Ellie Vaughter For Peace Corps	<p>I believe that Peace Corps volunteers should be able to attend higher education without paying out of state tuition. They should be given the opportunities of a state resident even if they haven't lived in the state the required time. They have served our country and deserve some benefits from the service.</p> <p>Actually, I would like to see young people from other countries, influenced by a Peace Corps Volunteer, be able to attend any college in the USA at a reduced tuition in order to have an American education.</p> <p>I personally know several young people who would like to come to the US to attend college, but they cannot afford it.</p> <p>Ellie Vaughter Served in Romania 2011 to 2013.</p>
