**Summary of Legislation**

This bill requires the Office of the State Auditor (OSA) to conduct an audit of three community-centered boards (CCBs) at least once every five years. To select CCBs for auditing, the OSA must divide CCBs into three sub-groups, based on the number of clients served, with new CCBs added to one of the three sub-groups. One CCB from each sub-group must receive an audit at least once every five years. The OSA must submit a written report of each audit to the Legislative Audit Committee. The bill specifies that boards are now subject to the Colorado Local Government Audit Law and the requirements of the audits described above.

**Background**

A CCB is a private corporation or non-profit entity that supports access to long-term services through Medicaid waivers for individuals with intellectual and developmental disabilities. These waivers require CCBs to coordinate services for clients in the least restrictive setting possible with the goal of keeping them in their homes and communities as an alternative to institutional care. Currently there are 20 CCBs.

**State Expenditures**

Beginning in FY 2016-17, this bill increases workload for the OSA by a minimal amount to conduct three audits over the next five years. While the audits may reduce staff available for other discretionary audits, no adjustments in appropriations are required at this time.

## Effective Date

The bill was postponed indefinitely by the House Public Health Care and Human Services Committee on April 12, 2016.
