Joint Budget Committee. The bill modifies the allocation of cash fund revenues to various health-related programs as follows:

- ! The allocation of revenues annually received by the state pursuant to the tobacco litigation settlement (settlement moneys) is modified and streamlined by replacing the current 2-tier allocation system that includes both percentage-based and fixed amount allocations of settlement moneys with a single set of exclusively percentage-based allocations and replacing settlement moneys funding for specified programs with marijuana tax cash fund funding;
- ! An additional allocation of settlement moneys is made to the university of Colorado health sciences center for the sole purpose of funding cancer research; and
- ! On July 1, 2016, \$20 million is transferred from the children's basic health plan trust to a newly created accountable care collaborative fund on July 1, 2016, for the purpose of funding department of health care policy and financing (HCPF) rate incentives for primary care medical providers, other than providers who are reimbursed on a cost-basis, in the accountable care collaborative established by HCPF.

The bill also makes and reduces various appropriations in order to accomplish its purposes and repeals various obsolete statutory provisions relating to the past allocation of settlement moneys and past transfers to and from cash funds.
