Please see a staff person for any questions regarding written testimony.

Bill: SB20-84

Date: 02/10/20

Why are we discriminating against people who are forced to take the 2,500 times more mercury than allowed then a 12 oz glass of water to keep the job? The flu vaccine is 9-29% efficient. We also are forcing to take the MMR which has high risks of febral seizers which is what I had. The nurses that in the morning get the flu shot go to work and give the disease to other people. Please vote yes on SB20-84
