is directed to adopt rules concerning the administration of the program, including participation criteria, guidelines, and award amounts. At a minimum, a juvenile in the program must maintain an outstanding academic record during each academic term and make continual progress in therapeutic or other programs he or she is assigned to. Rules for the program must state that the incentive money may only be used for educational purposes, independent living expenses, restitution expenses, or other expenses approved as necessary and valid by the juvenile's case manager.

The department shall credit and hold in trust any incentive money awarded to a juvenile to that juvenile's account, if he or she has one established. If the juvenile does not have an account established, the department shall establish an account for a juvenile at such time as he or she begins to earn incentive awards through the program.

The department is authorized to accept gifts, grants, and donations for the purposes of the program.
