HB26-1188 Sunset Process Securities Regulation

Typed Text of Testimony Submitted

Name, Position, Representing	Typed Text of Testimony
Davon Williams For themselves	<p>Chair and members of the Committee,</p> <p>My name is Davon Williams, and I am a candidate for Colorado House District 3, representing communities in Denver and Arapahoe County. I am writing in support of HB26-1188.</p> <p>This bill continues the regulation of securities in Colorado by extending the Division of Securities and the Securities Board following the department’s sunset review, while making targeted updates to improve how the system operates.</p> <p>Maintaining a clear and consistent regulatory framework is important for both investor protection and market stability. Sunset reviews provide an opportunity to evaluate whether programs are functioning effectively, and this bill reflects that process by continuing oversight while making specific adjustments.</p> <p>HB26-1188 includes practical updates, such as clarifying licensing requirements for investment advisers and refining how certain regulatory communications are handled. These types of changes help improve clarity and consistency without introducing unnecessary complexity.</p> <p>As someone with experience in business and property ownership, I understand the importance of predictable regulatory environments. Clear expectations and consistent oversight support both compliance and confidence in the marketplace.</p>

	<p>This bill represents a continuation of necessary oversight with measured improvements based on review.</p> <p>For these reasons, I support HB26-1188.</p> <p>Thank you for your time and consideration.</p> <p>Best, Davon Williams</p>
