SB22-138 Reduce Greenhouse Gas Emissions In Colorado

Typed Text of Testimony Submitted

Name, Position, Representing	Typed Text of Testimony
Tony Gagliardi Against National Federation of Independent Business	<p>NFIB CO would like to go on record as opposed to Sb 22-138.</p> <p>While the prohibition of small gas powered engines was removed in the Transportation committee NFIB Colorado remains opposed. Sb 22-138 language is still over-reaching and detrimental to the economy of Colorado and jeopardizes Colorado's economy.</p> <p>At the present time NFIB CO has a special ballot out to Colorado members concerning the same issue.</p> <p>This committee will receive the results of that ballot as soon as it is completed.</p> <p>However, due to the intrusive and extreme nature of Sb 22-138 and potential economic impacts contained in the bill, NFIB CO opposes Sb 22-138.</p>
