Points to Consider

General Fund Impact

The Joint Budget Committee has proposed a budget package for FY 2016-17 and FY 2017-18 based on the March 2017 Legislative Council Staff revenue forecast. For FY 2016-17, existing appropriations exceed available General Fund revenues so the budget includes legislation to reduce the statutory General Fund reserve by \$44.7 million. Fo FY 2017-18, the budget package allocates a total of \$12.5 million General Fund for 2017 legislation that is not accounted for in the budget package, including \$11.7 million to be available for appropriations plus \$0.8 million for the associated 6.5 percent statutory reserve. If this amount is not used to fund legislation, it will remain in the General Fund reserve.
