the principal department. Under a **type 1** transfer, any powers, duties, and functions not specifically vested by statute in the agency being transferred, including, but not limited to, all budgeting, purchasing, planning, and related management functions of any transferred department, institution, or other agency, or part thereof, shall be performed under the direction and supervision of the head of the principal department.

(2) Under this article, a **type 2** transfer means the transferring of all or part of an existing department, institution, or other agency to a principal department established by this article. When all or part of any department, institution, or other agency is transferred to a principal department under a **type 2** transfer, its statutory authority, powers, duties, and functions, records, personnel, property, and unexpended balances of appropriations, allocations, or other funds, including the functions of budgeting, purchasing, and planning, are transferred to the principal department.

(3) Under this article, a **type 3** transfer means the abolishing of an existing department, institution, or other agency and the transferring of all or part of its powers, duties, functions, records, personnel, property, and unexpended balances of appropriations, allocations, or other funds to a principal department as specified under this article.

(4) When any department, institution, or other agency, or part thereof, is transferred by a **type 2** or **type 3** transfer to a principal department under the provisions of this article, its prescribed powers, duties, and functions, including rule-making, regulation, licensing, promulgation of rules, rates, regulations, and standards, and the rendering of findings, orders, and adjudications are transferred to the head of the principal department into which the department, institution, or other agency, or part thereof, has been transferred.

ADDENDUM C

To modernize and simplify the language in organic statutes, a section of a bill could read:

SECTION __. In Colorado Revised Statutes, 25-9-104, **amend** (8) as follows:

25-9-104. Duties of board - rules. (8) The board ~~may exercise~~ EXERCISES its powers, and ~~perform its duties and functions as if it were transferred to the department by a type 1 transfer under the "Administrative Organization Act of 1968", article 1 of title 24, C.R.S.~~ duties, and functions as a **type 1** board.

SECTION __. In Colorado Revised Statutes, **amend** 26-1-302, (1) as follows:

26-1-302. Colorado traumatic brain injury trust fund board - creation - powers and duties. (1) There is hereby created the Colorado traumatic brain injury trust fund board within the state department of human services. The board ~~shall exercise~~ EXERCISES its powers and duties as ~~if transferred by a type 2 transfer~~ **BOARD**.

To modernize the language in the "Administrative Organization Act", a section of a bill could read:

SECTION _. In Colorado Revised Statutes, 24-1-122, **amend** (2)(a.5) and (2)(b)(II) as follows:

24-1-122. Department of regulatory agencies - creation. (2) The department of regulatory agencies shall consist of the following divisions:

(a.5) The office of consumer counsel and the utility consumers' board, created by article 6.5 of title 40, C.R.S. The office of consumer counsel and its powers, duties, and functions are transferred by a **type 1** transfer to the department of regulatory agencies as a division thereof. The utility consumers' board shall exercise its powers and perform its duties and functions under the department as ~~if the same were transferred to the department by a type 1 transfer~~ **BOARD** and is allocated to the office of consumer counsel.

(b) (II) The workers' compensation classification appeals board, created by section 8-55-101 (1), C.R.S., ~~shall exercise its powers and perform duties and functions under~~ IS TRANSFERRED BY A **TYPE 1** TRANSFER TO the division of insurance as ~~if such workers' compensation classification appeals board were transferred to~~ AND EXERCISES ITS POWERS AND PERFORMS DUTIES AND FUNCTIONS UNDER the division of insurance ~~by~~ AS a **type 1 transfer** **BOARD**.

In these examples, 49 words in total are removed from the C.R.S., and yet the language in the statute is much clearer and the meaning is preserved.

ADDENDUM D

The following is included as an example of a section of a bill that would ensure that a board, commission, or agency's **type 1** or **type 2** status is reflected in both the "Administrative Organization Act" and the organic statute.

