

HB22-1361 Oil And Gas Reportingnavegar to Samantha Falco 04/20/2022 09:10 AM

I am a retired environmental attorney. I have been a resident of Colorado for the past 5 years. I am filing this testimony to support adoption of HB22-1361 Oil And Gas Reporting.

Colorado should enact this legislation to enhance oversight of oil and gas operations within the state.

My experience as an environmental attorney has convinced me that good intentions are not enough. Owners and operators of oil and gas wells, and related storage, transport and refining systems may not intend to produce or release pollution, but if they fail to monitor and track their operations, we can be sure that their control of those operations will be inadequate to prevent attendant pollution.

Adopt HB22-1361. We will only control what we track.

Respectfully submitted
