the provider satisfies the financial responsibility requirements for permit holders, provides satisfactory proof of an agreement with the department of health care policy and financing or its agent, and provides such additional information as the commission may require. The bill also establishes that a limited regulation permit is valid for one year after issuance.

9 (1) To implement this act, the appropriation made in the annual general
10 appropriation act for the 2016-17 state fiscal year to the department of
11 health care policy and financing for medical services premiums is
12 decreased by \$71,954, which consists of \$69,405 from the general fund
13 and \$2,549 from the hospital provider fee cash fund created in section
14 25.5-4-402.3 (4) (a), C.R.S.

15 (2) The figure shown in the federal funds column in the annual

17 department of health care policy and financing for medical services
18 premiums is decreased by \$143,317. The decrease in subsection (1) of
19 this section is based on the assumption that the federal funds received by
20 the department will decrease by this amount.

21 (3) For the 2016-17 state fiscal year, \$59,578 is appropriated to
22 the department of health care policy and financing for use by the
23 executive director's office. This appropriation is from the general fund
24 and is subject to the "(M)" notation as defined in the general

27 regulatory agencies for regulation of Medicaid transportation providers.

1 (4) For the 2016-17 state fiscal year, the general assembly
2 anticipates that the department of health care policy and financing will
3 receive \$18,750 in federal funds for transfers to the department of
4 regulatory agencies for regulation of Medicaid transportation providers.
5 The appropriation in subsection (3) of this section is based on the
6 assumption that the department will receive this amount of federal funds.

7 (5) For the 2016-17 state fiscal year, \$2,636 is appropriated to the

9 investigation. This appropriation is from the Colorado bureau of
10 investigation identification unit fund created in section 24-33.5-426,
11 C.R.S. To implement this act, the bureau may use this appropriation for
12 operating expenses related to identification.

13 (6) For the 2016-17 state fiscal year, \$23,753 is appropriated to

16 regulatory agencies from money received from the department of health
17 care policy and financing under subsections (3) and (4) of this section and
18 is based on an assumption that the department of law will require an
19 additional 0.1 FTE. To implement this act, the department of law may use
20 this appropriation to provide legal services for the department of
21 regulatory agencies.

22 (6) For the 2016-17 state fiscal year, \$8,755 is appropriated to the
23 office of the governor for use by the office of information technology.
24 This appropriation is from reappropriated funds received from the public
