Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at <http://leg.colorado.gov>.)

If specified, if licensed securities professionals (qualified individuals), while acting within the scope of their employment, reasonably suspect that an elderly or at-risk person is the subject of financial exploitation, the bill requires the broker-dealer or investment adviser to report to the commissioner of securities (commissioner). The commissioner is required to forward the report to local law enforcement

and to the department of human services. The commissioner has access to records to conduct an investigation, but the records are not subject to an open records request.

The bill also authorizes the qualified individual to notify any third party designated by or associated with the elderly or at-risk person of any suspected financial exploitation. It also authorizes the broker-dealer or investment adviser to delay disbursement of a transaction that might result in financial exploitation.

The bill provides immunity to qualified individuals, broker-dealers, and investment advisers making reports, disclosures, or delaying disbursements under the bill.

For qualified individuals who are also required to report mistreatment of an elderly or at-risk person pursuant to the "Colorado Criminal Code" (code), the bill clarifies that, if the individual makes a report pursuant to the code, the individual does not have to submit a report with the commissioner, and that filing a report with the commissioner does not satisfy the individual's obligation pursuant to the code.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** The general assembly
3 finds and declares that:

4 (1) Financial exploitation is the fastest-growing category of elder
5 abuse in many states;

6 (2) According to the 2010 Investor Protection Trust Elder Fraud
7 Survey, one out of every five citizens sixty-five years of age or older has
8 been victimized by a financial fraud;

9 (3) This act is modeled on legislation proposed by the North
10 American Securities Administrators Association;

11 (4) The Colorado commissioner of securities and the Colorado
12 division of securities are committed to protecting retail investors and are
13 well-positioned to intercede on behalf of vulnerable persons;

14 (5) However, to be successful in combating financial exploitation,
15 the commissioner and the division must be made aware of the exploitation

1 at the time that it occurs;

2 (6) Mandatory reporting by persons licensed by the division of
3 securities ensures that the division is alerted to cases of potential financial
4 exploitation as early as possible, when intervention may be able to
5 prevent harm or limit the damage to victims of financial exploitation;

6 (7) A mandatory reasonable-belief reporting requirement, coupled
7 with immunity for reporting, provides an appropriate balance of
8 incentives to encourage licensed securities professionals to report
9 potential financial exploitation;

10 (8) It is also important that licensed securities professionals are
11 aware of the reporting requirement and educated on the signs of suspected
12 financial exploitation; and

13 (9) It is appropriate for the commissioner of securities to develop
14 training programs on financial exploitation and to consider establishing
15 by rule requirements for securities professionals to complete training in
16 this area.