In section 24-1-119 (6)(a), C.R.S., of the "Administrative Organization Act", the office of the state chemist is transferred to the department of public health and environment by a **type 2** transfer and allocated to the division of administration:

24-1-119. Department of public health and environment - creation.

(6) The division of administration shall include the following:

(a) The office of state chemist, created by part 4 of article 1 of title 25, C.R.S. Said office and its powers, duties, and **functions are transferred by a type 2 transfer to the department of public health and environment and allocated to the division of administration as a section thereof.**

But when you examine the organic statute creating the office of the state chemist, nothing indicates that the office has **type 2** powers:

25-1-401. Office of state chemist created. The professor of food and drug chemistry in the department of chemistry at the university of Colorado shall be the state chemist of Colorado. The office and laboratory of the state chemist shall be in the department of chemistry at the university of Colorado. The office of state chemist shall be a section of the division of administration of the department of public health and environment.

To remedy this inconsistency, a section of a bill could read:

SECTION __. In Colorado Revised Statutes, 26-1-302, **amend** (1) as follows:

25-1-401. Office of state chemist created. The professor of food and drug chemistry in the department of chemistry at the university of Colorado shall be the state chemist of Colorado. The office and laboratory of the state chemist shall be in the department of chemistry at the university of Colorado. The office of state chemist ~~shall be~~ OPERATES AS A **TYPE 2** OFFICE AND IS a section of the division of administration of the department of public health and environment.

ADDENDUM E

To remove statutory language that is outdated, proposed legislation could repeal language relating to a **type 3** transfer that refers to the transfer of employees, records, and property from the department of administration, which was abolished in 1995.

Here is the language that transferred and then abolished the department:

24-1-128. Department of personnel - creation. (6) The powers, duties, and functions of the department of administration are transferred by a **type 3** transfer to the department of personnel, and the department of administration is hereby abolished.

The following section of the statutes details how, in 1995, the transfer of the department of administration to the department of personnel occurred. It could all be repealed, with an editor's note directing readers where this historical information could be found.

24-50.3-105. Transfer of functions - employees - property - records. (1) On and after July 1, 1995, the department of personnel shall execute, administer, perform, and enforce the rights, powers, duties, functions, and obligations vested prior to July 1, 1995, in the department of administration.

(2) (a) On and after July 1, 1995, all positions of employment in the department of administration concerning the duties and functions transferred to the department of personnel pursuant to section 24-1-128, this article, and article 30 of this title and determined to be necessary to carry out the purposes of these articles by the executive director shall be transferred to the department of personnel and shall become employment positions therein. The executive director shall appoint such employees as are necessary to carry out the duties and exercise the powers conferred by law upon the department and the office of the executive director. Any appointment of employees and any creation or elimination of positions of employment necessary to carry out the purposes of these articles shall be consistent with the plan for reorganizing state support services as set forth in part 2 of this article and shall be implemented after the plan or relevant portion of the plan has been presented to the state support services reorganization committee pursuant to section 24-50.3-202. Appointing authority may be delegated by the executive director as appropriate.

(b) On and after July 1, 1995, all employees of the department of administration whose duties and functions concerned the powers, duties, and functions transferred to the department of personnel pursuant to section 24-1-128, this article, and article 30 of this title, regardless of whether the position of employment in which the employee served was transferred, shall be considered

employees of the department of personnel for purposes of section 24-50-124. Such employees shall retain all rights under the state personnel system and to retirement benefits pursuant to the laws of this state, and their services shall be deemed continuous.

(3) On July 1, 1995, all items of property, real and personal, including office furniture and fixtures, books, documents, and records of the department of administration pertaining to the duties and functions transferred to the department of personnel are transferred to the department of personnel and shall become the property thereof.

(4) On and after July 1, 1995, whenever the department of administration is referred to or designated by any contract or other document in connection with the duties and functions transferred to the department of personnel, such reference or designation shall be deemed to apply to the department of personnel. All contracts entered into by the said departments prior to July 1, 1995, in connection with the duties and functions transferred to the department of personnel are hereby validated, with the department of personnel succeeding to all rights and obligations under such contracts. Any cash funds, custodial funds, trusts, grants, and any appropriations of funds from prior fiscal years open to satisfy obligations incurred under such contracts shall be transferred and appropriated to the department of personnel for the payment of such obligations.

