Representative Kagan

Dear Members of House Judiciary,

On behalf of the Colorado Retail Council, I respectfully request your consideration of this letter as a demonstration of our support for HB16-1308. Our membership includes stores that offer both grocery and retail products, including Safeway, King Soopers, Wal-Mart, and Target. We fully support current law enforced by both the Colorado Department of Health and the Americans with Disabilities Act, and feel that HB16-1308 is an important addition to current regulations in order to minimize the confusion for retailers when it comes to enforcing both state Health regulations and ADA compliance requirements. We understand that there are unfortunate cases of misrepresentation of both service animals and service animals in training that can hinder the citizens who train these animals as well as those who rely on their trained animals for help. We ask for your support in this matter by voting in favor of HB16-1308.

Sincerely,

A handwritten signature in cursive script that reads "Ann Clement". The signature is written in black ink and is positioned above the printed name and title.
