

Hartman residents sign petition
in favor of Bill SB 157.

The downfall of the town of
Hartman was caused by the
infighting and the assault of two
Trustees. After the meeting on
Jan 13, 2026 a physical altercation
took place. Two town residents
assaulted the Trustees. One of
the Trustees was sent to hospital.
The infighting in the town
of Hartman started ^{after} Simmons
resigned approximately 14 years
ago. The council that preceded
them did nothing to maintain
or have inspections done on
water system.

The majority of residents
of Hartman are in favor
of the Bill SB 157.

They want to be assured
that we have water until
a long term solution is
found.

For Bill 58157