(5) On and after July 1, 1995, unless otherwise specified, whenever any provision of law refers to the department of administration, said law shall be construed as referring to the department of personnel.

(6) All rules, regulations, and orders of the department of administration adopted prior to July 1, 1995, in connection with the powers, duties, and functions transferred to the department of personnel shall continue to be effective until revised, amended, repealed, or nullified pursuant to law. On and after July 1, 1995, the executive director shall adopt rules necessary for the administration of the department and the administration of the administrative support services transferred to the department pursuant to section 24-1-128, this article, and article 30 of this title. Any rules proposed by the executive director on and after July 1, 1995, necessary to carry out the purposes of these articles shall be consistent with the plan for reorganizing state support services as set forth in part 2 of this article and shall be adopted after the plan or relevant portion of the plan has been presented to the state support services reorganization committee pursuant to section 24-50.3-202.

(7) No suit, action, or other judicial or administrative proceeding lawfully commenced prior to July 1, 1995, or that could have been commenced prior to such date, by or against the department of administration or any officer thereof in such officer's official capacity or in relation to the discharge of the officer's duties, shall abate by reason of the transfer of duties and functions from said department to the department of personnel.

(8) (a) The executive director, or a designee of the executive director, may accept and expend, on behalf of and in the name of the state, gifts, donations, and grants for any purpose connected with the work and programs of the department. Any property so given shall be held by the state treasurer, but the executive director, or the designee therefor, shall have the power to direct the disposition of any property so given for any purpose consistent with the terms and conditions under which such gift was created.

(b) Pursuant to paragraph (a) of this subsection (8), the executive director, or a designee of the executive director, may expend gifts, donations, and grants that are custodial funds without further appropriation by the general assembly. Any gifts, donations, and grants accepted by the executive director, or the designee thereof, pursuant to paragraph (a) of this subsection (8) that are not custodial funds are subject to annual appropriation by the general assembly.

Finally, there are a few, 21-years-out-of-date, references to the department of administration sprinkled throughout the C.R.S. that the Statutory Revision Committee could update in legislation as well. For example:

SECTION __. In Colorado Revised Statutes, 17-24-106.6, **amend** (4) and (5) as follows:

17-24-106.6. Surplus state property. (4) Any moneys used to cover the administrative costs of the transfer of responsibilities with respect to surplus state property from the ~~department of administration~~ DEPARTMENT OF PERSONNEL to the department of corrections shall be transmitted to the state treasurer, who shall credit the same to the surplus property fund, which fund is hereby created, and such fund shall be subject to appropriation by the general assembly for the purposes of this section.

(5) Any moneys in any accounts or funds administered by the ~~department of administration~~ DEPARTMENT OF PERSONNEL that are derived from the administration of part 4 of article 82 of title 24, C.R.S., shall be transferred to the surplus property fund.

SECTION __. In Colorado Revised Statutes, 24-82-108, **amend** (3)(d) as follows:

24-82-108. State capitol building advisory committee - creation - repeal. (3) The advisory committee shall have the following duties:

(d) The advisory committee shall identify all furniture original to the state capitol building and create an inventory of such furniture. Any costs associated with identifying and inventorying furniture original to the state capitol building shall be paid with moneys raised through private sources and shall not be paid from the general fund. The department of personnel is hereby granted the authority to collect and use such moneys raised by private sources for the purpose of identifying and inventorying all furniture original to the state capitol building. The possession of all furniture original to the state capitol building shall be retained by the ~~department of administration~~ DEPARTMENT OF PERSONNEL and shall be made available for use in the state capitol building. The furniture original to the state capitol building shall remain in the state capitol building at all times.
