

CENTER FOR ESTATE ADMINISTRATION REFORM

I am sending this note to give you an update on Mary.

Mary remains in a guardianship in Douglas County Colorado under the control of several local attorneys who are actively fleecing her estate. Her case number is 2021PR30002. Her home is being sold and her estate is being liquidated for the benefit of the attorneys and their network. Mary has been held in complete isolation in Assured Living Assisted Living Group Home since 9/1/21 in Parker, CO. Their number is (720) 909-8959.

What has happened to Mary is all too common in Douglas County and Colorado. The articles below illustrate the problems, and they are growing unchecked.

<https://coloradosun.com/2022/03/04/colorado-expand-adult-guardianship/>

<https://www.thedenverchannel.com/news/investigations/former-denver-court-clerk-blew-whistle-10-years-ago-about-conservatorship-system>

Sadly Mary is being exploited by predatory parties who have weaponized Douglas County Probate Court. We have no idea of Mary's current physical or mental welfare as those who do care about her are not allowed contact.

Kathleen Grisby, Mary's daughter, has been targeted by those who are exploiting Mary as discrediting and intimidating legitimate protectors is essential to their scams. Kathleen was Mary's successor trustee and DPOA/HCAD agent. She was the only person who had the formal ability to protect Mary once William died in December 2021.

After many failed attempts and the loss of more than \$20,000 Kathleen has finally found an honest and zealous attorney to support her attempts to save Mary. The attorney is John McKendree and his website is <http://www.mckendreelaw.com>

I have vetted hundreds of attorneys in the last 8 years working for victims nationwide like Mary. John is very good and sadly is in the 1% club of attorneys who can, and will, fight these perpetrators in a court room. Kathleen, and Mary, are very lucky to have John fighting for them.

John does not work for free. Kathleen is now living in a shelter, destitute, and in arrears by \$2,000 to Mr. McKendree. He will withdraw at the end of the month if he is not paid. I see his fees mounting to \$10,000 over the next 6 months.

Kathleen is asking for your financial support for her mother. If you can spare anything to help cover this bill for Kathleen it would be appreciated. If you care about Mary, she needs you to dig deep.

CEAR will continue to advocate for Mary for free. We do this as elevating her odyssey and demanding reforms will hopefully motivate Colorado leadership to demand changes that protect people like Mary.
