SENATE
Amended 2nd Reading
April 25, 2016

- ! Local government permanent fund (**section 4**);
- ! Local government mineral impact fund (section 4); or
- ! Local government severance tax fund (**section 5**).

In addition, the governor is prohibited from restricting the money in each of these funds from being used as required by law for the purpose of saving the restricted money for a future transfer to the general fund.

For purposes of preparing the annual general appropriation act, **section 1** of the bill limits the joint budget committee's ability to use money in the mineral severance fund for any purpose that is not authorized by law or that does not benefit the political subdivisions impacted by the severance of minerals, and **section 3** imposes the same limitation on the governor when he or she proposes an annual executive budget. Section 1 also restricts the joint budget committee from introducing legislation to waive this limitation.

Section 5 changes the allocation of the money in the local government severance tax fund. The proportion of the fund used for direct distributions is increased from 30% to 60%, and the proportion of the fund used for grants is decreased from 70% to 40%. In addition, the executive director is restricted to only giving a grant to a political subdivision that received more than \$200,000 from its direct distribution in the prior state fiscal year.
